

Slip of the Tongue

A slip of the tongue is a mistake in speaking, sometimes amusing.

Example: lamb of leg and a ten-pound dog of bag food.

Slips Of The Tongue:

Slips of the Tongue - A Classification Maria Dziekonska, 2012-01-14 Seminar paper from the year 2009 in the subject English Language and Literature Studies Linguistics grade 1 3 University of Heidelberg Anglistisches Seminar course Slips of the tongue language English abstract Whenever people fail to utter the message they wanted to convey correctly they apologize and tend to explain their accidental mistake as a slip of the tongue However what is meant and covered by this term which is used so often to refer to speech errors Does its universality suggest that all tongue slips are of the same kind If not how can they be distinguished This term paper will try to give a more detailed categorization of speech anomalies first providing a definition what is generally seen as a slip of the tongue It will be shown who were the first linguists to examine this topic and what discoveries were made In order to give an own precise classification of speech errors different approaches for main categorizations will be presented and taken into consideration On the basis of these main categories further sub categories are elaborated and illustrated with examples given by different authors in order to explain every feature appropriately Since many authors still not agree upon a common sub classification this term paper will select the most suitable terms and definitions try to compromise about the most common ones and give suggestions for further distinctions To be conforming to the majority of the literature the most common terminology shall be used However if provided terms are inappropriate or imprecise they will be modified The types of speech errors will be ordered via the main class they belong to They will be presented as sub classes defined explained and illustrated by examples in detail Examples are marked with ordinals The incorrect utterance is always presented with an asterisk and followed by the proper realization in brackets The pronunciation of the slips is written in graphemes i e normally w *Slips of the Tongue* Nanda Poullisse, 1999-11-15 This book reports the results of an extensive study of slips of the tongue produced by foreign language L2 learners at different levels of proficiency Thus it provides new data which can be used to test current monolingual models of speech production and to further the development of bilingual speech production models Moreover it offers a new approach to the study of second language acquisition The book contains a detailed survey of the findings of L1 slip research including studies of slips produced by child L1 learners It systematically compares these findings to those of the current L2 study and relates them to recent monolingual and bilingual models of speech production and to several cognitive models of second language acquisition Special features of the book are its emphasis on methodological problems and the inclusion of the complete L2 corpus of 2000 slips of the tongue It is expected that the book will be of interest to researchers and advanced students in the areas of speech production and second language acquisition and particularly to those who would like to test their own hypotheses using the L2 data Summary of the contents of the book The book provides an overview of the key findings in L1 slip research It relates L1 findings to monolingual speech production models It gives a detailed survey of studies of slips produced by children It presents an up to date review of bilingual speech production models It discusses

recent cognitive models of second language acquisition It gives a detailed description of an extensive research project on slips of the tongue produced by Dutch learners of English The L2 slip corpus is tape recorded It discusses methodological problems in L1 slip research It systematically compares the L1 findings to those of the L2 slip project It relates the findings to monolingual and bilingual models of speech production and to cognitive models of second language acquisition It makes the data available in the appendix Kids' Slips Jeri J. Jaeger, 2004-12-13 The study of speech errors or slips of the tongue is a time honored methodology which serves as a window to the representation and processing of language and has proven to be the most reliable source of data for building theories of speech production planning However until Kids Slips there has never been a corpus of such errors from children with which to work This is the first developmental linguistics research volume to document how online processing is revealed in young children ages 18 months through 5 years through their slips of the tongue Thus this text provides a new methodology and data source which will greatly expand our ability to uncover the details of early language development Professor Jaeger's groundbreaking book incorporates both details of her methodology and findings with implications for different aspects of language development including phonetics and phonology the lexicon semantics morphology and syntax While all the child data is included in the book a Web site hosted by the author provides readers with the adult data as well Kids Slips targets those who study language development in linguistics developmental psychology and speech and hearing as well as those who study language representation and processing more generally in the same disciplines **Slips of the Tongue and Language Production** Anne Cutler, 2011-09-06 No detailed description available for Slips of the Tongue and Language Production The Study of Language George Yule, 2010-03-04 This best selling textbook provides an engaging and user friendly introduction to the study of language Assuming no prior knowledge in the subject Yule presents information in short bite sized sections introducing the major concepts in language study from how children learn language to why men and women speak differently through all the key elements of language This fourth edition has been revised and updated with twenty new sections covering new accounts of language origins the key properties of language text messaging kinship terms and more than twenty new word etymologies To increase student engagement with the text Yule has also included more than fifty new tasks including thirty involving data analysis enabling students to apply what they have learned The online study guide offers students further resources when working on the tasks while encouraging lively and proactive learning This is the most fundamental and easy to use introduction to the study of language

Slips Of The Tongue Introduction

In today's digital age, the availability of Slips Of The Tongue books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Slips Of The Tongue books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Slips Of The Tongue books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Slips Of The Tongue versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Slips Of The Tongue books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Slips Of The Tongue books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Slips Of The Tongue books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Slips Of The Tongue books and manuals for download have transformed the way we access information. They provide a cost-effective and

convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Slips Of The Tongue books and manuals for download and embark on your journey of knowledge?
