Mead,1999 The people of Tuaranga and the surrounding area are shocked to discover that a taniwha has taken up residence in a cave near a busy track When the son of an important chief is carried off they decide it s time to rid themselves of this menace Many plans are made but time after time the taniwha outwits them Suggested level intermediate secondary **Aho Mutunga Kore** Miriama Evans,Ranui Ngarimu,2005 This is a beautifully presented book featuring some stunning images and concise accounts of the concepts and values of traditional and contemporary Maori weaving Featuring some of New Zealand s foremost Maori expert weavers The Eternal Thread The Art of Maori Weaving celebrates innovation and development of weaving and plaiting as art forms in modern times while acknowledging the technology developed by weavers through the past centuries **Touring Pacific Cultures** Kalissa Alexeyeff,John Taylor,2016-12-15 Tourism is vital to the economies of most Pacific nations and as such is an important site for the meaningful production of shared and disputed cultural values and practices This is especially the case when tourism intersects with other important arenas for cultural production both directly and indirectly Touring Pacific Cultures captures the central importance of tourism to the visual material and performed cultures of the Pacific region In this volume we propose to explore new directions in understanding how culture is defined produced experienced and sustained through tourism related practices across that region We ask how is cultural value ownership performance and commodification negotiated and experienced in actual lived practice as it moves with people across the Pacific This collection is a welcome addition to tourism studies or perhaps we should say post or para tourism The essays bring out many facets and experiences too quickly bundled under a single label and focused exclusively on destinations visited by outsiders Tourism we see here actively involves many different populations societies and economies a range of local global regional engagements that can be both destructive and creative Western outsiders aren t the only ones on the move Unequal power neo colonial exploitation and capitalist commodification are very much part of the picture But so are desire adventure pleasure cultural reinvention and economic development The effect overall is an attitude of alert critical ambivalence with respect to a proliferating historical phenomenon A bumpy and rewarding ride James Clifford Professor Emeritus University of California Santa Cruz *The Sea Walks into a Wall* Anne Kennedy,2021-10-14 A biting new collection by award winning poet Anne

Kennedy In The Sea Walks into a Wall the natural world around us hits back The sea crashes its glass onto the bar You watch from afar You d take it all back if you could Everything You d go down there and you d And talks back too If I m fucked you re coming with me Sincerely the stream From rainy Ihumatao to London s Kew Gardens in the face of seas and streams ducks and dogs black drops and bureaucracies humans bumble through Without distractions you d rush through your life like chi through an empty room You bump into a baby and that takes up eighteen years Love fills the room like a maze Intelligent playful witty and innovative these poems bite where it hurts
