Proffitt**

## **The Official Sloane Ranger Diary The First Guide To The Sloane Year:**

**The Official Sloane Ranger Diary** Ann Barr, Peter York, 1983      The fall and rise of the English upper class Daniel R. Smith, 2023-04-18 The fall and rise of the English upper class explores the role traditionalist worldviews articulated by members of the historic upper class have played in British society in the shadow of her imperial and economic decline in the twentieth century Situating these traditionalist visions alongside Britain's post Brexit fantasies of global economic resurgence and a socio cultural return to a green and pleasant land Smith examines Britain's Establishment institutions the estates of her landed gentry and aristocracy through to an appetite for nostalgic products represented with pastoral or pre modern symbolism It is demonstrated that these institutions and pursuits play a central role in situating social cultural and political belonging Crucially these institutions and pursuits rely upon a form of membership which is grounded in a kinship idiom centred upon inheritance and descent who inherits the houses of privilege inherits England      The Official Sloane Ranger Handbook Ann Barr, Peter York, 1982 A guide to the style and lifestyle of the upper class      The Rule of Ritual in the Arabian Gulf, 1858-1947 Paul John Rich, 1990      **Empire of Words** John Willinsky, 1994-10-31 What is the meaning of a word Most readers turn to the dictionary for authoritative meanings and correct usage But what is the source of authority in dictionaries Some dictionaries employ panels of experts to fix meaning and prescribe usage others rely on derivation through etymology But perhaps no other dictionary has done more to standardize the English language than the formidable twenty volume Oxford English Dictionary in its 1989 second edition Yet this most Victorian of modern dictionaries derives its meaning by citing the earliest known usage of words and by demonstrating shades of meaning through an awesome database of over five million examples of usage in context In this fascinating study John Willinsky challenges the authority of this imperial dictionary revealing many of its inherent prejudices and questioning the assumptions of its ongoing revision Clearly the OED is no simple record of the language as she is spoke Willinsky writes It is a selective representation reflecting certain elusive ideas about the nature of the English language and people Empire of Words reveals by statistic and table incident and anecdote how serendipitous judgmental and telling a task editing a dictionary such as the OED can be Willinsky analyzes the favored citation records from the three editorial periods of the OED's compilation the Victorian imperial first edition the modern supplement and the contemporary second edition composed on an electronic database He reveals shifts in linguistic authority the original edition relied on English literature and surprisingly on translations reference works and journalism the modern editions have shifted emphasis to American sources and periodicals while continuing to neglect women workers and other English speaking countries Willinsky's dissection of dictionary entries exposes contradictions and ambiguities in the move from citation to definition He points out that Shakespeare the most frequently cited authority in the OED often confounds the dictionary's simple sense of meaning with his wit and artfulness He shows us how the most famous four letter words in the language found their way through a belabored editorial process sweating and grunting into the supplement to

the OED Willinsky sheds considerable light on how the OED continues to shape the English language through the sometimes idiosyncratic often biased selection of citations by hired readers and impassioned friends of the language Anyone who is fascinated with words and language will find Willinsky s tour through the OED a delightful and stimulating experience No one who reads this book will ever feel quite the same about Murray s web of words

*Seeking Love in Modern Britain* Zoe Strimpel,2020-03-05 *Seeking Love in Modern Britain* charts the emergence of the modern British single through an account of the dating industry that sprang up to serve men and women It shows how amid a period of unprecedented sexual and social change the single became a key unisex identity and lifestyle From around 1970 a growing cottage style matchmaking industry in Britain was offering the romantically solo a choice between computer dating firms such as Dateline or Computate introduction agencies and the lonely hearts pages of *Private Eye* *Time Out* and others Zoe Strimpel reveals how this rapidly expanding landscape of services was catering to a new breed of single people and how by the late 1990s singleness had become the culturally mainstream wholly expected part of the romantic life cycle that it is today Refuting the widespread idea that the Internet invented modern dating this book uses an eclectic and engaging range of first person accounts and snapshots from the time to show that the story of contemporary romance mediated courtship and singleness began in a time long before Tinder

**Anthropology in the Public Arena** Jeremy MacClancy,2013-01-23 **ANTHROPOLOGY IN THE PUBLIC ARENA** A critical insider Jeremy MacClancy celebrates maverick anthropologists who transgressed academic frontiers and urges his colleagues to engage the public This is an entertaining original and provocative book Adam Kuper Professor Emeritus University of Cambridge Jeremy MacClancy insightfully expands the history of anthropology beyond the confines of the academy showing us how a collection of poets popularizers critics surrealists neo Freudians and iconoclast savants shaped anthropology s imagination David Price St Martin s University Washington **ANTHROPOLOGY IN THE PUBLIC ARENA** This detailed survey of the evolution of anthropology in Britain is also a spirited defence of the public as well as professional role of the discipline The author argues for a broader vision of the value of anthropological knowledge that allows for the creative contributions of popular scientists and literary figures who often capture the public imagination and add much to our knowledge of human social relations Informed by original archival research and engaging narratives of the larger than life personalities of public intellectuals the author reveals the contributions of neglected but crucial figures such as John Layard Geoffrey Gorer Robert Graves and the originators of Mass Observation today s online repository of anthropological data MacClancy is guided by the notion that anthropology s continued dynamism requires an alliance of interests popular and academic that will recover marginalized studies and recognize the value of contributions from outside the university research community Its synthesis of diverse topics illuminates an anthropology that enriches the popular cultural discourse and serves as a versatile tool for exploring pressing issues of social organization and development The reframed narrative of British anthropological history that emerges is as integral to the future of the subject as it is

informative about its past     Punch ,1984-10     **Tickling Sharks** John Elkington,2024-04-09 Speaking Tomorrow s Truth to Power Sustainability is going mainstream but where did the story start For decades the traditional capitalist business model required growth at all costs Business as usual guaranteed unsustainability Now in contrast we see growing adoption of greener practices but where did these ideas come from and where are the linked movements headed Drawing on a half century of experience since the early seventies Godfather of Sustainability John Elkington explains how a series of societal pressure waves have helped to transform business markets and ultimately capitalism He explains how he came to tickle the human sharks of the corporate world encouraging them to embrace once unthinkable ways of addressing new social economic environmental and governance priorities John s candid memoir tracks his colorful journey through youthful misadventures and inspirations to his pioneering work making business sense of sustainability Written in a knowledgeable thoughtful and humorous voice this witness statement explains and criticizes progress to date before sketching a manifesto for those determined to make the global economy more responsible more resilient and crucially more regenerative     The #1 New York Times Bestseller John Bear,1992 Lists hundreds of books that have made the famous list and offers facts about the publishing industry authors and the list itself     **Rural Aristocracy in Northern Ireland** Amanda N.
