

THE ORIGINS OF THE MARSHALL PLAN

The Origins Of The Marshall Plan

Douglas Brinkley

The Origins Of The Marshall Plan:

The Origins of the Marshall Plan John Gimbel, 1976 *The Origins of the Marshall Plan* John Gimbel, *The Marshall Plan* William F. Sanford, 1987 *The Origin of the Marshall Plan* Elinor M. Kenney, 1964 **Marshall Plan and Germany** Charles S. Maier, Günter Bischof, 1992 This volume brings together an international team of distinguished political and economic historians to take stock of earlier work on the origins and impact of the Marshall Plan and reinterpret it in light of revolutionary upheavals in Central and Eastern Europe **The Reconstruction of Western Europe, 1945-51** Alan S. Milward, 1984-01-01 *The Origin of the Marshall Plan* Elinor M. Kenney, 1959 *The Origins of the Marshall Plan* Allan Melvin Novick, 1968 **The Cambridge History of the Cold War: Volume 1, Origins** Melvyn P. Leffler, Odd Arne Westad, 2012-01-26 This volume examines the origins and early years of the Cold War In the first comprehensive reexamination of the period a team of leading scholars shows how the conflict evolved from the geopolitical ideological economic and sociopolitical environments of the two world wars and interwar period and discusses how markets ideas and cultural interactions affected political discourse diplomacy and strategy after World War II The chapters focus not only on the United States and the Soviet Union but also on critical regions such as Europe the Balkans and East Asia The authors consider the most influential statesmen of the era and address issues that mattered to people around the globe food nutrition and resource allocation ethnicity race and religion science and technology national autonomy self determination and sovereignty In so doing they illuminate how people worldwide shaped the evolution of the increasingly bipolar conflict and in turn were ensnared by it **The Origins of the Marshall Plan** Linda L. Hutchins, 1969 *The History of American Foreign Policy from 1895* Jerald A Combs, 2015-02-12 This important text offers a clear concise and affordable narrative and analytical history of American foreign policy since the Spanish American War The book narrates events and policies but goes further to emphasize the international setting and constraints within which American policy makers had to operate the domestic pressures on those policy makers and the ideologies preferences and personal idiosyncrasies of the leaders themselves *The Marshall Plan* Benn Steil, 2018-02-13 A brilliant book by far the best study yet The Wall Street Journal of the gripping history behind the Marshall Plan and its long lasting influence on our world In the wake of World War II with Britain's empire collapsing and Stalin's on the rise US officials under new Secretary of State George C Marshall set out to reconstruct western Europe as a bulwark against communist authoritarianism Their massive costly and ambitious undertaking would confront Europeans and Americans alike with a vision at odds with their history and self conceptions In the process they would drive the creation of NATO the European Union and a Western identity that continue to shape world events Benn Steil's thoroughly researched and well written account USA TODAY tells the story behind the birth of the Cold War told with verve insight and resonance for today Focusing on the critical years 1947 to 1949 Benn Steil's gripping narrative takes us through the seminal episodes marking the collapse of postwar US Soviet relations the Prague coup the

Berlin blockade and the division of Germany In each case Stalin's determination to crush the Marshall Plan and undermine American power in Europe is vividly portrayed Bringing to bear fascinating new material from American Russian German and other European archives Steil's account will forever change how we see the Marshall Plan Trenchant and timely an ambitious deeply researched narrative that provides a fresh perspective on the coming Cold War The New York Times Book Review The Marshall Plan is a polished and masterly work of historical narrative An instant classic of Cold War literature it is a gripping complex and critically important story that is told with clarity and precision The Christian Science Monitor Winner of the 2019 New York Historical Society Barbara and David Zalaznick Book Prize in American History Winner of the 2018 American Academy of Diplomacy Douglas Dillon Award Shortlisted for the 2018 Duff Cooper Prize in Literary Nonfiction Honorable Mention runner up for the 2019 ASEEES Marshall D Shulman Prize

The German Question and the Origins of the Cold War Nicolas Lewkowicz, 2008 The book analyses the role of the German Question in the origins of the Cold War The work evaluates the transformation which occurred in Germany and the post war international order due to the inter Allied work on denazification The author analyses the Rationalist aspects of superpower interaction with particular emphasis on the legal and diplomatic framework which sustained not only the treatment of the German Question but also the general context of inter Allied relations The author also tackles the conflictual aspects of the treatment of the German Question by examining superpower interaction in relation to the enforcement of their structural interests The main argument of the book is that due to the interaction between the elements of intervention and coexistence the German Question constituted the most significant issue in the configuration of the post war international order *The United States, Italy and the Origins of Cold War* Kaeten Mistry, 2014-05-15 This international history of the origins and nature of cold war offers the first systematic examination of the complex relationship between the United States and Italy and of American debates about warfare in the years between World War II and the Korean War Kaeten Mistry reveals how the defeat of the Marxist left in the 1948 Italian election was perceived as a victory for the United States amidst a war short of war as defined by influential planner George Kennan becoming an allegory for cold war in American minds The book analyses how political warfare sought to employ covert operations overt tactics and propaganda in a co ordinated offensive against international communism Charting the critical contribution of a broad network of local religious civic labour and business groups Mistry reveals how the notion of a specific American success paved the way for a problematic future for US Italian relations and American political warfare

The CIA and the Marshall Plan Sallie Pisani, 1991 Pisani shows how the U S added a Cold War Corollary to the principle of self determination massive foreign aid and nonmilitary covert operations to reshape war torn Europe in the image of the U S She tells for the first time the story of the top CIA operatives who were instrumental in developing the non military covert intervention policies of the early Cold War years and the Office of Policy Coordination that carried them out Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the

United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

The Origins of the Cold War in Europe David Reynolds,1994-01-01 Although the Cold War is over the writing of its history has only just begun This book presents an analysis of the origins of the Cold War in the decade after the Second World War discussing the development of the United States and the Soviet Union as superpowers and the reactions of the Western European states to the growing Soviet American rivalry Drawing on recently opened archives from the former Soviet Union as well as on existing research largely unavailable in English distinguished authorities from each of the countries discussed provide new insight into the Cold War and into the Europe that has been molded by it The book begins with an overview of United States Cold War policy after the war and a pioneering post communist examination of Russian involvement The next chapters focus on the other two members of the wartime alliance Britain and France for which the Cold War was interwoven with concerns such as the maintenance of empire and the continued fear of Germany The book then examines the vanquished countries of World War II Italy and Germany who particularly in the case of divided Germany were struggling to recover their international status and come to terms with their past The last part of the book considers how the small states Benelux and Scandinavia forged new groupings in the search for security even though conflicts of national interest still persisted between them The authors not only show the impact of superpower policies on each country but also reveal the many ways in which West European states were active participants in Cold War politics trying to draw the Americans into Europe and shaping the blocs that emerged The book sheds light on the European Community in many ways a response to uneasiness about Germany and on NATO whose purpose was once described as keeping the Russians out the Americans in and the Germans down

The Marshall Plan in Austria Gunter Bischof,Anton Pelinka,Dieter Stiefel,2018-12-20 Perhaps no country benefitted more from the Marshall Plan for assistance in reconstruction of Europe after World War II than Austria On a per capita basis each American taxpayer invested 80 per person in the Plan each Austrian received 133 from the European recovery program more than any other of the sixteen participating countries Without the Marshall Plan the Austrian economic miracle of the 1950s would have been unthinkable Despite this contemporary Austria seems to have forgotten this essential American contribution to its postwar reconstruction This volume in the Contemporary Austrian Studies series examines how the plan affected Austria and how it is perceived today The political context of the Marshall Plan in Austria is addressed in essays by Jill Lewis and Matthew Berg Dieter Stiefer describes the vast Soviet economic exploitation of their Austrian occupation zone Andrea

Komlosy shows how the Marshall Plan helped complete the division of Europe Siegfried Beer suggests the secret involvement of the CIA in the Marshall Plan while Hans J3rgen Schr der analyzes the effectiveness of Marshall Plan propaganda programs in Germany and Austria The macroeconomic impact of Marshall Plan funds on Austrian economic policy is outlined by Hans Seidel Kurt Tweraser Georg Rigele and G3nter Bischof suggest the microeconomic importance of funds for the steel electricity and tourist sectors of the Austrian economy Wilhelm Kohler s sweeping analysis compares the American transfer of funds to postwar Europe with current debates about the cost of European Union enlargement The legacy of the Marshall Plan is addressed by former Austrian Finance Minister Ferdinand Lacina Kurt Loffler and Hans Fubenegger summarize the activities of the Economic Recovery Program Fund Coming on the heels of the fiftieth anniversary of the Marshall Plan this compelling overview of the Plan and its impact will be important for historians those interested in international politics and Austrian scholars G3nter Bischof is professor of history and associate director of Center Austria at the University of New Orleans Anton Pelinka is professor of political science at the University of Innsbruck and director of the Institute of Conflict Research in Vienna Dieter Stiefel is professor of social and economic history at the University of Vienna and executive secretary of the Schumpeter Society in Vienna This volume offers a collection of articles mostly by contemporary Austrian born historians touching on various phases of the Marshall Plan administered through the European Recovery Program ERP and its successors counterfunds assistance to the present A splendid introduction followed by the key thirteen articles on the plan is augmented by several nontopical essays and book reviews along with a survey of Austrian politics in 1998 A number of articles emanated from a 1998 conference at the University of New Orleans Both novice and specialist will appreciate this book

The Historian Dean Acheson and the Making of U.S. Foreign Policy Douglas Brinkley, 1993-04-12 President Truman s Secretary of State 1949-53 Dean Acheson was a crucial figure in the shaping of the postwar world In an astonishingly creative and demanding tenure Acheson was involved to a degree seldom realized today in a huge range of issues from the creation of NATO to the Korean War The result of a major commemorative conference this volume brings together ten distinguished diplomatic historians commissioned to write on various aspects of Acheson s career based on primary archival research

A Political History of Western Europe Since 1945 Derek W. Urwin, 2014-07-22 Taking a thematic approach Derek Urwin addresses the major political and economic developments in western Europe since World War II right up to the present day The book covers issues and developments in national politics and the movement towards greater unity in Western Europe and the role of Europe in global politics and in the international economy The text has been revised throughout and updated to take account of the political consequences of the ending of the Cold War and the troubled progress of European integration since Maastricht The Fifth Edition has lost nothing of its predecessor s clarity and accessibility and in its updated form will win the book a host of new admirers
