The Origins Of Japans Medieval World

Kenneth Henshall

The Origins Of Japans Medieval World:

The Origins of Japan's Medieval World Jeffrey P. Mass,1997 This pioneering collection of 15 essays argues that Japan's medieval age began in the 14th century rather than the 12th and marks the beginning of a fundamentally new debate about how Japan's lengthy classical period finally ended **The Origins of Japan's Medieval World** Jeffrey P. Mass,2001

Routledge Handbook of Premodern Japanese History Karl F. Friday,2017-07-14 Scholarship on premodern Japan has grown spectacularly over the past four decades in both sophistication and volume The new scholarship sees a higher reliance on primary documents a shift away from the history of elites to broader exploration of social structures and a reexamination of many of the key tenets which were once the received wisdom Providing a primarily historiographical review this handbook highlights the recent innovations and major themes that have developed in the study of premodern Japanese history Covering Japanese history to 1600 The Routledge Handbook of Japanese History is an essential reference work for any student and researcher on Japanese Asian and World History **Warfare in Japan** Harald Kleinschmidt,2017-05-15 Warfare in Japan

from the fourth to the nineteenth century has caused much controversy among Western military and political historians This volume assembles key articles written by specialists in the field on military organization the social context of war battle action weapons and martial arts The focus is on the transformation of patterns of warfare that arose from endogenous as well as exogenous factors **Women in Japanese Religions** Barbara R Ambros,2015-05-29 A comprehensive history of women in Japanese religious traditions Scholars have widely acknowledged the persistent ambivalence with which the Japanese religious traditions treat women Much existing scholarship depicts Japan's religious traditions as mere means of oppression But this view raises a question How have ambivalent and even misogynistic religious discourses on gender still come to inspire devotion and emulation among women In *Women in Japanese Religions* Barbara R Ambros examines the roles that women have played in the religions of Japan An important corrective to more common male centered narratives of Japanese religious history this text presents a synthetic long view of Japanese religions from a distinct angle that has typically been discounted in standard survey accounts of Japanese religions Drawing on a diverse collection of writings by and about women Ambros argues that ambivalent religious discourses in Japan have not simply subordinated women but also given them religious resources to pursue their own interests and agendas

Comprising nine chapters organized chronologically the book begins with the archeological evidence of fertility cults and the early shamanic ruler Himiko in prehistoric Japan and ends with an examination of the influence of feminism and demographic changes on religious practices during the lost decades of the post 1990 era By viewing Japanese religious history through the eyes of women *Women in Japanese Religions* presents a new narrative that offers strikingly different vistas of Japan's pluralistic traditions than the received accounts that foreground male religious figures and male dominated institutions **Daily Life and Demographics in Ancient Japan**

William Wayne Farris,2020-08-06 For centuries scholars have wondered what daily life was like for the common people of

Japan especially for long bygone eras such as the ancient age 700 1150 Using the discipline of historical demography William Wayne Farris shows that for most of this era Japan's overall population hardly grew at all hovering around six million for almost five hundred years The reasons for the stable population were complex Most importantly Japan was caught up in an East Asian pandemic that killed both aristocrat and commoner in countless numbers every generation These epidemics of smallpox measles mumps and dysentery decimated the adult population resulting in wide ranging social and economic turmoil Famine recurred about once every three years leaving large proportions of the populace malnourished or dead Ecological degradation of central Japan led to an increased incidence of drought and soil erosion And war led soldiers to murder innocent bystanders in droves Under these harsh conditions agriculture suffered from high rates of field abandonment and poor technological development Both farming and industry shifted increasingly to labor saving technologies With workers at a premium wages rose Traders shifted from the use of money to barter Cities disappeared The family was an amorphous entity with women holding high status in a labor short economy Broken families and an appallingly high rate of infant mortality were also part of kinship patterns The average family lived in a cold drafty dwelling susceptible to fire wore clothing made of scratchy hemp consumed meals just barely adequate in the best of times and suffered from a lack of sanitary conditions that increased the likelihood of disease outbreak While life was harsh for almost all people from 700 to 1150 these experiences represented investments in human capital that would bear fruit during the medieval epoch 1150 1600

A History of Japan Conrad Totman, 2014-09-11 This is an updated edition of Conrad Totman's authoritative history of Japan from c 8000 BC to the present day The first edition was widely praised for combining sophistication and accessibility Covers a wide range of subjects including geology climate agriculture government and politics culture literature media foreign relations imperialism and industrialism Updated to include an epilogue on Japan today and tomorrow Now includes more on women in history and more on international relations Bibliographical listings have been updated and enlarged Part of The Blackwell History of the World Series The goal of this ambitious series is to provide an accessible source of knowledge about the entire human past for every curious person in every part of the world It will comprise some two dozen volumes of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time The volumes are narrative in form giving balanced attention to social and cultural history in the broadest sense as well as to institutional development and political change Each provides a systematic account of a very large subject but they are also both imaginative and interpretative The Series is intended to be accessible to the widest possible readership and the accessibility of its volumes is matched by the style of presentation and production

Japan Emerging Karl Friday, 2018-04-19 Japan Emerging provides a comprehensive survey of Japan from prehistory to the nineteenth century Incorporating the latest scholarship and methodology leading authorities writing specifically for this volume outline and explore the main developments in Japanese life through ancient classical medieval and early modern

periods Instead of relying solely on lists of dates and prominent names the authors focus on why and how Japanese political social economic and intellectual life evolved Each part begins with a timeline and a set of guiding questions and issues to help orient readers and enhance continuity Engaging thorough and accessible this is an essential text for all students and scholars of Japanese history *Law and Long-Term Economic Change* Debin Ma,2011 This edited volume provides a unique multidisciplinary perspective on the relationship between legal regimes and long term economic development across major civilizations in Eurasia Historical Dictionary of Japan to 1945 Kenneth Henshall,2013-11-07 The Historical Dictionary of Japan to 1945 spans the entire period from the earliest evidence of human habitation in Japan through to the end of the Pacific War It includes substantial topics such as cultural and literary history with entries ranging from aesthetics to various genres of writing Other branches of history also feature such as economic history industrial history political history and so forth And of course there are the makers of Japanese history ranging from emperors and shoguns to politicians and extremists as well as foreign arrivals The early history of Japan is told through a detailed chronology an introductory essay appendixes an extensive bibliography and over 800 cross referenced dictionary entries on important people organizations activities and events The Historical Dictionary of Japan to 1945 will appeal to both academics and the general public who have an interest in Japan particularly those who want reliable information quickly and easily **Samurai and the Warrior Culture of Japan, 471-1877** ,2022-03-01 In addition to providing excerpts from classic tales of Japan s warrior past this volume draws on a wide range of lesser known but revealing sources including sword inscriptions edicts orders petitions and letters to expand and deepen our understanding of the samurai from the order s origins in the fifth century to its abolition in the nineteenth Taken together with Thomas Donald Conlan s contextualizing introductions and notes these sources provide a rare window into the experiences ideals and daily lives of these now sentimentalized warriors Numerous illustrations a glossary of terms and a substantial bibliography further enhance the value of this book to students scholars and anyone interested in learning more about the samurai Kyushu: Gateway to Japan Andrew Cobbing,2008-12-18 In this first major study of the region in English the author examines the key themes of Kyushu s history from earliest times the cultural interaction with the continental mainland settlement location and infrastructure as well as trade and commerce arguing that it was the principal stepping stone in terms of Japan s cultural social and economic advance through history up to the present day Although an integral part of Japan Kyushu is culturally distinct in that its location on the East China Sea has exposed the region to an unusually high degree of influence from overseas There was diplomatic exchange between this island and China for example even before the political entity of Japan came into existence Kyushu in fact has been the setting for many of the major cultural encounters in Japan s history from the introduction of Buddhism Confucianism and Christianity to gunpowder coffee and tea The volume also includes a colour plate section containing 60 images which support the text and provide the reader researcher with invaluable pictorial references to Kyushu s history from earliest times to the present day **The**

Ethics of War in Asian Civilizations Torkel Brekke,2006-03-13 This book discusses whether there are universal standards in the ideologies of warfare in the major Asian religious traditions

Emperor and Aristocracy in Japan, 1467-1680 Lee Butler,2020-03-23 An institution in decline possessing little power in an age dominated by warriors Or a still potent symbol of social and political legitimacy Emperor and Aristocracy in Japan traces the fate of the imperial Japanese court from its lowest point during the turbulent century long sengoku when the old society built upon the strength and influence of the court the priesthood and a narrow warrior elite was shaken to its foundations to the Tokugawa era when court culture displayed renewed vitality and tea gatherings flower arranging and architecture flourished In determining how the court managed to persist and survive Butler looks into contemporary documents diaries and letters to reveal the court s internal politics and protocols hierarchies finances and ceremonial observances Emperor and courtiers adjusted to the prominence of the warrior elite even as they held on to the ideological advantages bestowed by birth tradition and culture To this historical precedent the new wielders of power paid dutiful homage ever mindful that ranks and titles as well as the political blessing of the emperor were advantageous marks of distinction

Japan Mikiso Hane,2013-09-01 What is a shogun Who were the samurai and what is the warrior code What lies behind the Japanese work ethic From the ancient tea ceremony to the boom and subsequent downturn of its economic prosperity this uniquely concise introduction to Japan and its history surveys nearly 10 000 years of society culture economics and politics Balancing economic and political information with new insights into the twin spheres of art and religion Mikiso Hane offers authoritative coverage of all aspects of Japanese life With a particular focus on the key events of the last 200 years the author also pays special attention to the changing conditions of those whose history has been so frequently neglected the women the peasants and the lowest order of untouchables Well rounded and enlightening this informative account of Japan and its people will be greatly appreciated by historians students and all those with an interest in this diverse and enigmatic country

Women Religious Leaders in Japan's Christian Century, 1549-1650 Haruko Nawata Ward,2016-12-05 Meticulously researched and drawing on original source materials written in eight different languages this study fills a lacuna in the historiography of Christianity in Japan which up to now has paid little or no attention to the experience of women Focusing on the century between the introduction of Christianity in Japan by Portuguese Jesuit missionaries in 1549 and the Japanese government s commitment to the eradication of Christianity in the mid seventeenth century this book outlines how women provided crucial leadership in the spread nurture and maintenance of the faith through various apostolic ministries The author s research on the religious backgrounds of women from different schools of late medieval Japanese Shinto Buddhism sheds light on individual women s choices to embrace or reject the Reformed Catholicism of the Jesuits and explores the continuity and discontinuity of their religious expressions The book is divided into four sections devoted to an in depth study of different types of apostolates nuns women who took up monastic vocations witches the women leaders of the Shinto Buddhist tradition who resisted Jesuit teachings catechists women who

engaged in ministries of persuasion and conversion and sisters women devoted to missions of mercy Analyzing primary sources including Jesuit histories letters and reports especially Lu s Fr is Hist ria de Jap o hagiography and family chronicles each section provides a broad understanding of how these women in the context of misogynistic society and theology utilized resources from their traditional religions to new Christian adaptations and specific religio social issues creating unique hybrids of Catholicism and Buddhism The inclusion of Portuguese Spanish Italian and Japanese texts many available for the first time in English and the dramatic conclusion that women were largely responsible for the trajectory of Christianity in early modern Japan makes this book an essential reading for scholars of women s history religious history history of Christianity and Asian history

Corporate Governance in Japan Magdalena Jerzemowska,2024-08-08 The roots of corporate governance are rarely looked for in the ancient history of countries Literature pays not enough attention to the impact of the country s history on the relations between economic actors and owners known today as corporate governance Many countries are guided by centuries old traditions and customs which is especially true of Japan Japan is of particular interest because history of its corporate governance is not widely known and because it has developed a unique corporate governance model This book aims to diagnose and trace the causes and symptoms of this uniqueness emphasizing that it is a lasting legacy of previous eras It examines key political social cultural and economic events in Japan from its dawn till the 17th century in a comprehensive way and in the cause and effect aspect combining the history economic history and the history of corporate governance It refers to little known issues considered in the context of a very interesting and successful country and economy which may arouse the desire to expand knowledge and learn about the roots of these successes The innovative nature of the research goal and the simplicity of presentation are the advantages of this book

Japanese Fortified Temples and Monasteries AD 710-1602 Stephen Turnbull,2012-06-20 From the 10th century onwards the great Japanese monastic foundations of Nara and Mount Hiei maintained large armies of warlike monks The tempestuous political rivalries that developed between the different orders of monks and religiously inspired laymen ensured that their temples and monasteries had to be securely sited and robustly defended This books recreates these enormous fortified monasteries and temples tracing their development from the 10th century through to the Sengoku Jidai period and the rise of the power of the shogunate under Tokugawa Ieyasu

Law in Japan Daniel H. Foote,2011-10-17 This volume explores major developments in Japanese law over the latter half of the twentieth century and looks ahead to the future Modeled on the classic work Law in Japan The Legal Order in a Changing Society 1963 edited by Arthur Taylor von Mehren it features the work of thirty five leading legal experts on most of the major fields of Japanese law with special attention to the increasingly important areas of environmental law health law intellectual property and insolvency The contributors adopt a variety of theoretical approaches including legal economic historical and socio legal As Law and Japan A Turning Point is the only volume to take inventory of the key areas of Japanese law and their development since the 1960s it will be an important

reference tool and starting point for research on the Japanese legal system Topics addressed include the legal system with chapters on legal history the legal profession the judiciary the legislative and political process and legal education the individual and the state with chapters on constitutional law administrative law criminal justice environmental law and health law and the economy with chapters on corporate law contracts labor and employment law antimonopoly law intellectual property taxation and insolvency Japanese law is in the midst of a watershed period This book captures the major trends by presenting views on important changes in the field and identifying catalysts for change in the twenty first century **A**

Companion to Japanese History William M. Tsutsui,2009-07-20 A Companion to Japanese History provides an authoritative overview of current debates and approaches within the study of Japan s history Composed of 30 chapters written by an international group of scholars Combines traditional perspectives with the most recent scholarly concerns Supplements a chronological survey with targeted thematic analyses Presents stimulating interventions into individual controversies
