Amer, Lawrence C. Parish, R.A.C. Graham-Brown, Larry E. Millikan, S.N. Klaus, J.L. Pace, 2012-12-06 A comprehensive source of information on variations found in skin diseases throughout the world is offered here. By considering the overall problems of hereditary variables, climate fluctuations and therapeutic differences, this volume provides an appraisal of the diverse factors that make up the composite picture of cutaneous medicine. Divided by continent and then further organized into countries or regions, each entry presents basic information on the disease indigenous to the area, including its definition and symptoms, etiology, clinical manifestations, histopathology, appropriate laboratory tests, differential diagnosis, management, prevention, and references. Additional chapters discuss the influence of travel and migration as well as of variables such as climate. 38 full color plates superbly illustrate the many variations of major dermatologic diseases. As technology has made global travel far quicker and more commonplace, this book is a must for all dermatologists, infectious disease specialists, and for all family practitioners and general internists.

Diabetes Solved Naturally Case Adams, 2024-01-24 This book disproves much of the conventional wisdom about type 1 and type 2 diabetes. Recent scientific research has proven there are a number of natural strategies shown to control blood sugar and sometimes even reverse diabetes, both type 1 and type 2. Yes, that's right. Scientific research done by doctors and universities has proven there are natural strategies that can control blood glucose, boost insulin production, and boost insulin sensitivity. That is what this book is all about. Explaining what really causes diabetes and what can be done about it according to the latest scientific research. Diabetes is surging at an unprecedented pace, resulting in millions of deaths and disabilities. What really causes diabetes? Can we make changes in our diets and lifestyle to better control our glucose? Are there herbs and superfoods that help our bodies control blood sugar? Are there lifestyle changes that can help reduce dependence on insulin? This book gives the clear answers based on hundreds of clinical studies from renowned researchers and doctors from around the world. This book also shows the evidence proving that a number of strategies can significantly reduce type 1 and type 2 diabetes symptoms and even turn around insulin production and sensitivity issues. On top of this, this book also lays out commonsense natural strategies that have been shown to significantly help glucose metabolism. This book is for diabetes beginners and veterans, for the public and for doctors. Here you will find specific information on the best diabetes diet and even information for making a diabetes logbook, and even can be used as a companion to a cookbook. The bottom line is our need for information based on science, not anecdotal information, this person's opinion, or that person's opinion, but hard scientific proof based on clinical studies. This book offers that kind of hard scientific evidence to a condition that has been the subject of anecdotal heresy. Get the facts and talk to your doctor about this evidence. You will be surprised what you find out.

Proving Homeopathy Case Adams, 2024-01-28 Homeopathy is an old medical science with a history of clinical success. It is also controversial with many detractors who propose homeopathy has no mechanism of action. In *Proving Homeopathy*, the author presents the scientific basis for the mechanisms of action for homeopathy, proving that it has the therapeutic potential but only under the right conditions.

Utilizing a compendium of scientific resources the reader is taken through the fundamentals and the research providing an invaluable resource for those who utilize homeopathy as either practitioners or patients Note This is not a diagnostic resource

The Living Cleanse Case Adams,2024-01-31 With the bombarding of our bodies by thousands of environmental and consumer toxins every day most of us have realized we need to incorporate cleansing and detoxification strategies in order to maintain health In fact numerous health disorders have now been attributed to synthetic and environmental toxins including cancers respiratory diseases joint degeneration digestive issues skin issues cognitive difficulties and so many other conditions The question now is how do we efficiently and effectively cleanse the overload of toxins from our bodies Many recommend radical and difficult detoxification programs that can actually do more harm than good These can stress our elimination systems and immune systems and overwhelm us with toxemia These blitz methods of cleansing can not only be unsafe Most are also unsustainable due to their complexity expense and regimented sacrifices The author a California Naturopath and board certified Alternative Medical Practitioner offers us a completely different strategy one that is not only safe gentle and gradual but sustainable throughout our lifetime The Living Cleanse is a groundbreaking sustainable system that will stimulate our immune system to more efficiently break down and rid the body of toxins without over stressing our bodies and minds or require radical difficult expensive and possibly unsafe methods
