Ten Lost Plays:

Ten "lost" Plays Eugene O'Neill, 1964 **Ten 'lost' Plays** Eoghan O'Neill, 1965 **Ten 'lost' Plays, Etc** Eugene O'Neill, 1965 **Ten 'Lost' Plays** Eugene O'Neill, 1965 *Lost Plays in Shakespeare's England* D. McInnis, M. Steggle, 2014-10-22 *Lost Plays in Shakespeare's England* examines assumptions about what a lost play is and how it can be talked about how lost plays can be reconstructed particularly when they use narratives already familiar to playgoers and how lost plays can force us to reassess extant plays particularly through ideas of repertory studies Eugene O'Neill Kathleen C. Bailey, 1966 *Eugene O'Neill's One-Act Plays* M. Bennett, B. Carson, 2012-08-06 Eugene O'Neill Nobel Laureate in Literature and Pulitzer Prize winner is widely known for his full length plays However his one act plays are the foundation of his work both thematically and stylistically they telescope his later plays This collection aims to fill the gap by examining these texts during what can be considered O'Neill's formative writing years and the foundational period of American drama A wide ranging investigation into O'Neill's one acts the contributors shed light on a less explored part of his career and assist scholars in understanding O'Neill's entire oeuvre *Digital Humanities and the Lost Drama of Early Modern England* Matthew Steggle, 2016-04-22 This book establishes new information about the likely content of ten lost plays from the period 1580-1642 These plays authors include Nashe Heywood and Dekker and the plays themselves connect in direct ways to some of the most canonical dramas of English literature including Hamlet King Lear The Changeling and The Duchess of Malfi The lost plays in question are Terminus Richard the Confessor 1593 Cutlack 1594 Bellendon 1594 Truth's Supplication to Candlelight 1600 Albere Galles 1602 Henry the Unc 1619 The Angel King 1624 The Duchess of Fernandina c 1630-42 and The Cardinal's Conspiracy bef 1639 From this list of bare titles it is argued can be reconstructed comedies tragedies and histories whose leading characters included a saint a robber a Medici duchess an impotent king at least one pope and an angel In each case newly available digital research resources make it possible to interrogate the title and to identify the play's subject matter analogues and likely genre But these concrete examples raise wider theoretical problems What is a lost play What can and cannot be said about objects in this problematic category Known lost plays from the early modern commercial theatre outnumber extant plays from that theatre but how in practice can one investigate them This book offers an innovative theoretical and practical frame for such work putting digital humanities into action in the emerging field of lost play studies

Ten Lost Years, 1929-1939 Barry Broadfoot, 2013-04-23 Hundreds of ordinary Canadians tell their own stories in this book They tell them in their own words and the impact is astonishing As page after page of unforgettable stories rolls by it is easy to see why this book sold 300 000 copies and why a successful stage play that ran for years was based on them The stories and the 52 accompanying photographs tell of an extraordinary time One tells how a greedy Maritime landlord ho tried to raise a widow's rent was tarred and gravelled another how rape by the boss was part of a waitress's job Other stories show Saskatchewan families watching their farms turn into deserts and walking away from them or freight trains black with

hoboes clinging to them criss crossing the country in search of work or a man stealing a wreath for his own wife s funeral Throughout this portrait of the era before Canada had a social safety net there are amazing stories of what Time magazine called human tragedy and moral triumph during the hardest of times In the end this is an inspiring uplifting book about bravery one you will not forget [Catalog of Copyright Entries. [America's Lost Plays, Vol. VIII: The Great Diamond Robbery and Other Recent Melodramas](#) Edward M. Alfrend,A.C. Wheeler,2019-05-16 This series collects the complete scripts of 100 selected previously unpublished plays by 19th century American playwrights Volume 8 features The Great Diamond Robbery by Edward M Alfrend and A C Wheeler A Royal Slave by Clarence Bennett From Rags to Riches by Charles A Taylor No Mother to Guide Her by Lillian Mortimer and Billy the Kid by Walter Woods [Vows, Veils, and Masks](#) Beth Wynstra,2023-07-07 Vows Veils and Masks offers a bold and timely approach to the plays of Eugene O Neill with its attention to the engagements weddings and marriages so crucial to the tragic action in O Neill s works Specifically the book examines the culturally sanctioned traditions and gender roles that underscored marital life in the early twentieth century and that still haunt and define love and partnership in the modern age Weaving in artifacts like advice columns advertisements theatrical reviews and even the lived experiences of the actors who brought O Neill s wife characters to life Beth Wynstra points to new ways of seeing and empathizing with those who are betrothed and new possibilities for reading marriage in literary and dramatic works She suggests that the various ways women were and still are expected to divert from their true ambitions desires and selves in the service of appropriate wifely behavior is a detrimental performance and one at the crux of O Neill s marital tragedies This book invites more inclusive and nuanced ways of thinking about the choices married characters must make and the roles they play both on and off the stage

Playing Sick Meredith Conti, 2018-07-27 Few life occurrences shaped individual and collective identities within Victorian era society as critically as witnessing or suffering from illness The prevalence of illness narratives within late nineteenth century popular culture was made manifest on the period's British and American stages where theatrical embodiments of illness were indisputable staples of actors repertoires Playing Sick Performances of Illness in the Age of Victorian Medicine reconstructs how actors embodied three of the era's most provocative illnesses tuberculosis drug addiction and mental illness In placing performances of illness within wider medicocultural contexts Meredith Conti analyzes how such depictions confirmed or resisted salient constructions of diseases and the diseased Conti's case studies which range from Eleonora Duse's portrayal of the consumptive courtesan Marguerite Gautier to Henry Irving's performance of senile dementia in *King Lear* help to illuminate the interdependence of medical science and theatre in constructing nineteenth century illness narratives Through reconstructing these performances Conti isolates from the period's acting practices a lexicon of embodied illness a flexible set of physical and vocal techniques that performers employed to theatricalize the sick body In an age when medical science encouraged a gradual decentering of the patient from their own diagnosis and treatment late nineteenth century performances of illness symbolically restored the sick to positions of visibility and consequence
