Young Jewish Poets

Who Fell as Soviet Soldiers in the Second World War Rina Lapidus,2014-09-15 This book deals with the work of fifteen young Jewish poets who were killed died of wounds or were executed in captivity while serving in the Red Army in the Second World War All were young all were poets most were thoroughly assimilated into Soviet society whilst at the same time being rooted in Jewish culture and traditions Their poetry written mostly in Russian Yiddish and Ukrainian was coloured by their backgrounds by the literary and cultural climate that prevailed in the Soviet Union and was deeply concerned with their expectation of impending death at the hands of the Nazis The book examines the poets backgrounds their lives their poetry and their deaths Like the experiences and poetry of the British First World War poets the lives and poems of these young Jewish poets are extremely interesting and deeply moving

Russian Writers and Society in the Nineteenth

Century Ronald Hingley,2021-06-15 This book first published in 1977 begins with a close look at the lives of nineteenth century Russian writers and at the problems of their profession It then examines their environment in its broader aspects the Russian empire being considered from the point of view of geography ethnography economics and the impact of individual Tsars on writers and society A discussion of the main social estates follows and concluding is an analysis in their literary context of the activities of the competing forces of cohesion and disruption in imperial society the civil service law courts police army schools universities press censorship revolutionaries and agitators This book makes possible a fuller understanding of the works of Pushkin Dostoyevsky Chekhov and the other great Russian writers

Contexts, Subtexts

and Pretexts Brian James Baer,2011-04-13 This volume presents Eastern Europe and Russia as a distinctive translation zone despite significant internal differences in language religion and history The persistence of large multilingual empires which produced bilingual and even polyglot readers the shared experience of belated modernity and the longstanding practice of repressive censorship produced an incredibly vibrant profoundly politicized and highly visible culture of translation throughout the region as a whole The individual contributors to this volume examine diverse manifestations of this shared translation culture from the Romantic Age to the present day revealing literary translation to be at times an embarrassing reminder of the region s cultural marginalization and reliance on the West and at other times a mode of resistance and a metaphor for cultural supercession This volume demonstrates the relevance of this region to the current scholarship on alternative translation traditions and exposes some of the Western assumptions that have left the region underrepresented in the field of Translation Studies
