G. Wells to Iris Murdoch** Peter Edgerly Firchow, 2007 Criticism on utopian subjects has generally neglected the literary or fictional dimension of utopia The reason for such neglect may be that earlier utopian fictions tended to be written by what one would nowadays call social scientists e g Plato or Sir Thomas More That is also why earlier discussions of utopian fiction were usually written by critics trained in the social sciences rather than by critics trained in literature To an appreciable degree this still tends to be the case today Now however there is an additional difficulty for the social scientists are critiquing utopias written by people who are primarily literary for example Krishan Kumar on Wells or Bernard Crick on Orwell Inevitably much of importance of literary importance is simply disregarded and so our understanding of modern utopia is correspondingly diminished This book aims to put the fiction back into utopian fictions While tracing the development of fiction in the writing of modern utopias especially in Britain it seeks to demonstrate in specific ways how those utopias have become increasingly literary possibly as a reaction not only against the social scientification of modern utopias but also in reaction against the modern attempt to institute utopia in reality notably in the former Soviet Union but also in consumerist late twentieth century America After an introductory discussion of how we understand and how we should understand modern utopian fictions the book provides several examples of how those understandings affect our appreciation of utopian fiction There are chapters on H G Wells s Time Machine Bernard Shaw s Major Barbara Aldous Huxley s Brave New World George Orwell s Animal Farm and Nineteen Eighty Four William Golding s Lord of the Flies and Iris Murdoch s The Bell ABOUT THE AUTHOR Peter Edgerly Firchow internationally recognized scholar and author of numerous works including Reluctant Modernists W H Auden Contexts for Poetry Envisioning Africa Racism and Imperialism in Conrad s Heart of Darkness and The End of Utopia is professor of English at the University of Minnesota Firchow includes much that is praiseworthy in this short book on utopian fiction Firchow s work displays his very well informed explication and his ability in most instances to make literary texts come alive His treatment of Wells s The Time Machine is simply outstanding I find his enthusiasm for his texts refreshing and his work on the end of history meticulous Other scholars of utopian fiction will as well H Net Reviews Utopian fiction has often been mangled in interpretation on the occasions when it has been read without a sense of irony for the sake of political analysis disregarding its artistic nature To counterpoise such approaches Firchow offers us a close reading of each of the chosen works while also placing them in literary context Janice Rossen Partial Answers Collected Works Bernard Shaw, George Bernard Shaw, 2021-01-21 This Collected Works contains An Unsocial Socialist Androcles and the Lion Annajanska the Bolshevik Empress Arms and the Man Augustus Does His Bit A True to Life Farce Back to Methuselah A Metabiological Pentateuch Caesar and Cleopatra Candida Candida Ein Mysterium in
