Supreme Court, 1903 *The Ancient Library of Qumran* Frank Moore Cross, 1995 Since the first publication of this book in 1959 it has become a classic It is a sober and objective account by a scholar who has taken a leading part in the editing and evaluation of the Qumran texts The book opens with an account of the history of the finds and each subsequent chapter deals with a single but major area of scroll research Each records an attempt to achieve in a given area a synthesis or at least a systematic interpretation of the facts now available Old and new published and unpublished data are drawn upon For this revised edition the history of the finds has been updated to the present and a final chapter has been added detailing some of the author's views of and reactions to recent discussions and publications not found in the earlier editions *Vital Records of Norwich, 1659-1848* Norwich (Conn.), 1913 **The Literary Construction of the Other in the Acts of the Apostles** Mitzi J. Smith, 2011-01-01

Too often the negative characterization of others in the biblical text is applied to groups and persons beyond the text whom we wish to define as the Other Otherness is a synthetic and political social construct that allows us to create and maintain boundaries between them and us The other that is too similar to us is most problematic This book demonstrates how proximate characters are constructed as the Other in the Acts of the Apostles Charismatics Jews and women are proximate others who are constructed as the external and internal Other
