Terminal Paradox Maria Němcová Baneriee. 1990 Milan Kundera's Fiction Karen von Kunes, 2019-05-20 In Milan Kundera's Fiction A Critical Approach to Existential Betrayals Karen von Kunes traces Kundera's literary aspirations to a single episode in Czechoslovakia in the Stalinist era This moment attracted international attention when a 1950 police report was released in 2008 Reporters rushed to judgment accusing Kundera of denouncing Miroslav Dvor cek to the police resulting in Dvor cek's immediate arrest and sentencing to hard labor von Kunes debunks this shocking charge in a systematic way and argues that Kundera reported a suitcase not a man She ties Kundera's dominant themes of sex betrayal and political denouncement to the suitcase a fatal instrument that can lead to paradoxes and unforeseen and catastrophic coincidences for his characters Milan Kundera Known and Unknown Karen von Kunes, 2024-11-14 This collection of essays offers crucial and luminous insights into one of the best known Czech authors Milan Kundera including his lesser known works With essays that focus on Kundera's poetry and plays his last four novels written in French and his nonfiction writings on the novelistic form and translation Milan Kundera Known and Unknown explores the complex and productive career of this globally recognized author The approach begins by examining Kundera's distinctive literary style and then how his voice radiated outward from the small communist country of Czechoslovakia to the world Starting as a poet and playwright Kundera transcended the Czech literary scene and rose to global prominence with his novelistic style of variations paradoxes humor and clairvoyance into human relationships mixed with political tensions His multi dimensional existential topics introduced complex novelistic characters that have reached a large audience and remain evocative Kundera also critically commented on creative works his own and of others thus contributing a unique approach to a specific aesthetic ideal and within the masterworks of world renowned authors Chapters on Kundera's aesthetics and form his philosophical leanings his relationship to the burgeoning concept of world literature and translations of his writings offer new perspectives on his life s work These insights shed light on Kundera's understudied works such as his early poetry and his recent French novels making connections between his early and later writing and cementing his literary legacy for English language audiences Milan Kundera Harold Bloom, 2009 Presents a collection of critical essays about the work of Milan Kundera

their organization A separate section is devoted to the contributions of notable individuals in different areas of human endeavor including Bohemians Moravians Bohemian Jews and the Slovaks These people excelled in just about every facet of human undertaking Even though a total number of these immigrants were fewer than other ethnic groups their accomplishments were phenomenal Nothing like this has ever been published since the time Thomas Capek wrote his classic The Cechs Bohemians in America some one hundred years ago Salman Rushdie and Visual Culture Ana Cristina Mendes, 2012-05-22 In Salman Rushdie's novels images are invested with the power to manipulate the plotline to stipulate actions from the characters to have sway over them seduce them or even lead them astray Salman Rushdie and Visual Culture sheds light on this largely unremarked even if central dimension of the work of a major contemporary writer This collection brings together for the first time and into a coherent whole research on the extensive interplay between the visible and the readable in Rushdie's fiction from one of the earliest novels Midnight's Children 1981 to his latest The Enchantress Transformative Fictions Daniel Just, 2022-07-27 Transformative Fictions World Literature and Personal Change engages with current debates in world literature over the past twenty years addressing the nature of literary influence in centers and peripheries the formation of transnational literary and pedagogical canons and the role of translation and regionalism in how we relate to texts from around the globe The author Daniel Just argues for a supranational but sub global perspective of regions that emphasizes practical reasons for reading and focuses on the potential of literary texts to stimulate personal transformation in readers One of the recurring dilemmas in these debates is the issue of delimitation of world literature The trouble with the world as a frame of reference is that no single researcher is bound to have the in depth knowledge and linguistic skills to discuss works from all countries In response this book revives literary theory and recasts it for the purposes of world literature by making a case for the continuing relevance of literature in the age of new media With the examples of fictional and nonfictional writings by Milan Kundera Witold Gombrowicz and Bohumil Hrabal Just shows that regional literatures offer differing methods of activating readers and thereby prompting personal change This book would be of general interest to anyone who wants to explore personal change through literature but is particularly indispensable for literary professionals researchers and postgraduate and graduate students **Worlds Apart?** A Postcolonial Reading of post-1945 East-Central European Culture Cristina Sandru, 2013-01-16 This study explores the relation of the Eastern European problematic to postcolonial critical practice interrogating the extent to which postcolonialism can help illuminate instances of imperial domination in non Third World contexts It argues that colonisation is to be understood principally as a condition of ideological domination that has engendered similar forms of literary and cultural resistance consequently it offers a comparative framework which enables a reading in differential contexts of texts that ostensibly have little in common but which on close examination reveal a shared imaginative space rhetoric and narrative agency The book consists of two interrelated parts Part one is a critical discussion of the ideologies cultural

imaginaries and representational practices articulated in a diverse range of representative postcolonial and post 1945 East Central European texts these are shown to share despite dissimilar conditions of production uncannily related narrative modes and thematic emphases Part two is a comparative literature case study which discusses two authors whose work is both highly representative of the cultural formations discussed in the first part Milan Kundera and Salman Rushdie and at the same time highly controversial The chapters dedicated to Kundera's and Rushdie's work examine the cultural geography of their novels particularly in the writers use of memory and story telling to reconfigure history and personal identity in conditions of literal and metaphorical displacement While their novels thrive on ironic subversion and ambiguity they simultaneously gesture towards a redemptive space of the imagination transcending the constraints of both locality and Memory, Fluid Identity, and the Politics of Remembering Li Li,2016-06-21 The Chinese Cultural Revolution is the single most important internal social event in contemporary Chinese history The plethora of history literary and artistic representations inspired by this event are critical to our understanding of the diversified often contested interpretations of contemporary China Li Li s critical examination of autobiographic filmic and fictional presentations in Memory Fluid Identity and the Politics of Remembering The Representations of the Chinese Cultural Revolution in English speaking Countries demonstrates that memory works not only reflect memories of those who lived through that period but memories about their past and more importantly about their identity remapping and artistic negotiation in a cross cultural environment Political Novels of Milan Kundera and O.V. Vijayan C. Gopinathan Pillai, 1996 The Book Compares The Fiction Of Milan Kundera And O V Vijayan In An Illuminating And Original Manner Both Kundera And Vijayan Are Concerned With Problems Posed By Societies Exposed To Totalitarianism Abuse Of Political Power Was Endemic To Both Post Stalinist Czechoslovakia And Post Nehruvian India The Method Of Juxtaposition Adopted By The Author While Analysing The Novels Of Kundera And **Ishiguro** Nina Pelikan Straus, 2025-01-16 The Novel and Neuroscience from Dostoevsky to Ishiguro explores how affective neuroscience illuminates the emotional and ethical impact of eight novels written between 1864 and 2018 indicating how Freud's provisional ideas in psychology are now being placed on an organic foundation An emerging new language describes the brain and body s primary process powers now influencing the practices of literary theory verifying the novel s importance for self and cultural understanding Writers Under Siege Jiri Holy, Jan Culik, 2010-08-09 An history that presents a canvas of post war Czech literary developments within the cultural and political context of the times It provides information about the many English language translations from Czech literature and the circumstances in which these translations came about The Bohemian Body Alfred Thomas, 2007-06-01 The Bohemian Body examines the modernist forces within nineteenth and twentieth century Europe that helped shape both Czech nationalism and artistic interaction among ethnic and social groups Czechs and Germans men and women gays and straights By re examining the work of key Czech male and female writers and

poets from the National Revival to the Velvet Revolution Alfred Thomas exposes the tendency of Czech literary criticism to separate the political and the personal in modern Czech culture He points instead to the complex interplay of the political and the personal across ethnic cultural and intellectual lines and within the works of such individual writers as Karel Hynek M cha Bozena Nemcov and Rainer Maria Rilke resulting in the emergence and evolution of a protean modern identity The product is a seemingly paradoxical yet nuanced understanding of Czech culture including literature opera and film long overlooked or misunderstood by Western scholars The Czech Reader Jan Bažant, Nina Bažantová, Frances Starn, 2010-12-13 Frances Starn is a writer living in Berkeley California Book Jacket The Literature of Satire Charles A. Knight, 2004-02-12 The Literature of Satire is an accessible but sophisticated and wide ranging study of satire from the classics to the present in plays novels and the press as well as in verse In it Charles Knight analyses the rhetorical problems created by satire s complex relations to its community and examines how it exploits the genres it borrows He argues that satire derives from an awareness of the differences between appearance ideas and discourse Knight provides illuminating readings of such satirists familiar and unfamiliar as Horace Lucian Jonson Moli re Swift Pope Byron Flaubert Ostrovsky Kundera and Rushdie This broad ranging examination sheds light on the nature and functions of satire as a mode of writing as well as on theoretical approaches to it It will be of interest to scholars interested in literary theory as well as those specifically interested in satire
