Effective Learning and Teaching in Business and Management Bruce Macfarlane, Roger Ottewill, 2013-10-11 Written to meet the needs of teachers lecturers and tutors working at different levels and in many situations this is the guide to surveying and understanding the key issues best practices and new developments in business and management studies Teaching in this field is a multi faceted experience The authors use an international perspective and support a wide range of situations by concentrating on five key areas the teaching and supporting of learning the design and planning of learning activities assessment and giving feedback to students developing effective learning environments and student learning support systems reflective practice and professional development Practical and clear this book will prove an invaluable guide for all those with an interest in developing business and management education and is essential reading for all those looking for professional accreditation

for recognition of their teaching It is also indispensable for the less experienced teacher seeking material for reflection and advice *Resources in Education* ,1998 Understanding And Facilitating Adult Learning Brookfield, Stephen,1986-06-01 This book provides a critical examination of the myths surrounding adult education and its practice *The Role of Leadership Educators* Kathy L. Guthrie,Daniel M. Jenkins,2018-02-01 Leadership as a discipline leadership education as a field and leadership educator as a profession are still in their infancy and rapidly evolving As professionals in higher education we are constantly asked to provide opportunities for students to learn leadership whether that is inside or outside of the classroom However very little if any professional development occurs in how to create such learning opportunities This book provides resources for leadership educators in three sections The first section sets the stage for leadership education and the professional work of leadership educators culminating with a variety of professional development resources for leadership educators The second section introduces a leadership learning framework provides characteristics and examples of strong leadership programs and assessment practices and describes the transformative practice of leadership education The third and final section offers specific instructional and assessment strategies ranging from discussion case study and reflection to team based and service learning to self assessments role play simulation and games to fulfill learning outcomes

Knowledge Management and Learning Organizations Carolina Machado,J. Paulo Davim,2021-04-26 This book focuses on knowledge management and learning organizations showing how they realise entrepreneurship and innovation Understanding knowledge management as the process of creating sharing and managing an organization s information and knowledge and focusing learning organizations in their collaborations to promote continuous learning are two issues that are critical to the organizational success As such this book offers insights into the topic and the appropriate use of the tools and strategies that drive competitive organizations operating on an international or transnational scale Creating An Accelerated Learning School Mark Lovatt,2001-06-01 This book describes how an ordinary high school set about incorporating accelerated learning into its teaching practices and policies Headteacher Derek Wise provides a macro view of the process discussing the changes made across the whole school Head of Science Mark Lovatt provides a micro view looking at ways to use accelerated learning in the classroom Their experiences provide useful reading for any school wishing to improve the learning quality of its students Several case studies are included to show how accelerated learning techniques can be applied to different subjects Starting to Teach in the Secondary School Susan Capel,Marilyn Leask,Tony Turner,Ruth Heilbronn,2004-08-02 Seventy per cent of newly qualified secondary teachers say that they are well prepared for certain aspects of teaching their specialist subject such as planning selecting resources and assessing their own teaching and yet feel very much less prepared in other professional areas This second edition tackles all the issues that new teachers find difficult It builds on the skills and knowledge they will have learned on their initial teacher education or PGCE course and offers a planned process of professional development and includes chapters on managing yourself and your workload

working as part of a team developing teaching and learning strategies challenging behaviour in the classroom assessing recording and reporting values and Citizenship Education the school sixth form and the growth of vocational qualifications continuing professional development The book can be used either as a stand alone companion for newly qualified teachers or as a follow on from the editors successful text book Learning to Teach in the Secondary School also published by Routledge
