The Oracle In The Heart And Other Poems 1975 1978:

The Oracle in the Heart, and Other Poems, 1975-1978 Kathleen Raine, 1980 A book of great beauty and charm Raine has a profound sometimes agonized understanding of what it means to be alive to be old to be aware always of that deeper truer life that lies somewhere out there behind and beyond our daily existence Basi **Women's Poetry of the 1930s: A**

Critical Anthology Jane Dowson, 2008-02-21 Where were the women of the so called Auden Generation During this era of rapidly changing gender roles social values and world politics women produced a rich variety of poetry But until now their work has largely been lost or ignored in Women's Poetry of the 1930s Jane Dowson finally redresses the balance and recovers women's place in the literary history of the interwar years This comprehensive and beautifully edited collection includes Previously uncollected poems by authors such as Winifred Holtby and Naomi Mitchison Poems which are now out of print such as those by Vita Sackville West and Frances Cornford Poems previously neglected by poets including Ann Ridler and Sylvia Townsend Warner An extensive critical introduction and individual biographies of each poet Poetry lovers students and scholars alike will find Women's Poetry of the 1930s an invaluable resource and a collection to treasure *A History of Twentieth-Century British Women's Poetry* Jane Dowson, Alice Entwistle, 2005-05-19 Publisher Description **A Companion to Literary Evaluation** Richard Bradford, Madelena Gonzalez, Kevin De Ornellas, 2024-03-21 The first critical survey of its kind devoted solely to literary evaluation Companion to Literary Evaluation bridges the gap between the non academic literary world where evaluation is deeply ingrained and the world of academia where evaluation is rarely considered Encouraging readers to formulate and articulate arguments that balance instinctive judgment and reasoned assessment this unique volume addresses key issues regarding literary values from the perspective of analytical aesthetics and the philosophy of literature Bringing together a diverse panel of contributors the Companion explores competing theories of literary evaluation the reasons for evaluating theater and lyric poetry in performance the question of value in literary theory debates over Modernism's negative impact on literature the possibility of evaluating aesthetic beauty through scientific and formalist methods the nature and status of literary evaluation as a branch of criticism aesthetics in applied and community theater evaluation outside academia the perils of extreme relativism and subjectivism in literary evaluation evaluation in schools and much more Contributors question and reassess the reputations of authors across the canon from Shakespeare and James Shirley to T S Eliot Kathleen Raine Virginia Woolf Joyce and Beckett amongst others The Companion Illustrates how seemingly divergent perspectives on the artistic qualities and value of literature can sometimes overlap Covers the standard range of literary genres while including others such as unfinished novels freelance journalism and lyric poetry in performance Offers methodologies that demonstrate why literature can be treated as something different from other forms of language and therefore assessed as art Explores the importance of maintaining clarity and specificity in the evaluation of literary works Companion to Literary Evaluation is a must read for undergraduates research students lecturers and

academics in search of fresh perspectives on standard literary critical issues **Measuring the Visible** Andrea Cady, 2024-09-16 **Kathleen Raine** Jenny Messenger, 2025-06-12 For the poet and scholar Kathleen Raine ancient texts were not obsolete but vital handbooks for reading reality Drawing on Graeco Roman philosophy alongside modernist receptions of the ancient world this book is the first study of her engagement with classical antiquity Raine's interpretation of the classical past not only informed her literary work but also gave her a compelling perspective which located consciousness as the basis of reality This way of seeing the world traceable from antiquity to the present day via the perennial philosophy claimed little distinction between inner self and outer world and stressed the interconnectedness of all beings Jenny Messenger explores Raine's use of Graeco Roman philosophy as source texts for understanding consciousness articulated throughout her poetry scholarship and autobiographical writing Raine believed there were multiple planes of consciousness across which symbolic poetry and prose could operate to reach the highest levels of being The creative arts were even capable of shaping consciousness expanding or shrinking the scope of what could be experienced Though she won acclaim during her lifetime her literary reputation has been overshadowed by her relationship with writer and naturalist Gavin Maxwell This book moves the focus back to Raine's work bringing her complex classicism to a wider audience No End to Snowdrops Philippa Bernard, 2010-04-01 Exploring the life of Kathleen Raine who played an important role in the literary history of 20th century England this authorized biography tells how she developed from a small girl who only wanted to be a poet into a world renowned poet and literary scholar Starting with Kathleen's struggle against the constrictions of her suburban childhood the story of her life then continues with her exciting days at Girton College in the 1920s where she became friends with many brilliant writers artists and scientists She published *Blake and Tradition* marking her as a leading William Blake scholar and works on Coleridge Yeats and Thomas Taylor subsequently followed Late in life she founded the journal *Temenos* with the help of Prince Charles and was honored with the Queen's Gold Medal for poetry Using letters documents and personal interviews the extensive research shows how a woman from a modest background used her talents and ambition in spite of the problems that they may cause to achieve worldwide distinction in her chosen field This complete picture of a complex and brilliant individual sympathetically assesses Kathleen Raine's work while throwing a critical light on her private life which was often at odds with her achievements **The World's Best Poetry. Supplement: Twentieth century women poets**, 1983 A ten volume plus supplements topically arranged collection of poetry in which each volume is devoted to a specific topic from love and home life to tragedy and humor each volume includes biographical information about the poets and complete author title and first line indexes **The Concise Oxford Chronology of English Literature** Michael Cox, 2005 The Concise Oxford Chronology of English Literature represents a comprehensive year by year digest of 15 000 significant and representative works of literature published in English by British authors from 1474 to the present day The greats sit alongside long forgotten gems the trivial the inspirational and the unusual all equally worthy of
