Speaking Of Animals A Dictionary Of Animal Metaphors:

   Speaking of Animals Robert Palmatier,1995-04-30 No other nonhuman source has served as the basis for more metaphors than animals Speaking of Animals is a dictionary of animal metaphors that are current in American English It is comprehensive historical and metaphor based Each entry refers to the other dictionaries that catalog that same metaphor and the dates of first appearance in writing are supplied where possible for both the metaphor and the name of the source The main text is organized alphabetically by metaphor rather than by animal or animal behavior all the metaphors are classified according to their animal source in a list at the end of the book An animal metaphor is a word phrase or sentence that expresses a resemblance or similarity between someone or something and a particular animal or animal class True metaphors are single words such as the noun tiger the verb hog and the adjective chicken Phrasal metaphors combine true metaphors with other words such as blind tiger hog the road and chicken colonel Other animal metaphors take the form of similes such as like rats leaving a sinking ship and prickly as a hedgehog Still others take the form of proverbs such as Don t count your chickens before they hatch and Let sleeping dogs lie The horse is the animal most frequently referred to in metaphors followed closely by the dog The Bible is the most prolific literary source of animal metaphors followed closely by Shakespeare   **The Opening Statement of the Prosecution in International Criminal Trials** Sofia Stolk,2021-04-19 This book addresses the discursive importance of the prosecution s opening statement before an international criminal tribunal Opening statements are considered to be largely irrelevant to the official legal proceedings but are simultaneously deployed to frame important historical events They are widely cited in international media as well as academic texts yet have been ignored by legal scholars as objects of study in their own right This book aims to remedy this neglect by analysing the narrative that is articulated in the opening statements of different prosecutors at different tribunals in different times It takes an interdisciplinary approach and looks at the meaning of the opening narrative beyond its function in the legal process in a strict sense discussing the ways in which the trial is situated in time and space and how it portrays the main characters It shows how perpetrators and victims places and histories are juridified in a narrative that whilst purporting to legitimise the trial the tribunal and international criminal law itself is beset with tensions and contradictions Providing an original perspective on the operation of international criminal law this book will be of considerable interest to those working in this area as well as those with relevant interests in International Transnational Law more generally Critical Legal Studies Law and Literature Socio Legal Studies Law and Geography and International Relations   **Poetic Animals and Animal Souls** R. Malamud,2016-04-30 This book offers a new paradigm for reading and appreciating animals in literature and addresses how human culture views animals in poetry Part one sets up a theoretical overview and posits some aesthetic and ethical ideals for transposing animals into art while part two presents a more focused practical application of these ideals in one strain of animal poetry as seen in the works of Marianne Moore Jos Emilio Pacheco Gary Snyder Pattiann Rogers and others

The poetry analyzed in the book is respectfully and non invasively insightful into animals it is tinged with a distancing and a kind of spiritual awe regarding their existence   The Role of Companion Animals in Counseling and Psychology Jane K. Wilkes,2009 The human health benefits derived from relationships with companion animals has attracted an abundance of scientific interest and research However there is a need for theoretical conceptualizations in order to understand the healing benefits of human animal interactions The goal of this book is to seek these answers and the OC howOCO and OC whyOCO companion animals play a role in counseling and psychology In depth semi structured interviews were conducted with three psychologists who use animals in their therapy settings The focus of these interviews was to determine the experiences of having a companion animal present during therapy sessions The results revealed that pets in therapy 1 enhanced the therapeutic alliance relationship 2 revived the therapeutic environment 3 improved professional practice and 4 created a sense of sacredness The therapy animals seemed to provide the trust and safety needed for clients to work within the transitional space and that the animals may act as transitional objects for some clients This book suggests that therapy animals are extremely helpful in providing a sense of safety for traumatized clients and could act as catalysts especially with defensive and or detached clients Unique features include discussion of the domestication of companion animals research into the human animal bond social and psychological support theory descriptions of methods used object relations theory and Winnicott s Concepts implications for the practice of counseling and psychology professional and ethical considerations and suggestions for future research Replete with informative appendices that will serve as valuable knowledge this book is a significant resource on the subject of animal assisted therapy for mental health professionals such as counselors clinical social workers psychologists and skilled therapists   **Distance from the Belsen Heap** Mark Celinscak,2015-01-01 Distance from the Belsen Heap examines the experiences of hundreds of British and Canadian eyewitnesses to atrocity including war artists photographers medical personnel and chaplains   *Food* Robert Palmatier,2000-08-30 Each of the more than seven hundred entries in the dictionary contains a description of the historical background of each of the two types of language literal and nonliteral and provides an explanation for the relationship between them Wherever possible dates of first record in English are provided along with the bibliographical sources of these dates and all of the works that record those terms and expressions are given in coded form as listed in the Key to Works Cited A Guide to Reading the Entries illustrates the typical form of an entry by analyzing an example from the dictionary that introduces five nonliteral expressions cites thirteen bibliographical sources and refers the reader to three other relevant entries by means of cross references Following the dictionary proper is a Classification of Terms According to Source in which nearly three hundred nonliteral terms and expressions are listed under the more than four hundred literal categories from which they derive   **A Dog Pissing at the Edge of a Path** Gregory Forth,2019-12-12 The Nage people of the eastern Indonesian island of Flores refer to someone who begins something but is regularly distracted by other matters as a dog pissing at the edge of a path In

this first comprehensive study of animal metaphors in a non Western society Gregory Forth focuses on how the Nage understand metaphor and use their knowledge of animals to shape specific expressions Based on extensive field research A Dog Pissing at the Edge of a Path explores the meaning and use of over 560 animal metaphors employed by the Nage Investigating how closely their indigenous concept of pata p le corresponds to the Greek derived English concept of metaphor Forth demonstrates that the Nage people understand these figures of speech in the same way as Westerners namely as conventional ways of speaking about people and objects not expressions of an essential identity between their animal vehicles and human referents Theoretically engaging with anthropology s recent ontological turn the book considers whether metaphors reveal significant differences in conceptions of human animal relations the human animal contrast and human understanding of other humans in different parts of the world An incredible catalogue of animal based linguistic art and Nage verbal conventions A Dog Pissing at the Edge of a Path illuminates essential features of metaphorical thought everywhere **Animals Erased** Arran Stibbe,2012-01-01 Amazingly clear and incisive readings of a wide range of discourses related to animals and ecology from the author of Ecolinguistics Karla Armbruster coeditor of Beyond Nature Writing Animals are disappearing vanishing and dying out not just in the physical sense of becoming extinct but in the sense of being erased from our consciousness Increasingly interactions with animals happen at a remove mediated by nature programs books and cartoons framed by the enclosures of zoos and aquariums distanced by the museum cases that display lifeless bodies In this thought provoking book Arran Stibbe takes us on a journey of discovery revealing the many ways in which language affects our relationships with animals and the natural world Animal product industry manuals school textbooks ecological reports media coverage of environmental issues and animal rights polemics all commonly portray animals as inanimate objects or passive victims In his search for an alternative to these negative forms of discourse Stibbe turns to the traditional culture of Japan Within Zen philosophy haiku poetry and even contemporary children s animated films animals appear as active agents leading their own lives for their own purposes and of value in themselves Those of us of cultures of the land both working with and yes consuming animals will applaud Arran Stibbe s analysis of the loss of soul when right relationship is discarded Alastair McIntosh author of Soil and Soul **A Giant Tree has Fallen** Seifudein Adem,Jideofor Adibe,2016-09-01 This book memorialising the life and work of Ali Alamin Mazrui comprises more than 130 tributes written by people ranging from heads of state to journalists Presented here are those tributes for which copyright permissions were received from among the hundreds that appeared online and print In preparing this book it was made very clear that unlike other books of tributes to great men and women there would be no segmentation of the sections based on writers and speakers positions in life Instead it was decided that the tributes be presented in alphabetical order based on writers and speakers last names The decision hinged on the fact that Mazur would not have apposed any segmentation of people by class race ethnicity and gender etc Nonetheless out of great respect for Mazurs immediate family members their

tributes are presented first followed by those from his global family members Also included at the beginning of the book are three chapters that comprise an introductory essay a brief biography of Mazur and an essay on metaphorical linguistic analysis of the tributes that follow The book also has a preface by the coeditors and a forward by Salim Ahmed Salim the former Prime Minister of the United Republic of Tanzania and Secretary General of the Organisation of African Unity OAU now known as the Africa Union Dr Salim who served as the Secretary General of the OAU from 1989 to 2001 was Mazuris friend and contemporary Mazruri once described Salim as Mr Africa and the first real postcolonial Secretary General of the OAU **Feathered Entanglements** Scott E. Simon,Frédéric Laugrand,2024-10-15 As they migrated across great distances ancient humans may have used birdsong and bird sightings to find food and water in unseen territory Today attending to birds helps scientists track not only avian migration but also environmental change Birds remain our sentinels Feathered Entanglements offers a rich tapestry of human bird relations across the Indo Pacific In this era of uncontrolled industrialization we have grown increasingly disconnected from the natural world The ways in which birds feature in the daily life symbolic systems and material culture of humans from pigeon keeping on the rooftops of Amman to the rituals of Indigenous peoples in Taiwan can teach us how to live with other species amid the challenges of the Anthropocene In a time of intensifying ecological crisis we need more than ever to protect and appreciate non human lives Feathered Entanglements embraces the connection between humans birds and our shared world Metaphors in International Relations Theory M. Marks,2011-08-14 Metaphors constitute a fundamental way in which humans understand the world around them This book offers a comprehensive analysis of metaphors in theories of international relations Until recently conscious attention to metaphors in theories of international relations has been haphazard and sporadic This book examines the metaphors that inform the major paradigms in international relations theory Readers will discover that the vast majority of the terminology cataloguing defining and naming theories concepts and analytical tools pertaining to the study of international relations are metaphorical in nature The book concludes that metaphors are an essential element in all aspects of international relations theory **Why the Wild Things Are** Gail F. Melson,2009-06-30 This is the first book to examine children s many connections to animals and to explore their developmental significance Gail Melson looks not only at the therapeutic power of pet owning for children with emotional or physical handicaps but also the ways in which zoo and farm animals and even certain television characters become confidants or teachers for children and sometimes tragically their victims The Animal Rights Struggle Christophe Traïni,2025-10-01 Since the early nineteenth century numerous campaigns have denounced the mistreatment of animals This book compares the British and French histories of the animal protection movement to retrace its origins and impact up to the present day As Christophe Tra ni shows the struggle for animal rights inextricably linked to the rise of philanthropy and established long before the birth of the ecology movement developed out of several important social and political processes including changes in sensibilities and socially approved emotions new
