Burch, 2017-10-23 This title originally published in 1990 is a contribution to the social and literary history of ethnic groups in America Its sources are the writings chiefly novels of five authors of Eastern and Southern European descent chosen because they depict the acculturation of their people the meeting of their own ethnic group and American society From their marginal stance they expressed in fiction what they had observed and experienced and they wrote symbolically of their journey to a choice of belonging to one group or the other This title will be of interest to students of literature history and sociology

Asian American Poets Guiyou Huang, 2002-05-30 Even though Asian American literature is enjoying an impressive critical popularity attention has focused primarily on longer narrative forms such as the novel And despite the proliferation of a large number of poets of Asian descent in the 20th century Asian American poetry remains a neglected area of study Poetry as an elite genre has not reached the level of popularity of the novel or short story partly due to the difficulties of reading and interpreting poetic texts The lack of criticism on Asian American poetry speaks to the urgent need for scholarship in this area since perhaps more than any other genre poetry most forcefully captures the intense feelings and emotions that Asian Americans have experienced about themselves and their world This reference book overviews the tremendous cultural contributions of Asian American poets Included are alphabetically arranged entries on 48 American poets of Asian descent most of whom have been active during the latter half of the 20th century Each entry begins with a short biography which sometimes includes information drawn from personal interviews The entries then discuss the poet's major works and themes including such concerns as family racism sexism identity language and politics A survey of the poet's critical reception follows In many cases the existing criticism is scant and the entries offer new readings of neglected works The entries conclude with bibliographies of primary and secondary texts and the volume closes with a selected general bibliography Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1976
