The Book of Miracles Josie RavenWing, 2002 How do we learn to believe that White people are smarter better and more beautiful than Black people This book The Belief Factor and the White Superiority Syndrome explains how both Blacks and Whites acquire the White Superiority Syndrome a belief or sense that White people are superior to Black people This book explains how the White Superiority Syndrome is a direct fall out of the religious icons and teachings of Christianity that place one aspect of the Deity the God force of life in the form of a white male humanoid This book explains that absent some intervening agent or action the picturing of God as a White Male humanoid is the root catalyst leading to a sense of superiority and racism on the part of many White people and to a sense of inadequacy and inferiority on the part of many Black people The book makes it clear that the racial discriminations that are learned are not necessarily directly taught but are acquired subliminally from the belief system its props and the societal milieu This book details a process that will neutralize the subliminal learning that now leads to the White Superiority Syndrome This book notes it is the Black man s burden to change certain aspects of his adopted Christian belief system and of his way of seeing God if he ever wishes to free himself of the inevitable sense of inferiority that he now experiences and to eliminate the roots of racism The Belief Factor and the White Superiority Syndrome is a must read for students and teachers of race relations social stratification student achievement and urban education and for all Christians both Black and White who want to understand why their religion has not yet freed them from racism Readers will gain insight into and a better appreciation for the everyday power and politics of the mind

Your Unique Consciousness Dr. Anthony J. Emmett,2023-03-20 The story of consciousness describes the mystery we are where we come from before birth and where we go after death and the thinking both in our body mind and subconscious and beyond it It is the dimensions of rational awareness of mind and heart we use for our ego and creative life on earth and in other dimensions around us Imagine that you have an all pervading higher intelligence within in your many layered consciousness How we employ it for this dynamic life with love and the ways it works make you

the self you are Consciousness is an energy which comes into the brain of the embryo to activate the mind for this life it functions at many levels The level we call the heart is an influence emotionally with love and loving Consciousness radiates and the way it relates in us and beyond is the story of our lives We can use this to great effect with certain techniques We are alive in several levels of consciousness **John of God** Cristina Rocha,2017 This book investigates the growing number of Western followers of John of God a faith healer who has drawn hundreds of thousands of people including Oprah Winfrey to his healing center in Brazil by purportedly performing miraculous surgeries on people with a kitchen knife and no anesthetics Drawing on multi sited fieldwork throughout Brazil the US UK Germany Australia and New Zealand Cristina Rocha examines the social and cultural forces that have made it possible for an illiterate mostly unknown faith healer in Brazil to become a global guru of the 21st century *The Joy and Power Of Your Eternal Self* Dr Anthony J Emmett,2023-03-22 Learn about your inner connections Keep your faith but learn to see things in a new way you are never alone and inspiration guidance and hope are never far away We are all one in spirit You are able to connect into your Eternal Self energy and abolish fear and worry and to utilise the subconscious aspects of your mind to transform your life You have the Eternal Spirit of God within know that and remember the love peace and happiness of your soul That which you seek you already are for God is all things and you are that *POWER OF THE MIND KNOW YOURSELF* Dr. Anthony Emmett,2024-01-03 POWER OF THE MIND Know yourself the real you within your layers of thinking The unknown potential which exists in each of us lies in our Unconscious mind As a medical doctor and plastic surgeon I had observed the way a patient s health and well being was influenced by the thoughts they held in their mind especially their Subconscious and the deeper levels of that Appreciation of Surgical results can be closely affected by the Self Image Body healing is run from the Unconscious mind But how we feel about results is influences from the Subconscious Later when I retired from surgery and retrained as an artist I was given skilled help for a couple of years to explore in deeper levels of Consciousness I had the intuitive desire to know who I really was beyond the family identity I was born with I had found in childhood the ways knowing could just arrive and sought the source when given the opportunity The Subconscious is a working part of our everyday life and we use it all the time without knowing We are more influenced from the Unconscious mind than we may realise We each Have these 4 basic levels in our system which we explore through the book Our real identity and meaning is to be found in these deeper levels of Consciousness hidden away from the world If you want to know more of your own meaning then look within your Self For it is all there stored in the Unconscious levels of your mind **John of God** Heather Cumming,Karen Leffler,2007-07-01 I am the happiest man in the world because God entrusted me with this mission In John of God The Brazilian Healer Who s Touched the Lives of Millions a seemingly average rancher from Abadi nia Brazil offers a powerful message of love compassion and hope for humanity Jo o Teixeira de Faria the healer and medium known as John of God allows spirit doctors to take over his body three times a week to miraculously treat the thousands of people from all over the world who come in need of remedy

John of God has fulfilled his mission as a medium for more than forty eight years making numerous pilgrimages around the world Drawn by the hope of instantaneous healing over eight million believers have proceeded in front of him throughout his life as tens of thousands journey to Brazil each year to see John of God and his home the Casa de Dom In cio de Loyola which is designed to accommodate hundreds of visitors each day Despite all the media attention paid to this inter nationally praised healer little has been revealed about his personal life Translator Heather Cumming and photographer Karen Leffler have traveled with John of God and chronicled his life and work What began as an endeavor to document the testimonials of his remarkable healings has now become the first complete authorized portrait of his world Stirring words and vivid photographs many of which capture the haunting spiritual energy that surrounds John of God and the Casa take us on an affecting and deeply personal journey with the humble medium who offers hope for people with none The result is an intimate portrait of an ordinary individual in extraordinary circumstances and a reading experience that will bring readers of every persuasion closer to their faith To learn more about John of God and his mission go to www.beyondword.com and www.friendsofthecasa.org **Secure** Dr. Anthony Emmett,2024-08-28 You are more than you appear That changing body you see each day is not the real you We are now able to understand more of how we are influenced from the unconscious mind in everyday life The author had been a plastic surgeon for over 30 years teaching and researching and studied the way people saw themselves and understood their role in life Your body which dies and becomes a corpse is only one part of your identity and it is a mistake to think it is the sole abode you occupy the sole meaning of your individual self Your real meaning occupies a wider and deeper space but it is invisible as are the energies you come with and go to those energies you unconsciously utilize daily which surround you and link you to eternity Sigmund Freud investigated the subconscious for treating mental illness Carl Jung talked of the universal unconscious communicating to us through dreams and described the way dreams can talk to us using symbols in a non logical sequence Jung became a bridge between Eastern Mysticism and Western Christian beliefs While exploring past lives to understand influences that had been coming to him from childhood the author encountered a higher spiritual entity opening the road of ongoing discovery He embarked on a 20 year journey exploring higher consciousness and the life death life process We see how love happiness forgiveness and laughter are able to promote bodily health We examine the role of intuition dreams beliefs spiritual healing and mental telepathy and the way they are working through the unconscious mind and the way the universal law of attraction is so effective Our deeper levels of consciousness open to the eternal spirit in each of us which is an unfolding story relating science and medicine to the gift of life We grow and learn to look within to find our destiny **Black Smoke** Margaret De Wys,2014-05-14 A diagnosis of cancer leads to healing and transformation in the Amazon jungle Explains in vivid detail De Wys s experience of being healed from cancer through visionary ayahuasca rituals in Ecuador Describes her apprenticeship and relationship with the shaman who cured her Explores the ways this spiritual medicine can heal the emotional origins of disease now plaguing our modern

technological culture Chosen as one of the Top 10 Books of the New Edge by Jonathan Talat Phillips on The Huffington Post When composer and Bard College music professor Margaret De Wys learned she had breast cancer the diagnosis shattered her comfortable life Seized by fear crushed by existential loneliness she couldn't respond when her loved ones reached out to her To everyone's concern the illness propelled her away from her family and deep into the Amazon to work with Carlos a charismatic Shuar shaman and master of medicina milenaria an ancient mystical tradition with a highly sophisticated and precise technology of healing In Black Smoke De Wys writes of her amazing encounter with Carlos as he guided her into a world of potent visionary plants harrowing initiations ritual purification and miraculous healings including the complete disappearance of her cancer It was as Carlos called it the path of the warrior Sharing a journey not only through cancer but also through self transformation De Wys provides an intimate inside look at the shamanic ceremonies of ayahuasca and the ways this spiritual medicine can heal the emotional origins of disease now plaguing our modern technological culture Capturing her physical emotional and holy voyage through a world that differs vastly from our own in its perception of healing and wholeness she offers a revealing chronicle of spiritual insight and a trenchant exploration of the limits of idealism She not only provides a probing look at how our society can learn and benefit from indigenous wisdom but also weaves a cautionary tale about how potentially dangerous it is on both sides to try to cross those frontiers
