was conceived four years ago almost to the day at a time when I was teaching fiddle and mandolin in New York City It was my idea then with my students in mind to compile a book of the most often played most important and most interesting fiddle tunes from the various Celtic and North American traditions The tunes were chosen by cataloging a large number of recordings by tune title A tally was taken to find out which had been recorded most often This established a foundation of material that could not be left out To this list I added the names of other pieces which had not been recorded as frequently but which I knew were played regularly and with respect I admit to sprinkling the collection with a few lesser known tunes which happen to be personal favorites but I am sure they will hold their own when placed next to the old war horses of the fiddler's repertoire Although I started out with my students in mind this book has turned out to be the book that I've always wanted and I hope that it will serve the advanced player as well as the beginner      *The Fiddler's Almanac* Ryan J.
