Jong,2019-10-08 George MacDonald 1824 1905 was writing at a time of Evangelical unease In a society ravaged by Asiatic cholera numbed by levels of infant mortality and fearful of revolution and the toxicity of industry to name but a few of the many challenges the gospel proclaiming eternal damnation for unbelievers was hardly good news rather Christianity was increasingly viewed as the source of bad news and a tool of state oppression MacDonald agreed in his view the church had become a vampire sucking the blood of her children instead of offering them eucharistic life In contrast like Christ MacDonald brings before us a child Although at first sight a familiar Romantic incarnation in MacDonald s theology the child becomes an unlikely icon challenging the vampire s kingdom a challenge reaching beyond the confines of Evangelicalism confronting the foundations of much of Western theology This meticulously researched study exploring MacDonald s work especially his realist and fantasy novels in the light of its Victorian context is of more than historical interest His incisive critique of church and empire have particular relevance today in light of the growing and troubling alliance between fundamentalist expressions of church and intolerant right wing politics This volume considers MacDonald s radical solution to religious vampirism becoming children
