balance their personal and professional lives      Growing Up With Bach Flower Remedies Judy Howard,2011-08-31 Bach Flower Remedies is a system of natural healing for the relief of negative attitudes and moods which not only hinder one's enjoyment of life but are regarded as contributory factors in the cause of physical and emotional suffering. They were discovered during the 1930s by the late Dr Edward Bach, an eminent physician who devoted his life to the cause and cure of disease. The result of his life's work were 38 harmless remedies made from nonpoisonous plants and herbs of the countryside, each pertaining to aspects of human nature, personality and states of mind. The Bach Flower Remedies have deservedly earned themselves a reputation of excellence and are now used extensively throughout the world. *Growing Up with Bach Flower Remedies* shows how the system of healing can help babies, children and adolescents during the turbulent years of youth. The book takes the reader through all the stages of childhood, including developmental progress, illness, schooling, behavior, puberty, examinations and the various other milestones when emotional support is needed. *Growing Up with Bach Flower Remedies* is a book designed for parents but also makes an excellent source of reference for therapists, teachers, nursery nurses, grand parents and guardians, anyone who has an active interest in caring for children of all ages.      *Potty Train Your Child in Just One Day* Teri Crane,2006-06-06 Finally a fun, easy to use guide to potty training any child in just ONE DAY. Just think from the time babies are born until they are toilet trained, they use an average of 4,000 diapers. *Potty Train Your Child in Just One Day* is the helpful guide you've been waiting for to get your child out of diapers and turn the potentially terrifying process of toilet training into an effective and enjoyable bonding experience with your child. Teri guides parents to the successful one day potty training of their child by teaching them how to look for the signs that your child is ready to be potty trained. Make the potty connection by using a potty training doll. Create incentive through consistent positive reinforcement. Use charts, quizzes and checklists to help with every step of potty training. Know when it's time to bring in a potty pinch hitter. Complete your potty training, no more accidents. Once Teri teaches you her techniques, she shares her secret potty parties. She has carefully designed twelve imaginative themes for parties such as a seriously silly circus, a cartoon character carnival or a magic carpet express and supplies parents with everything they will need. Teri has proven that a potty party day engages a child in potty training in a way that no other method has before by speaking a toddler's language. A party may translate to fun games, cake, candy, presents and prizes to a child, but with Teri's expertise, parents can use it as a tool to motivate their child to want to go to the bathroom and to keep on going. That's why it works in just one day.
