Surviving Technopolis Arthur W. Hunt III, 2013-09-24 Technopolis has no end in view other than bigger faster newer and
more While giving us many material benefits at least in the short run in its wake are spiritual loss alienation and devastation
These essays not only evaluate Technopolis but also seek wisdom to cope with our new human made environments Positively
stated they offer suggestions on how to bring us back into balance Some of our best wisdom in analyzing Technopolis can be
found in the voices of the Christian humanists Unlike Enlightenment humanism which tends to be human centered Christian
humanism is concerned with the role of humankind within God's created order G K Chesterton T S Eliot J R R Tolkien and C S
Lewis represent this tradition They and others like them understood that technological progress with no clear telos obscures
what Eliot called the permanent things *Surviving Technopolis* means restoring the things closest to us those old identity
forming institutions of home church and community **A Matter of Seasons** Karl B Koth, 2013-04 Set in the 1970s within
the political context of the maelstrom caused by Michael Manley's attempted Democratic Socialism *A Matter of Seasons*
revolves around the visionary attempt to alter the destiny of Jamaica's historical trajectory and the characters who occupy
that stage in one way or another Enter Doug Austin the educated idealistic scion of a well known family Doug attempts to
break with his family's plantocratic past and its own reverberations in his soul by returning to Jamaica and throwing himself
into the island's development as a teacher at a secondary school in the country His original intentions and naive idealism are

challenged by the politics of poverty and ultimately broken by the immanence of insurmountable race and class questions and the tragedy which afflicts his family Tragic but touching comic and suspenseful A Matter of Seasons is of immense relevance to Jamaica s ongoing dilemmas
