Subcommittee to Investigate Juvenile Delinquency, 1972 **Out of the Rain** J. Malcolm Garcia, 2024-07-16 A debut novel from the award winning journalist about the people in a San Francisco homeless shelter and those who try to help or prey on them Ever since I first read Mr Garcia's journalism I have admired his bravery and accuracy This work reminds me of Gyrgy Konr d's great novella The Case Worker William T Vollmann There's a writer named J Malcolm Garcia who continually astounds me with his energy and empathy I've been following him wherever he goes Dave Eggers Out of the Rain takes us into the growing world of the homeless in the United States particularly in San Francisco Here we read their powerful stories which examine not just poverty but bottom of the barrel destitution and in many cases self destruction Tom who runs a social services agency doesn't play by a book of rules as much as try to bring some humanity to his work Then there is Walter a homeless man who can't save himself from booze but is ready to help others Throughout this novel told from various perspectives the reader is introduced in intimate detail to the lives of social services workers trying to find open shelter beds and simultaneously navigating federal programs Homeless men and women are battling sobriety and addiction and simply trying to find sustainable work and decent housing Based on the author's experience working with homeless people in San Francisco as a social services worker in the 1980s and 1990s this novel vividly takes the reader into the heads of combat veterans junkies prostitutes and the unemployed J Malcolm Garcia left social services to pursue journalism so he could write about the people he worked with and share their stories and humanity with the broader public There weren't enough shelter beds weren't enough detoxes weren't enough jobs weren't enough anything for the people I wanted to help Tom social worker in Out of the Rain *Media Unlimited* Todd Gitlin, 2003-01-06 Examines our media dominated world through the vast array of manufactured images and sounds that define our civilization from video games to elevator music action movies to reality shows and punditry to Internet exhibitionists **Media Unlimited, Revised Edition** Todd Gitlin, 2007-09-18 A balanced yet biting critique Gitlin is a savvy guide to our increasingly kinetic times San Francisco Chronicle In this original look at our electronically gluttonous speed addicted world Todd Gitlin evokes a reality of relentless sensation instant transition and nonstop stimulus which he argues is anything but progress He shows how all media all the time fuels celebrity worship paranoia and irony and how attempts to ward off the onrush become occasion for yet more media Far from bringing about a new information age Gitlin argues the digital torrent has fostered a society of disposable emotions and casual commitments and threatens to make democracy a sideshow In a new afterword Gitlin takes measure of the most recent wave of inundation in the form of iPods blogs and YouTube Both a startling analysis and a charged polemic Media Unlimited reveals the unending stream of manufactured images and sounds as a defining feature of our civilization and a perverse culmination of Western hopes for freedom
