Saving Can-Do Philip K. Howard, 2025-09-23 Frustration with government is widespread but neither party has a vision for making things work sensibly In *Saving Can Do* Philip K Howard shows how to revive our freedom to roll up our sleeves and act like Americans again All societies periodically undergo a major shift in the social order America is at one of those moments of change but neither political party is offering a vision for overhaul President Trump s approach to government is to swing a wrecking ball at the status quo But how will Washington work better the day after DOGE Democrats are in denial waiting their turn to run a bloated government that Americans increasingly loathe In this brief bold book Philip K Howard the civic philosopher who advises leaders of both sides offers a dramatically simpler governing vision Replace red tape with responsibility Let Americans use their judgment Let other Americans hold them accountable for their results and their values In *Saving Can Do* best selling author Philip K Howard unlocks the quandary of populist resentment and also of broken government Nothing works as it should because red tape has strangled common sense Of course people don t get along we re not allowed to be ourselves The geniuses in the 1960s tried to create a government better than people Just follow the rules Or prove that your judgment about someone is fair But how do you prove who is selfish or doesn t try hard Bureaucracy makes people go brain dead so focused on mindless compliance that they can t solve the problem before them America is flailing in legal quicksand The solution is a new governing framework that allows Americans to roll up their sleeves and take responsibility We must scrap the red tape state What s required is a multi year effort to replace these massive failed bureaucracies with simpler codes that are activated by people using their judgment The idea is not radical but traditional it s the operating philosophy of the Constitution As America approaches the 250th anniversary of the revolution it s time to reclaim the magic of America s unique can do culture
