Making the Most of Energy in Real Estate ,1980 Guidelines are presented for implementing a one or two day workshop entitled Making the Most of Energy in Real Estate Energy information is presented so that the participants in the real estate sector are well informed about energy matters so that real estate decisions will reflect the scarcity of dwindling energy supplies A step by step guide for persons implementing the workshop is given and checklists and forms which may be useful to workshop planners at various stages are shown Examples of the kinds of promotional materials necessary for the workshop are described Lesson plans for the use of nine slide tape shows which are available for the workshop are given Lesson by lesson lists of all handouts are presented The script necessary to present the information on the slide tape shows is presented in this guideline From Energy Citations

The Consumer Information Catalog , Home Ownership in America Lawrence Samuel, 2024-10-01 A wide ranging cultural history centered around the concepts of real estate the family home and the American dream and how they evolved over the years Home Ownership in America A Socio Cultural History of Housing in the United States traces narratives around home ownership from the 1920s

to today As a product of the emergence of a large middle class during the Roaring Twenties the modern concept of home ownership continued through the shaky Great Depression years holding pattern of World War II and glory days of the postwar era when home ownership became a reality for much of the White middle class While the late 1960s and 1970s were difficult years for home ownership as the postwar economic engine ran out of steam a renaissance took place in the 1980s and 1990s due to tens of millions of baby boomers wanting to nest Although there have been a few bumps in the road over the last couple of decades home ownership or at least the pursuit of it is once again booming making the subject as relevant as ever With the single family home central to the American idea and experience this book touches on a host of issues related to our social divisions of race gender and class Home Ownership in America is a truly interdisciplinary study crossing over into a wide variety of subjects including sociology family urban history planning suburban studies the built environment public policy business finance economics politics architecture design technology and popular and consumer culture **State**
