**Rethinking American History in a Global Age** Thomas Bender,2002-05-14 In rethinking and reframing the American national narrative in a wider context the contributors to this volume ask questions about both nationalism and the discipline of history itself The essays offer fresh ways of thinking about the traditional themes and periods of American history By locating the study of American history in a transnational context they examine the history of nation making and the relation of the United States to other nations and to transnational developments What is now called globalization is here placed in a historical context A cast of distinguished historians from the United States and abroad examines the historiographical implications of such a reframing and offers alternative interpretations of large questions of American history ranging from the era of European contact to democracy and reform from environmental and economic development and migration experiences to issues of nationalism and identity But the largest issue explored is basic to all histories How does one understand teach and write a national history even as one recognizes that the territorial boundaries do not fully contain that history and that within that bounded territory the society is highly differentiated marked by multiple solidarities and identities Rethinking American History in a Global Age advances

an emerging but important conversation marked by divergent voices many of which are represented here The various essays explore big concepts and offer historical narratives that enrich the content and context of American history The aim is to provide a history that more accurately reflects the dimensions of American experience and better connects the past with contemporary concerns for American identity structures of power and world presence

**The Women on the Island** Ho Ahn Thai, 2012-05-15 Deep in the forested Vietnamese island of Cat Bac a jungle seethes with the irrepressible force of its own history Haunted by agonies of temptation and frustration the women on the island are prisoners of the power of the place the power of the past the power of desire and constraint Yet like the jungle of jackfruit trees and bamboo itself desire is a force that cannot be subdued This novel illuminates the plight of a generation of men and women in post war Vietnam It explores issues of family and gender and charts Vietnam's effort to redefine its relationship to its past and future Popular writer Ho Anh Thai brings into view the struggle of women who survived their service during the war years Like male veterans in America and Vietnam they returned to a society which they had defended but which in many ways had no place for them By confronting these issues Ho Anh Thai has contributed to the debate in Vietnam over the rights of unmarried women with children Through the lens of this particular time and place *The Women on the Island* probes the timeless question of how we find ways to live in harmony with the tangled and contradictory compulsions of our own souls

**A Wolf by the Ears** Wayne Karlin, 2020-03-31 A novel that vividly examines the struggle of enslaved people to find their freedom dignity and self worth as our country struggled Michael Glaser former Poet Laureate of Maryland We have the wolf by the ears and we can neither

hold him nor safely let him go Thomas Jefferson During the War of 1812 thousands of enslaved people from plantations across the Tidewater rallied to the British side turning against an American republic that had barred them from the promises of freedom and democracy Set against the backdrop of rebellion and war Wayne Karlin s *A Wolf by the Ears* follows the interconnected stories of Towerhill and Sarai two African slaves and their master Jacob Hallam Educated side by side and inseparable as children the three come of age as they are forced to grapple with and break free of the fraught linkage of black and white Americans and how differently each defines what it means to fight for freedom Sarai and Jacob are caught in the tension between the dream of equality the reality of slavery and their own hearts while Towerhill sits at the head of a company of black marines that is part of the force that takes Washington and watches the White House burn Wayne Karlin gives us a universe of well honed well realized characters who offer a new dimension about American slavery and what it did to us He shows us war in language that makes him seem not just a storyteller but a witness Karlin s work is inspired a gift and a pure treasure Edward P Jones winner of the Pulitzer Prize for *The Known World*

**Even the Women Must Fight** Karen Gottschang Turner,2008-05-02 Even the Women Must Fight Karen Turner and Phan Thanh Hao have brought scholarship and compassion to a long neglected aspect of the Vietnam War the contributions of Vietnamese women to the independence struggle of their nation and the terrible price they paid for their courage and patriotism Neil Sheehan author of *A Bright Shining Lie* John Paul Vann and *America in Vietnam* A searing chronicle of wartime experiences Even the Women Must Fight probes the cultural legacy of North Vietnam s American War Unflinching in its portrayal of hardship valor and personal sacrifice this wrenching account is nothing short of a revelation banishing in one bold stroke the familiar image of Vietnamese women as passive onlookers war brides prostitutes or helpless refugees Karen Turner has given us a book that will change our understanding of the Vietnam War and of Vietnam today I found it enthralling Cynthia Enloe author of *The Morning After Sexual Politics at the End of the Cold War* A first rate book that will add substantially to our understanding of the human tragedy associated with one of the most bloody conflicts in recent history Robert Brigham Professor of History Vassar College

**Vietnamese Women at War** Sandra C. Taylor,1999-02-02 For as long as the Vietnamese people fought against foreign enemies women were a vital part of that struggle The victory over the French at Dien Bien Phu is said to have involved hundreds of thousands of women and many of the names in Viet Cong unit rosters were female These women were living out the ancient saying of their country When war comes even women have to fight Women from Hanoi and the countryside fought alongside their male counterparts in both the Viet Cong and North Vietnamese military in their wars against the South Vietnamese government and its French and American allies from 1945 to 1975 Sandra Taylor now draws on interviews with many of these women and on an array of newly opened archives to illuminate the motivations experiences and contributions of these women presenting not cold facts but real people These women were the wives mothers daughters and sisters of men recruited into military service and because the war lasted so long women from more than one generation

of the same family often participated in the struggle Some learned to fire weapons and lay traps or to serve as village patrol guards and intelligence agents others were propagandists and recruiters or helped keep the supply lines flowing Taylor relates how this war for liberation from foreign oppressors also liberated Vietnamese women from centuries of Confucian influence that had made them second class citizens She reveals that communism s promise of freedom from those strictures influenced their involvement in the war and also shares the irony that their sex gave them an advantage in battle or subterfuge over Western opponents blinded by gender stereotypes As their country continues to modernize Vietnamese Women at War preserves these women s stories while they remain alive and before the war fades from memory By showing that they were not victims of war but active participants it offers a wholly unique perspective on that conflict It is a rare study which reveals much about gender roles and cultural differences and reminds us of the ever present human dimension of war
