The Oracle Of The Bones Set:

The Oracle Bone Inscriptions from Huayuanzhuang East Adam C. Schwartz, 2019-11-18 Since 1899 more than 73 000 pieces of inscribed divination shell and bone have been found inside the moated enclosure of the Anyang core at the former capital of the late Shang state Nearly all of these divinations were done on behalf of the Shang kings and has led to the apt characterization that oracle bone inscriptions describe their motivations experiences and priorities There are however much smaller sets of divination accounts that were done on behalf of members of the Shang elite other than the king First noticed in the early 1930 s grouped and periodized shortly thereafter oracle bone inscriptions produced explicitly by or on behalf of royal family groups reveal information about key aspects of daily life in Shang society that are barely even mentioned in Western scholarship The newly published Huayuanzhuang East Oracle Bone inscriptions are a spectacular addition to the corpus of texts from Anyang hundreds of intact or largely intact turtle shells and bovine scapulae densely inscribed with records of the divinations in which they were used They were produced on the behalf of a mature prince of the royal family whose parents both alive and still very much active almost certainly were the twenty first Shang king Wu Ding r c 1200 B C and his consort Lady Hao fu Hao The Huayuanzhuang East corpus is an unusually homogeneous set of more than two thousand five hundred divination records produced over a short period of time on behalf of a prince of the royal family There are typically multiple records of divinations regarding the same or similar topics that can be synchronized together which not only allows for remarkable access into the esoteric world of divination practice but also produce micro reconstructions of what is essentially East Asia s earliest and most complete day and month planner Because these texts are unusually linguistically transparent and well preserved homogeneous in orthography and content and published to an unprecedentedly high standard they are also ideal material for learning to read and interpret early epigraphic texts The Huayuanzhuang East oracle bone inscriptions are a tremendously important Shang archive of material documents that were produced by a previously unknown divination and scribal organization They expose us to an entirely fresh set of perspectives and preoccupations centering on a member of the royal family at the commencement of China s historical period The completely annotated English translation of the inscriptions is the first of its kind and is a vibrant new source of Shang history that can be accessed to rewrite and supplement what we know about early Chinese civilization and life in the ancient world Before the discerning reader are the motives preoccupations and experiences of a late Shang prince working simultaneously in service both for his Majesty his parents and his own family

A Legacy of Elegance Li Zongkun, 2017-10-15 This publication is the product of several auspicious occasions United College celebrated its sixtieth anniversary in 2016 2017 and the Chinese University of Hong Kong Library marked this occasion by carrying out preservation work and cataloguing the collection of fortyfour oracle bones which comprised the majority of this study The remaining twentyseven oracle bones belong to the Art Museum which is pleased to publish them jointly to celebrate the golden anniversary of the Institute of Chinese Studies of

which the museum is an integral part This year also marks the fortieth anniversary of the Chinese University Press These milestones occasion the tripartite collaboration

These Bones Shall Rise Again David N. Keightley, 2014-08-12 These Bones Shall Rise Again brings together in one volume many of David N Keightley s seminal essays on the origins of early Chinese civilization Written over a period of three decades and accessible to the non specialist these essays provide a wealth of information and insights on the Shang dynasty traditionally dated 1766 1122 or 1056 BCE Of all the eras of Chinese history the Shang has been a particularly elusive one long considered more myth than reality A historian with a keen appreciation for anthropology and archaeology Keightley has given us many descriptions of Shang life Best known for his analysis of oracle bones he has looked beyond the bones themselves and expanded his historical vision to ponder the lives of those who used them What did the Shang diviner think he was doing The temerity to ask such questions and the insights they have provided have been provocative and at times controversial Equally intriguing have been Keightley s assertions that many of the distinctive features of Chinese civilization were already in evidence during the Shang 3000 years ago In this collection readers will find not only an essential reference but also the best kind of thought provoking scholarship

A Perpetual Fire Lara Jaishree Netting, 2013-09-01 After serving as a missionary and then foreign advisor to Qing officials from 1887 to 1911 John Ferguson became a leading dealer of Chinese art providing the Metropolitan Museum of Art the Cleveland Museum of Art and other museums with their inaugural collections of paintings and bronzes In multiple publications dating to the 1920s and 1930s Ferguson made the controversial claim that China s autochthonous culture was the basis of Chinese art His two Chinese language reference works still in use today were produced with essential help from Chinese scholars Emulating these men of culture with whom he lived and worked in Peking Ferguson gathered paintings bronzes rubbings and other artifacts In 1934 he donated this group of over one thousand objects to Nanjing University the school he had helped to found as a young missionary This work offers a significant contribution to the history of Chinese art collection John Ferguson learned from and worked with Qing dynasty collectors and scholars and then Republican era dealers and archeologists while simultaneously

supplying the objects he had come to know as Chinese art to American museums and individuals He is an ideal subject to help us see the interconnections between increased Western interest in Chinese art and archeology in the modern era and cultural change taking place in China **Ritual and Economy in East Asia** Rowan Flad,Anke Hein,Bryan K.

Miller,2023-06-01 In commemoration of Lothar von Falkenhausen s 60th birthday this volume assembles eighteen scholarly essays that explore the intersection between art economy and ritual in ancient East Asia The contributions are clustered into four themes Ritual Economy Ritual and Sacrifice Technology Community Interaction and Objects and Meaning which collectively reflect the theoretical methodological and historical questions that Falkenhausen has been examining via his scholarship research and teaching throughout his career Most of the chapters work with archaeological and textual data from China but there are also studies of materials from Mongolia Korea Southeast Asia and even Egypt showing the global impact of Falkenhausens work The chronological range of studies extends from the Neolithic through the Bronze Age in China into the early imperial medieval and early modern periods The authors discuss art economy ritual interaction and technology in the broad context of East Asian archaeology and its connection to the world beyond Collection of Ancient Chinese Cultural Relics, Volume 1

Wang Guozhen,2019-12-01 This book provides images in colour and describes Chinese relics from the primitive period the Xia and Shang dynasties 21st to 11th century BC **Chinese Annals in the Western Observatory** Edward Shaughnessy,2019-11-18 Since the beginning of the twentieth century hundreds of thousands of documents of all sorts have been unearthed in China opening whole new fields of study and transforming our modern understanding of ancient China While these discoveries have necessarily taken place in China Western scholars have also contributed to the study of these documents throughout this entire period This book provides a comprehensive survey of the contributions of these Western scholars to the field of Chinese paleography and especially to study of oracle bone inscriptions bronze and stone inscriptions and manuscripts written on bamboo and silk Each of these topics is provided with a comprehensive narrative history of studies by Western scholars as well as an exhaustive bibliography and biographies of important scholars in the field It is also supplied with a list of Chinese translations of these studies as well as a complete index of authors and their works Whether the reader is interested in the history of ancient China ancient Chinese paleographic documents or just in the history of the study of China as it has developed in the West this book provides one of the most complete accounts available to date **A History of Ancient Chinese Geoscience** Wenheng Yang,Qinye

Yang,2025-04-30 This book studies the history of geoscience in ancient China Building on a comprehensive review of the historical development of Chinese geoscience the authors map out the trends and patterns in the development of geoscience thereby filling a research gap in this field and laying the groundwork for a systematic study of the history of Chinese geoscience The Chinese version of this book was selected as a key national book planning project under China s 12th Five Year Plan and was funded by the National Publication Foundation It also won the 6th China Outstanding Publication Award

Encompassing historical accounts of both geography and geology the book explores the origin development and prosperity of ancient Chinese geoscience It introduces a wide range of topics covering a time span from the primitive societies to the Late Qing dynasty In each time period as well as discussion of the contexts topics include the mainstream schools of thought scientific discoveries and their significance scholarly works well known experts major research activities research institutes educational programmes academic journals scientific instruments and knowledge exchange The book also deals with the history of several neighbouring disciplines such as climatology cartology hydrology geomorphology and mineral petrology The authors provide an exceptionally detailed description of geoscience in embryo the forming of early knowledge of the Earth in primitive society For the first time philosophers geoscientific understanding of the world and the findings of historical mineralogy and petrology are brought to the fore supported by data from various sources including ancient literature archives and documentation archaeological sites cultural artefacts and modern experimental evidence The novel design of contextualising each phase of development in its unique social political conditions is unprecedented and of high academic and social value Marked by its specialised interpretation and scientific rigour this work proves to be unparalleled in revealing the reciprocity between scientific innovation and societal transformation thus providing valuable lessons and inspiration for future geoscientists As a reference book on the history of geoscience it aims to provide specialist guidance for professionals in the field of geoscience geoscience historians and researchers university teachers and students in relevant disciplines and teachers of geography or science in primary or secondary schools

The Book of Changes: A Modern Adaptation and Interpretation Paul G. Fendos, 2018-04-10 The Book of Changes A Modern Adaptation and Interpretation attempts to breathe new life into the Book of Changes by making it relevant to the present time and day It does so by using archaeological evidence to trace the origins of the Book of Changes starting with numeric trigrams and hexagrams making its way up to early divination manuals and ending with the oldest extant version of the Books of Changes usually referred to as the received version It also explains the development of the Book of Changes from a divination manual into a philosophical text dealing with change However its main focus is on delineating sixty four patterns of change in the Book of Changes patterns based on novel metaphorical interpretations of the line texts in the Book of Changes that serve as the foundation for a new handbook on change Each metaphorical interpretation consists of 1 a hexagram and the Chinese character associated with it 2 a description of the hexagram 3 the Chinese characters for the line texts 4 translations of the line texts 5 a general interpretation of the line texts based on those translations 6 and some explanatory notes that attempt to clarify each interpretation Translations and the interpretations based on those translations reference Traditional and Modernist understandings of the line text materials ancient texts dictionaries lexicons from the period when the Book of Changes was compiled and the ideas of the author as he works to create a new Chinese philosophy of change complete with examples of how it can be adapted in modern day life The clear and concise general introduction to the Book of Changes that is

incorporated into this work the many interpretations of the line texts contained in it and a popular philosophical content make this book a welcome addition to the field and will attract interested scholars and teachers engage business people or those looking to better understand Chinese culture and appeal to those focused on spirituality and holistic living
