*The Collapse of the Common Good* Philip K. Howard,2007-12-18 In pursuit of fairness at any cost we have created a society paralyzed by legal fear Doctors are paranoid and principals powerless Little league coaches scared of liability stop volunteering Schools and hospitals start to crumble The common good fades replaced by a cacophony of people claiming their individual rights By turns funny and infuriating this startling book dissects the dogmas of fairness that allow self interested individuals to bully the rest of society Philip K Howard explains how trying to honor individual rights we removed the authority needed to maintain a free society Teachers don t even have authority to maintain order in the classroom With no one in charge the safe course is to avoid any possible risk Seesaws and diving boards are removed Ridiculous warning labels litter the American landscape Caution Contents Are Hot Striving to protect individual rights we ended up losing much of our freedom When almost any decision that someone disagrees with is a possible lawsuit no one knows where he stands A huge monument to the unknown plaintiff looms high above America casting a dark shadow across our daily choices Today in the land of free speech you d have to be a fool to say what you really think This provocative book not only attacks the sacred cows of political correctness but takes a breathtakingly bold stand on how to reinvigorate our common good Only by restoring personal authority can schools begin to work again Only by judges and legislatures taking back the authority to decide who can sue for what can doctors feel comfortable using their best judgment and American be liberated to say and do what they know is right Lucid honest and hard hitting *The Collapse of the Common Good* shows how Americans can bring back freedom and common sense to a society disabled by lawyers and legal fear

*The Lost Art of Drawing the Line* Philip K. Howard, 2001-06-12

The Lost Art of Drawing the Line will appall and irritate and entertain readers every bit as much as Philip Howard s first book Why is it that no one can fix the schools Why do ordinary judgements fill doctors with fear Why are seesaws disappearing from playgrounds Why has a wave of selfish people overtaken America In our effort to protect the individual against unfair decisions we have created a society where no one s in charge of anything Silly lawsuits strike fear in our hearts because judges don t think they have the authority to dismiss them Inner city schools are filthy and mired in a cycle of incompetence because no one has the authority to decide who s doing the job and who s not When no one s in charge we all lose our link to the common good When principals lack authority over schools of what use are the parents views When no one can judge right and wrong why not be as selfish as you can be Philip Howard traces our well meaning effort to protect individuals through the twentieth century with the unintended result that we have lost much of our individual freedom Buttressed with scores of stories that make you want to collar the next self centered jerk or hapless bureaucrat The Lost Art of Drawing the Line demonstrates once again that Philip Howard is trying to drive us all sane
