## **Spectacular Pools:**

**Spectacular Pools** Francisco Asensio Cerver, Pere Planells, 2003-02-18 Few constructions better epitomize leisure and comfort than the swimming pool. Although at times pools serve landscaping or sporting functions, most often swimming pools are associated with lazy hours enjoyed under the sun in a bathing suit, the only concern being to finish a beverage before the ice cubes melt. *Spectacular Pools* presents a selection of some of the most stunning swimming pools in the world. Included are more than twenty-five inspirational pools located in both the coastal and inland United States, on the Mediterranean and in the Caribbean, Australia and Asia, providing a spectacular overview of different pool designs and creations from all over the world. More Spectacular Pools Marina Ubach, Pere Planells, 2003-07-01

Few constructions better epitomize leisure and comfort than the swimming pool. Although at times pools serve landscaping or sporting functions, they are most associated with relaxation and leisure. This new collection features dozens of innovative pool designs from the United States, Tuscany, Spain, Marrakech, and more. Pools continue to challenge architects, landscapers, and homeowners to create serene beauty and peace. *More Spectacular Pools* is just the book to inspire such plans. *Spectacular Pools* Francisco Asensio Cerver, 2003

**Sanctuary** Diane Owen, 2005-08 As he opened the door, he heard a loud high trilling note as an Aalonna tried to break through the barriers. She glared widely around the station with her gleaming faceted eyes, waving her thin legs and arms. Her interpreter was crying out loud, "Let her through! Let her through! Sir, please! She needs to speak to you." Commander Joleson gladly accepts a commanding position for the World Federation's first starship, *Star Gazer*. But something doesn't feel right. Even though representatives from the World Federation will be on board and supposedly working together, Joleson can't shake his paranoia. He suspects that the Aalonna, the six-foot-tall antlike beings, hide a sinister past. But what is that past? As they make their journey, Yantrala, a storyteller from the planet Latrala, describes a world of music and love destroyed by evil. But where are the residents of this world now? Joleson fears that someone or something is trying to keep *Star Gazer* in the dark. But are they helping or hindering *Star Gazer*? And just how far will the Aalonna people go to complete their destiny?

**1000 Wonders of Nature**, 2002 Delve below the Earth, soar beyond the heavens, and scour every corner of the planet to discover wonders far greater in number than the world's Big Seven and just as astounding. A riveting read for weird science buffs of all ages and an ideal way for parents and kids to share the thrills of learning. *1000 Wonders of Nature* spotlights incredible animals, formidable forces of weather, and mysterious occurrences, and clearly explains the facts of science behind them all. Filled with 1,300 up-close and astounding full-color photos of the most intriguing living creatures and impressive natural spectacles, chapters highlight Nature's Great Events, from the self-healing secrets of Peruvian parrots to the underwater fireworks sparked by spawning corals. Amazing Animals, from lizards that walk on water to fish that spend the night in slimy sleeping bags, to birds that feast on blood. Microscopic Marvels, from destructive plant viruses that hitch rides with insects to friendly fungi that supply trees with essential minerals. Heavenly Amazements, from diamond showers that fall
