Israel's National Security Efraim Inbar, 2007-12-21 This volume presents a comprehensive analysis of Israel's security challenges since the 1973 October War Efraim Inbar takes the reader on a historical journey through Israel's relations in the Middle East that begins with an analysis of Israel's strategic thinking after 1973 and ends with an important look at the recent Second Lebanese War and the Iranian nuclear challenge Israel's National Security delves not only into Israel's responses but also its relationships in the international community providing a complete picture of how Israel's strategic environment has evolved over time Relevant to today's current political atmosphere the volume dissects the influences of the growing appeal of Islamic extremism on the peace process Israel's strategic partnerships with India and Turkey and Israel's relations with the Palestinians *The Hiker travel guide for Israel*, 2025-09-24 **Future of the Prophetic** Marc H.

Ellis, 2014 Argues that in the persistence of the prophetic the legacy of the ancient Jewish world spread beyond the boundaries of the Jewish community and took root throughout the world *Friends of Israel* Hilary Frances Aked, 2023-04-18 Is there such a thing as the Israel lobby and how powerful is it really Friends of Israel provides a forensically researched account of the activities of Israel's advocates in Britain showing how they contribute to maintaining Israeli apartheid The book traces the history and changing fortunes of key actors within the British Zionist movement in the context of the Israeli government's contemporary efforts to repress a rising tide of solidarity with Palestinians expressed through the Boycott Divestment and Sanctions BDS movement Offering a nuanced and politically relevant account of pro-Israel actors' strategies, tactics and varying levels of success in key arenas of society it draws parallels with the similar anti-boycott campaign waged by supporters of the erstwhile apartheid regime in South Africa By demystifying the actors involved in the Zionist movement the book provides an anti-racist analysis of the pro-Israel lobby which robustly rebuffs anti-Semitic conspiracies Sensitively and accessibly written it emphasises the complicity of British actors both those in government and in civil society Drawing on a range of sources including interviews with leading pro-Israel activists and Palestinian rights activists documents obtained through Freedom of Information requests and archival material Friends of Israel is a much needed contribution to Israel-Palestine related scholarship and a useful resource for the Palestine solidarity movement

The God of Freedom and Life Stephen J. Binz, 2017-06-15 Uses the New American Bible Revised Edition The epic story of liberation and covenant making flowers in the pages of the book of Exodus making this study the perfect choice for the holy season of Lent Exodus provides a deeper understanding of Passover and the journey to the Promised Land with commentary and questions that reveal the profound meaning of the patterns of slavery, freedom and promise etched in its pages *Israel's Holocaust and the Politics of Nationhood* Idith Zertal, 2005-09 A compelling analysis considers the ways Israel has used the memory of the Holocaust to define its existence and politics *Spectacular Israel* Amotz Asa-El, 1998 This overview of Israel offers a pictorial exploration of its natural beauty the contrast between antiquity and modernity and

aspects of everyday life The Political Economy of Israel Yakir Plessner, 2012-02-01 This book constitutes the first attempt at a comprehensive description history and analysis of Israel's economy Plessner examines events of the past two decades and advances the hypothesis that problems within the Israeli economy can be explained by the extent of its departure from the institutions and rules that govern predominantly market economies He argues that Israel is unusual in that it affords an opportunity to analyze a socialized economy embedded in a democratic society Individual chapters describe Israel's economic growth and stagnation the government's domination of capital and credit markets and the absence of a truly independent private sector The concluding chapter evaluates the stabilization program of the 1980s and its aftermath and provides a prognosis for the future Told within the framework of the story of Zionism and the creation of the Jewish state this book answers the question of why the Israeli economy finds itself today in the same state in which it has languished since 1973
