**The Alien in Israelite Law** Christiana van Houten, 1991-01-01 One of the first systematic and critical reconstructions of the history of the social class of aliens in ancient society this study develops new insights gained from the sociological approach to biblical literature As Israel developed from tribal society to state from state to confessional community and from confessional community to province the identity and legal status of the alien developed in a concomitant way Laws which initially afforded the alien only partial social and cultic inclusion in the pre exilic period eventually required complete equality between the alien and Israelite in the postexilic period *A New Look at God's Law* Robert J. Wieland, 2000 Click on the Faith button and God's stern Ten Commandments suddenly become good news Believe how I am the Lord your God who has already historical past tense brought you out of Egypt out of the house of bondage and His Ten Commandments become before your eyes assurances of blessings [The ten commandments in new perspective](#) Eduard Nielsen, David J. Bourke, 1965 *New Perspectives in American Jewish History* Mark A. Raider, Gary Phillip Zola, 2022-01-03 New Perspectives in American Jewish History A Documentary Tribute to Jonathan D Sarna compiled by Sarna's former students presents heretofore unpublished neglected and rarely seen historical records documents and images that illuminate the heterogeneity breadth diversity and colorful dynamism of the American Jewish experience *The Pastoral Epistles and the New Perspective on Paul* Daniel Wayne Roberts, 2021-08-31 The so called New Perspective on Paul has become a provocative way of understanding Judaism as a pattern of religion characterized by covenantal nomism which stands in contrast to the traditional Lutheran position that argues that the Judaism against which Paul responded was legalistic This new perspective of first century Judaism has remarkably changed the landscape of Pauline studies but it has done so in relative isolation from the Pastoral Epistles which are considered by most critical scholarship to be pseudonymous Because of this lack of interaction with the Pastoral Epistles this study seeks to test the hermeneutic of the New Perspective on Paul from a canonical perspective This study is not a polemic against the New Perspective on Paul but an attempt to test its hermeneutic within the Pastoral Epistles Four basic tenets of the New Perspective on Paul taken from the writings of E P Sanders N T Wright and James D G Dunn are identified and utilized to choose the passages in the Pastoral Epistles to be studied to test the New Perspective's hermeneutic outside undisputed Paul The four tenets are as follows Justification Salvation Law and Works Paul's View of Judaism and the Opponents Based on these tenets the passages considered are 1 Tim 1:6-16 2:3-7 2 Tim 1:3-8 12 and Titus 3:3-7 [The New Perspective on Paul](#) James D.G. Dunn, 2008 The New Perspective on Paul By author James D G Dunn published on January 2008 by James D G Dunn 2008 **Resurrecting Jesus** Dale C. Allison, Jr., 2005-08-18 Jesus remains a popular figure in contemporary culture and Allison remains one of our best interpreters He speaks around the country in a variety of venues on matters related to the study of the Historical Jesus In his new book he focuses on the

historical Jesus and eschatology concluding that the Jesus was not a Hellenistic wonder worker or teacher of pious morality but an apocalyptic prophet In an opening chapter that is worth the price of admission Allison astutely and engagingly captures the history of the search for the historical Jesus He observes that many contemporary readings of Jesus shift the focus away from traditional theological Christological and eschatological concerns In provocative fashion He takes on not only the Jesus Seminar but also other Jesus interpreters such as N T Wright and Marcus Borg **The Pentateuch** Kenton L. Sparks,2019-11-26 In *The Pentateuch An Annotated Bibliography* Old Testament scholar Kenton L Sparks provides expert guidance through more than seven hundred of the most significant books articles and essays on the Pentateuch His annotations describe the basic argument of the work and brief section introductions provide necessary orientation The result is more than just a list of books to read This carefully chosen and wisely annotated list provides an introduction to and a survey of scholarly study of the Pentateuch Eerdmans Dictionary of the Bible David Noel Freedman,Allen C. Myers,2000-12-31 The Eerdmans Dictionary of the Bible gathers nearly 5 000 alphabetically ordered articles that thoroughly yet clearly explain all the books persons places and significant terms found in the Bible The Dictionary also explores the background of each biblical book and related writings and discusses cultural natural geographical and literary phenomenae matters that Bible students at all levels may encounter in reading or discussion Nearly 600 first rate Bible authorities have contributed to the Eerdmans Dictionary of the Bible Intended as a tool for practical Bible use this illustrated dictionary reflects recent archaeological discoveries and the breadth of current biblical scholarship including insights from critical analysis of literary historical sociological and other methodological issues The editorial team has also incorporated articles that explore and interpret important focuses of biblical theology text and transmission Near Eastern archaeology extrabiblical writings and pertinent ecclesiastical traditions all of which help make the Eerdmans Dictionary of the Bible the most comprehensive and up to date one volume Bible dictionary on the market today New Perspectives on 2 Enoch Andrei Orlov,Gabriele Boccaccini,2012-05-25 *New Perspectives on 2 Enoch* No Longer Slavonic Only presents a collection of papers from the fifth conference of the Enoch Seminar The conference re examines 2 Enoch an early Jewish apocalyptic text previously known to scholars only in its Slavonic translation in light of recently identified Coptic fragments This approach helps to advance the understanding of many key issues of this enigmatic and less explored Enochic text One of the important methodological lessons of the current volume lies in the recognition that the Adamic and Melchizedek traditions the mediatorial currents which play an important role in the apocalypse are central for understanding the symbolic universe of the text The volume also contains the recently identified Coptic fragments of 2 Enoch introduced to scholars for the first time during the conference *Bearing Yhwh's Name at Sinai* Carmen Joy Imes,2023-06-21 The Name Command NC is usually interpreted as a prohibition against speaking Yhwh s name in a particular context false oaths wrongful pronunciation irreverent worship magical practices cursing false teaching and the like However the NC lacks the contextual specification

needed to support the command as speech related Taking seriously the narrative context at Sinai and the closest lexical parallels a different picture emerges one animated by concrete rituals and their associated metaphorical concepts The unique phrase *ns shm* is one of several expressions arising from the conceptual metaphor election as branding that finds analogies in high priest regalia as well as in various ways of claiming ownership in the Ancient Near East such as inscribed monuments the use of seals and the branding of slaves The NC presupposes that Yhwh has claimed Israel by placing Yhwh's own name on her In this light the first two commands of the Decalogue reinforce the two sides of the covenant declaration I will be your God you will be my people The first expresses the demand for exclusive worship and the second calls for proper representation As a consequence the NC invites a richer exploration of what it means to be a people in covenant with Yhwh a people bearing his name among the nations It also points to what is at stake when Israel carries that name in vain The image of bearing Yhwh's name offers a rich source for theological and ethical reflection that cannot be conveyed nonmetaphorically without distortion or loss of meaning

*Other Gods and Idols* Thomas A. Judge, 2019-02-21 This study questions why the relationship between the worship of other gods and the worship of idols within the Old Testament is difficult to define acknowledging how various traditions have seen these two issues as synonymous and others have viewed them as separate commandments Judge argues that there are four factors at play in this diversity He introduces the first three through an examination of the relationship between the prohibitions listed in the biblical text and the fourth through a study of the biblical depiction of the war against idols before and after the fall of the Northern Kingdom Judge argues that texts depicting the era before the fall provide a context in which there are strong grounds to distinguishing the worship of the wrong gods and the worship of the right God in the wrong way However texts depicting the era after the fall provide a context in which the issues appear to have been fused

**New Outlook**, 1910      **The Lawsuit Motif in John's Gospel from New Perspectives** Per Jarle Bekken, 2014-09-25 The study sheds fresh light on aspects of the lawsuit motif in John from the background of Diaspora Jewish and Greco Roman data and perspectives John's narrative of the attempts on Jesus for such crimes as breaking the Sabbath blasphemy and seduction are illuminated from Philo's perspectives on vigilante execution Furthermore John's narrative of the official Jewish and Roman forensic procedures against Jesus can also be situated within the framework of the Greco Roman administration exemplified by the legal papyri from the Roman Egypt Philo's expectation of an eschatological emperor who shall rule over many nations provides a cultural context for the way John's gospel re-inscribed Jesus as the true Emperor of all the nations

*New Perspectives in Philosophy of Education* David Lewin, Alexandre Guilherme, Morgan White, 2014-10-23 *New Perspectives in Philosophy of Education* seeks to build a bridge between philosophical reflection and socio political action by developing a range of critical discussions in the areas of ethics politics and religion This volume brings together established authorities and a new generation of scholars to ask whether philosophy of education can contribute to political and social discourse or whether it is destined to remain the marginal

gadfly of mainstream ideology The philosophy of education stands in danger of becoming a neglected field at precisely the moment we need to be able to reflect upon the increasingly apparent costs of the technocratic attitude to education While many of the educational policy discussions of recent years seem far reaching and radical critical debate surrounding these initiatives remain largely at a populist level New Perspectives in Philosophy of Education provides contemporary responses to philosophical issues that bear upon educational studies policies and practices contributing to the debate on the role of philosophy of education in an increasingly fractured intellectual milieu **Zwingli's Thought: New Perspectives** Gottfried

Wilhelm Locher,2022-03-28 New Perspectives on Jewish-Christian Relations Elisheva Carlebach,Jacob J.

Schacter,2011-11-25 This work revisits the millennia old Jewish Christian encounter by providing a nuanced understanding of its challenges as well as presenting new perspectives on hitherto neglected areas of cultural religious and social interchange and influence New Perspectives on Historical Writing Peter Burke,2001-01-01 A new edition of this best

selling collection of essays by leading experts on historical methodology Since its first publication in 1992 New Perspectives on Historical Writing has become a key reference work used by students and researchers interested in the most important developments in the methodology and practice of history For this new edition the book has been thoroughly revised and updated and includes an entirely new chapter on environmental history Peter Burke is joined here by a distinguished group of internationally renowned historians including Robert Darnton Ivan Gaskell Richard Grove Giovanni Levi Roy Porter Gwyn Prins Joan Scott Jim Sharpe Richard Tuck and Henk Wesseling The contributions examine a wide range of interdisciplinary areas of historical research including women s history history from below the history of reading oral history the history of the body microhistory the history of events the history of images and political history **New Perspectives on Human**
