Speaking For Sex Sexual Communication In Intimate Relationships:

Speaking for Sex Wells, Jacobson, 1997-07-01 *Speaking of Sex* Joel Wells, 2000-09-01 **Sex Talk** Carey M.

Noland, 2010-04-09 This book presents research that identifies the most salient issues related to communication about sex in relationships and explores these issues in a format that will improve the understanding and practice of sexual communication. What is missing in sex education: An understanding of relationship issues, an understanding of how to communicate with partners, and an understanding of gender differences that affect communication between the sexes. **Sex Talk: The Role of Communication in Intimate Relationships** was written to inform, influence, and expand individuals' understanding of sexual communication and the dynamics of sexual relationships. It explains why sex talk is important and details how to successfully talk about sex in various types of relationships and stages of relationship development. The book presents research about sex talk in short and long term relationships and in marriage. It offers information bearing on casual sexual relationships, friends with benefits, and new sexual relationships, as well as on how to discuss sex with adolescents and with health care providers. Each chapter opens with a vignette that explores a communication problem related to sex talk and ends with practical advice on how to improve or start conversations about sex.

Activities for Teaching Gender and Sexuality in the University Classroom Michael Murphy, Elizabeth Ribarsky, 2013-04-26 *Activities for Teaching Gender and Sexuality in the University Classroom* is the first interdisciplinary collection of activities devoted entirely to teaching about gender and sexuality. It offers both new and seasoned instructors a range of exciting exercises that can be immediately adapted for their own classes at various levels and across a range of disciplines. Activities are self-contained, classroom tested, and edited for ease of use and potential to remain current. Each activity is thoroughly described with a comprehensive rationale that allows even those unfamiliar with the material concepts to quickly understand and access the material, learning objectives, required time and materials, directions for facilitation, debriefing questions, cautionary advice, and other applications. For the reader's benefit, each activity is briefly summarized in the table of contents and organized according to themes common to most social science classrooms: Work, Media, Sexuality, Body, etc. Many activities also include handouts that can be photocopied and used immediately in the classroom. *Activities for Teaching Gender and Sexuality in the University Classroom* will be the standard desk reference on this topic for years to come and will be indispensable to those who regularly teach on these topics.

Encyclopedia of Sex and Sexuality Heather L. Armstrong, 2021-03-01 Providing a comprehensive framework for the broad subject of human sexuality, this two-volume set offers a context of historical development, scientific discovery, and sociopolitical and sociocultural movements.
