**Penguin Classics** Penguin (Firm),2001 George Meredith Jacqueline P. Banerjee,2012 George Meredith was a lyrical yet searingly honest poet and an influential novelist whose fiction distilled contributed to and animated the major debates of the Victorian age He became at once an arbiter of taste in his own times and a trailblazer for modernism In many ways an extraordinary larger than life figure he has always had his admirers and critics have continued to be drawn to the

biographical socio political scientific and experimental aspects of his oeuvre Some of his works including the sonnets of Modern Love his Essay on Comedy and the Uses of the Comic Spirit and novels like The Egoist have attained the status of classics The present study focuses on such works putting them in context to show how innovatively this versatile writer shaped and reshaped his material and how powerfully his inimitable voice still resonates with and challenges us in the twenty first century

Ireland, 2014-07-29 How is Hardy's development of thematic and characters matched by that of narrative techniques and his handling of time This book uses narratological methods to stress the interdependence of content and expression in a key transitional writer between the Victorian and Modernist eras

**The Experimental Impulse in George Meredith's Fiction** Richard C. Stevenson, 2004 This book argues that George Meredith as a writer of Victorian fiction is most critical for us today because of the ways in which he wrote against convention The focus is on seven novels An Essay on Comedy The Ordeal of Richard Feverel The Adventures of Harry Richmond The Egoist One of Our Conquerors Lord Ormont and His Aminta and The Amazing Marriage which clearly illuminate the experimental and transgressive impulse in Meredith as seen in his treatment of controversial contemporary themes in his departures from conventions of genre and in his innovations with narrative technique and the representation of consciousness canonical writers we now associate with the first wave of modernism in the English novel James and then Woolf Forster Lawrence Conrad Ford and Joyce to varying degrees all saw Meredith as an influence to be reckoned with in their own novelistic experimentation an influence this book proposes essential to understanding the modernist translation of nineteenth century realism into new formal thematic and psychological realms twentieth century British novel at the University of Oregon

*Gothic and the Comic Turn* A. Horner, S. Zlosnik, 2004-11-30 Although Gothic writing is now seen as significant for an understanding of modernity it is still largely characterized as a literature of fear and anxiety Gothic and the Comic Turn argues that partly through its desire to be taken seriously Gothic criticism has neglected the comic doppelganger that has always inhabited the Gothic mode and which in certain texts emerges as dominant Tracing an historical trajectory from the late Romantic period through to the present day this book examines how varieties of comic parody and appropriation have interrogated the complexities of modern subjectivity

modern novel in English literature Synopsis Sir Austin Feverel's wife deserts him to run away with a poet leaving her husband to bring up their boy Richard Believing schools to be corrupt Sir Austin a scientific humanist educates the boy at home with a plan of his own devising known as the System This involves strict authoritarian supervision of every aspect of the boy's life and in particular the prevention of any meeting between Richard and girls of his own age Richard nevertheless meets and falls in love with Lucy Desborough the niece of a neighboring farmer Sir Austin finds out and disapproving of her humble birth forbids them to meet again but they secretly marry Sir Austin now tries to retrieve the situation by sending Richard to London Here however Sir Austin's friend Lord Mountfalcon successfully sets a courtesan to seduce Richard hoping that this will leave Lucy open to seduction by himself Ashamed of his own conduct Richard flees abroad where he at length hears that Lucy has given birth to a baby and has been reconciled to Sir Austin He returns to England and hearing about Lord Mountfalcon's villainy challenges him to a duel But this goes badly Richard is seriously wounded Lucy is so overcome by this turn of events that she loses her mind and dies In 1856 George Meredith's wife Mary began an affair with the artist Henry Wallis In the following year pregnant by Wallis she ran away to join him leaving her son Arthur behind Meredith undertook to bring the child up The parallels with the opening chapters of the novel are obvious though Sir Austin is certainly not intended as a self portrait 2 Meredith was equivocal in his attitude to Sir Austin's favourite educational theories which it has been shown derived largely from the medical writer William Acton's Prostitution Considered in Its Moral Social she died three years later The collection of sonnets entitled Modern Love 1862 emerged from this experience as did The Ordeal of Richard Feverel his first major novel
