Speaking Of Sex The Limits Of Language Sexual Politics:

Speaking of Sex Anthony Grey, 1993-11-25 Nowadays we talk about sex incessantly yet we still lack a comfortable language in which to do so The polite vocabularies of religion medicine law and sociology are too formal value laden and often simply boring whilst the vernacular Anglo Saxon words are regarded by some as obscene and are frequently used by others in an aggressively negative sex hating way Antony Grey criticizes the various rhetorics of sexual discussion and points at the ways in which language often becomes a stumbling block to mutual understanding and happiness He calls for a thorough overhaul of sexual discourse to pave the way for greater realism

Gay Men and the Left in Post-war Britain Lucy Robinson, 2013-07-19 Available in paperback for the first time his book demonstrates how the personal became political in post war Britain and argues that attention to gay activism can help us to fundamentally rethink the nature of post war politics While the Left were fighting among themselves and the reformists were struggling with the limits of law reform gay men started organising for themselves first individually within existing organisations and later rejecting formal political structures altogether Culture performance and identity took over from economics and class struggle as gay men worked to change the world through the politics of sexuality Throughout the post war years the new cult of the teenager in the 1950s CND and the counter culture of the 1960s gay liberation feminism the Punk movement and the miners strike of 1984 all helped to build a politics of identity There is an assumption among many of today s politicians that young people are apathetic and disengaged This book argues that these politicians are looking in the wrong place People now feel that they can impact the world through the way in which they live shop have sex and organise their private lives Robinson shows that gay men and their politics have been central to this change in the post war world

Queer Postcolonial Narratives and the Ethics of Witnessing Donna McCormack, 2015-07-30 *Queer Postcolonial Narratives and the Ethics of Witnessing* is a critically engaged exploration of power and its relation to ethics and bodies. By revisiting and revising Judith Butler's and Homi Bhabha's queer and postcolonial theories of literary performance, McCormack expands current understandings of the performative workings of power through an embodied multisensory ethics. That remembering is an embodied act which necessitates an undoing of one's sense of self captures how colonial and familial histories silenced by hegemonic structures may only emerge through opaque bodily sensations. These non-institutionalised forms of witnessing serve both to reconfigure theories of performativity by re-situating the act of witnessing as integral to the workings of power and to interrogate the current emphasis on speech in trauma studies by analysing the multifarious communal and public ways in which memories emerge. In *Queer Postcolonial Narratives and the Ethics of Witnessing* the body is reinstated as central to both the workings of and the challenges to colonial discourses. *New Sexual Agendas* Lynne Segal, 2015-12-22 *New Sexual Agendas* tackles the urgent practical and theoretical challenges in the area of gender and sexuality. Leading theorists, activists and clinicians including Bob Connell, Adam Sinfield, Leonore Tiefer and Jeffrey Weeks encourage a creative exchange of knowledge across different research and applied perspectives. This volume highlights the intensity of the feelings generated by the changes occurring in sexual and gender relations while signalling the possibilities for new strategies encompassing diversity and choice. *Sex and Sexualities in Contemporary Indonesia* Linda Rae Bennett, Sharyn Graham Davies, 2014-12-05 Winner of the 2015 Ruth Benedict Prize for Outstanding Edited Volume. Sex, sexuality and sexual relationships are hotly debated in Indonesia, triggering complex and often passionate responses. This innovative volume explores these issues in a variety of ways. It highlights historical and newer forms of sexual diversity as well as the social responses they provoke. It critiques differing representations of sexuality, pointing to the multiplicity of discourses within which sexuality and the sexual are understood in modern-day Indonesia. Placing sexuality centre stage and locating it within the specific historical context of the Reformasi era, this landmark volume explores understandings and practices across a wide variety of sites, focusing in on a diverse group of Indonesian actors and the contested meanings that sexuality carries. Beginning with a substantive introduction and concluding with a scholarly reflection on key issues, the volume is framed around the four themes of sexual politics, health, diversity and representations. It seeks both to present new empirical findings as well as to add to existing theoretical analysis. This work fills an important gap in our understanding of the evolution and contemporary dynamics of Indonesian sexualities. It will be of interest to scholars and academics from disciplines including gender and sexuality studies, global health, sexual and reproductive health, anthropology, sociology and Asian studies. *Walter Benjamin's Grave* Michael Taussig, 2010-04-13 In September 1940 Walter Benjamin committed suicide in Port Bou on the Spanish-French border when it appeared that he and his travelling partners would be denied passage into Spain in their attempt to escape the Nazis. In 2002, one of anthropology's and indeed today's most distinctive writers, Michael Taussig

visited Benjamin's grave in Port Bou. The result is *Walter Benjamin's Grave*, a moving essay about the cemetery eyewitness accounts of Benjamin's border travails and the circumstances of his demise. It is the most recent of eight revelatory essays collected in this volume of the same name. Looking over these essays written over the past decade, writes Taussig, "I think what they share is a love of muted and defective storytelling as a form of analysis. Strange love indeed: love of the wound, love of the last gasp. Although thematically these essays run the gamut, covering the monument and graveyard at Port Bou, discussions of peasant poetry in Colombia, a pact with the devil, the peculiarities of a shaman's body transgression, the disappearance of the sea, New York City cops, and the relationship between flowers and violence, each shares Taussig's highly individual brand of storytelling, one that depends on a deep appreciation of objects and things as a way to retrieve even deeper philosophical and anthropological meanings. Whether he finds himself in Australia, Colombia, Manhattan, or Spain, in the midst of a book or a beach, whether talking to friends or staring at a monument, Taussig makes clear through these marvelous essays that materialist knowledge offers a crucial alternative to the increasingly abstract, globalized, homogenized, and digitized world we inhabit. Pursuing an adventure that is part ethnography, part autobiography, and part cultural criticism, refracted through the object that is Walter Benjamin's grave, Taussig with this collection provides his own literary memorial to the twentieth century's greatest cultural critic." *Psychoanalysis and the Small Screen*, Carol Owens, Sarah Meehan.

O'Callaghan, 2023-08-11. *Psychoanalysis and the Small Screen* examines the impact of cinema closures and the shift to small screen consumption on our aesthetic and subjective desires during the COVID-19 pandemic from a Lacanian perspective. The chapters in this text hold a unique focus on the intersections of film psychoanalysis and the subjective implications of the shift from cinema to the small screen of domestic space. The subjects span historical and current Lacanian thinking, including the representation of psychoanalysis as artifice, Lacan appearing on television, the travails and tribulations of computer-mediated analysis, the traumatope, and the techno-inflected imagined social bond of what Jacques Lacan called the *alethosphere*. In this collection, the socio-cultural narratives and Real disruptions of the pandemic are framed as a function of the paradoxes of enjoyment characteristic of Lacanian psychoanalysis, rather than merely the psychosocial repercussions of a planetary and contingent disaster. With contributions from practicing psychoanalysts as well as academics working in related interdisciplinary areas, *Psychoanalysis and the Small Screen* will have appeal to readers of contemporary Lacanian work in general, to readers and researchers of contemporary psychoanalytic studies, and to transdisciplinary and intersectional scholars engaged in psychoanalytic cultural and psycho-social research.
