having fun not working At least not during the creation phase Study rules learn rules memorize rules there s one more step Internalize rules Well actually there s another step after that Break rules But do it deliberately not out of ignorance In the process of all this work you ll find your own unique writing voice Without that there s no point in writing at all Creative Writing Dianne Doubtfire,Random House,1986-09-01 **How to Craft a Great Story** Chris Sykes,2013-09-27 LEARN HOW TO PLOT AND STRUCTURE YOUR CREATIVE WRITING How to Craft a Great Story takes you step by step through the process of creating a compelling and coherent plot and structure It covers such basics as the traditional story arcs and such advanced information as finding balance and marrying structure and form Each chapter contains a diagnostic test case studies practical exercises and Aide Memoire boxes Each chapter concludes with a reminder of the key points of the chapter Focus Points and a round up of what to expect in the next Next Step will whet your appetite for what s coming and how it relates to what you ve just read Covering some of the most commonly raised questions in creative writing courses it is perfect for anyone who needs the next step on from the basic how to write a novel ABOUT THE SERIES The Teach Yourself Creative Writing series helps aspiring authors tell their story Covering a range of genres from science fiction and romantic novels to illustrated children s books and comedy this series is packed with advice exercises and tips for unlocking creativity and improving your writing And because we know how daunting the blank page can be we set up the Just Write online community at tyjustwrite for budding authors and successful writers to connect and share Write a Novel and Get It Published: A Teach Yourself Guide Nigel Watts,2010-07-12 Write that dream novel today Write a Novel and Get It Published covers everything from story arcs and themes to characterisation and language and offers plenty of practical advice for when you face that dreaded writer s block It also gives you practical writing exercises to refine your skills Additionally it guides you toward available creative writing courses and plenty of further reading resources After the reading the book you will have a solid framework that will give you the knowledge and confidence not only to write a novel but to be published One five and ten minute introductions to key principles to get you started Lots of instant help with common problems and quick tips for success based on the author s many years of experience Tests in the book and online to keep track of your progress Extra online articles at teachyourself com to give you a richer understanding of how to write a novel Author was an experienced creative writing instructor in addition to being a successful novelist Contains fully updated listings of writing courses and additional resources Topics include Introduction Beginnings Plot The eight point arc Sub plot and symbolism Character Dialogue Viewpoint Setting the scene Style Theme Editing and shaping The personality of the writer Support Marketing Taking it further reading websites and courses **Get Started in Creative Writing: A Teach Yourself Guide** Stephen May,2014-05-28 First published in UK 2008 by Hodder Education First published in US 2010 by the McGraw Hill Companies Previously published as Teach yourself creative writing T p verso Get Started in Creative Writing: Teach Yourself Stephen May,2014-03-28 Get Started in Creative Writing will help writers at the very beginning of their creative journey to
