The Origin Of Civilisation And The Primitive Condi:

The Origin of Civilisation and the Primitive Condition of Man John Lubbock, 1871 Origins of Pan-Africanism Marika Sherwood, 2012-07-26
Origins of Pan Africanism Henry Sylvester Williams Africa and the African Diaspora recounts the life story of the pioneering Henry Sylvester Williams an unknown Trinidadian son of an immigrant carpenter in the late 19th and early 20th century Williams then a student in Britain organized the African Association in 1897 and the first ever Pan African Conference in 1900 He is thus the progenitor of the OAU AU Some of those who attended went on to work in various pan African organizations in their homelands He became not only a qualified barrister but the first Black man admitted to the Bar in Cape Town and one of the first two elected Black borough councilors in London These are remarkable achievements for anyone especially for a Black man of working class origins in an era of gross racial discrimination and social class hierarchies Williams died in 1911 soon after his return to his homeland Trinidad Through original research Origins of Pan Africanism Henry Sylvester Williams Africa and the African Diaspora is set in the social context of the times providing insight not only into a remarkable man who has been heretofore virtually written out of history but also into the African Diaspora in the UK a century ago **Catalogue of the Milton Public Library of Milton, Mass** Milton Public Library, 1889 **Reading Darwin in Arabic, 1860-1950** Marwa Elshakry, 2014-01-06
In Reading Darwin in Arabic Marwa Elshakry questions current ideas about Islam science and secularism by exploring the ways in which Darwin was read in Arabic from the late 1860s to the mid twentieth century Borrowing from translation and reading studies and weaving together the history of science with intellectual history she explores Darwin s global appeal from the perspective of several generations of Arabic readers and shows how Darwin s writings helped alter the social and epistemological landscape of the Arab learned classes Providing a close textual political and institutional analysis of the tremendous interest in Darwin s ideas and other works on evolution Elshakry shows how in an age of massive regional and international political upheaval these readings were suffused with the anxieties of empire and civilizational decline The politics of evolution infiltrated Arabic discussions of pedagogy progress and the very sense of history They also led to a literary and conceptual transformation of notions of science and religion themselves Darwin thus became a vehicle for discussing scriptural exegesis the conditions of belief and cosmological views more broadly The book also acquaints readers with Muslim and Christian intellectuals bureaucrats and theologians and concludes by exploring Darwin s waning influence on public and intellectual life in the Arab world after World War I Reading Darwin in Arabic is an engaging and powerfully argued reconceptualization of the intellectual and political history of the Middle East American Anthropologist , 1890 **Longman's Magazine** Charles James Longman, 1903 **Domestic Intimacies** Brian Connolly, 2014-05-21
Although it is commonly thought that incest has been taboo throughout history nineteenth century Americans evinced a great cultural anxiety that the prohibition was failing Theologians debated the meaning and limits of biblical proscription while jurists abandoned such injunctions and invented a

new prohibition organized around the nuclear family Novelists crafted fictional tales of accidental incest resulting from the severed ties between public and private life while antislavery writers lamented the ramifications of breaking apart enslaved families Phrenologists and physiologists established reproduction as the primary motivation of the incest prohibition while naturalizing the incestuous eroticism of sentimental family affection Ethnographers imagined incest as the norm in so called primitive societies in contrast to modern civilization In the absence of clear biological or religious limitations the young republic developed numerous varied and contradictory incest prohibitions Domestic Intimacies offers a wide ranging critical history of incest and its various prohibitions as they were defined throughout the nineteenth century Historian Brian Connolly argues that at the center of these convergent anxieties and debates lay the idea of the liberal subject an autonomous individual who acted on his own desires yet was tempered by reason who enjoyed a life in public yet was expected to find his greatest satisfaction in family and home Always lurking was the need to exercise personal freedom with restraint indeed the valorization of the affectionate family was rooted in its capacity to act as a bulwark against licentiousness However it was defined incest was thus not only perceived as a threat to social stability it also functioned to regulate social relations within families and between classes as well as among women and men slaves and free citizens strangers and friends Domestic Intimacies overturns conventional histories of American liberalism by placing the fear of incest at the heart of nineteenth century conflicts over public life and privacy kinship and individualism social contracts and personal freedom
