authenticity Awaken Your Authentic Self is a book to reconnect you with the core of your essential self It is a move away from whom you should be espoused by popular culture The book invites you to reconnect with the deepest part of your being which knows who you are and how you should live We are encoded with the DNA to thrive Yet through cultural conditioning and paradigms we lose our place to the pull of our external environment We subscribe to ideologies and beliefs regarding who we should be because we want to be accepted This comes at a cost to our self worth since we give up an aspect of ourselves and lose our authenticity However standing out has become a rite of passage insofar as the clothes one wears hair color body piercings and decorations It may be viewed as a show of defiance instead of a proclamation of distinction You have more power than you realize More genius than you can imagine More wisdom and knowledge than you can ever access This is not a patronizing statement to seduce you into a false belief You have unlimited power and accessing that power is the basis to Awaken Your Authentic Self When you let go of the false belief that you are lacking or inadequate in that moment you arouse your potential Who you are today results from your beliefs thoughts and ideas of the world Unless you challenge the status quo you remain one of the masses One has only look to mainstream culture to see the effects the media and marketing hype have on our society We are drawn into a fictitious way of life at the expense of our sanity and earned dollars

Here s the reason why in addition to my personal story I wanted to insert a substantial analytical motivational section complete with examples anecdotes and practical exercises I like to say that finally a book has been written by a common swimming pool participant who for health reasons found himself having to learn to swim as a grown up facing the typical sports learning difficulties faced by adults How I got fit by learning to swim is a varied book funny and most of all useful
