young children have predominantly focused on English and other European languages as with the field of child language development in general This volume originally published in Chinese Language and Discourse 3 1 2012 brings together a team of researchers from China the UK USA Hong Kong Macao and Taiwan It explores the development of pragmatic and discourse skills among Chinese speaking children by investigating the development of pragmatic features specific to the Chinese language and culture i e the use of null forms and overt forms in self other reference and time expressions socio cultural factors in child directed speech and comprehension of semiotic resources in children s early childhood The studies reported in the volume draw upon data of different kinds including recorded spontaneous speech corpus questionnaires and experimental data The findings not only highlight a number of developmental patterns which may be attributed to the Chinese language s and culture but also contribute to the understanding of some key issues in the development of pragmatic and discourse skills irrespective of linguistic backgrounds

Motion Picture Projectionist ,1928 **Adjusting the Lens** Sigrid Lien,Hilde Wallem Nielssen,2021-11-15 Adjusting the Lens explores the role of photography in contemporary renegotiations of the past and in Indigenous art activism Through moving and powerful case studies contributors analyze photographic practices and heritage related to Indigenous communities in Canada Australia Greenland Norway Sweden Finland and the United States In the process they call attention to how Indigenous people are using old photographs in new ways to empower themselves revitalize community identity and decolonize the colonial record The original research presented in Adjusting the Lens offers a transnational perspective on this emerging field in Indigenous photography studies It is an exciting collection that challenges old ways of thinking and meaningfully advances the crucially important project of reclamation

Representing Rape in Medieval and Early Modern Literature C. Rose,E. Robertson,2016-04-30 In thirteen studies of representations of rape in Medieval and Early Modern literature by such authors as Chaucer Shakespeare and Spenser this volume argues that some form of sexual violence against women serves as a foundation of Western culture The volume has two purposes first to explore the resistance these pervasive representations generate and have generated for readers especially for the female reader and second to explore what these representations tell us about social formations governing the relationships between men and women More particularly Rose and Robertson are interested in how representations of rape manifest a given culture s understanding of the female subject in society

edited books and encompasses a wide array of methods Those exploring organization studies will find this two volume collection extremely valuable as it contains robust contributions from highly skilled authors who are actively researching in this field

The Evening News Arthur Hailey, 2015-10-20 Terrorists target a TV anchorman and his family in the 1 New York Times bestselling author's novel set in the high pressure network news industry Anchorman Crawford Sloane a respected reporter who made his name as a Vietnam War correspondent thrives on the unpredictability of life in the newsroom Whether he's covering the imminent crash of an airliner in distress terror in South America or riots in Eastern Europe or dealing with the cold blooded politics of one of America's premier news organizations he never loses his cool With terrorism dominating the evening news Sloane takes precautions because he knows that as the face of American democracy he's a prime target for radicals But when terrorists kidnap his family he's no longer reporting the news he's living it Unwilling to rely on the help of ruthless network executives or the intrepid reporter who was once a rival for the affections of his wife Sloane sets out to track down the kidnappers himself and he soon learns that pure terror can lie behind the headlines

eQuality Peter Blanck, 2014-09-22 Never before have the civil rights of people with disabilities aligned so well with developments in information and communication technology The center of the technology revolution is the Internet which fosters unprecedented opportunities for engagement in democratic society The Americans with Disabilities Act likewise is helping to ensure equal participation in society by people with disabilities Globally the Convention on the Rights of Persons with Disabilities further affirms that persons with disabilities are entitled to the full and equal enjoyment of fundamental personal freedoms This book is about the lived struggle for disability rights with a focus on Web equality for people with cognitive disabilities such as intellectual disabilities autism and print related disabilities The principles derived from the right to the Web freedom of speech and individual dignity are bound to lead toward full and meaningful involvement in society for persons with cognitive and other disabilities

The Campaign State Gregory Witkowski, 2017-12-15 Communist regimes are defined by dictatorial power state planning and active propaganda machines In *The Campaign State* Gregory Witkowski explores the intersection of these three elements in East Germany by focusing on mass mobilizations He dissects the anatomy of campaigns and argues that while mass mobilizations are often perceived as symbols of strength they also indicate underlying systemic weaknesses By focusing on the ability of regimes to mobilize individuals to transform society he explains both the durability and the ultimate demise of the German Democratic Republic This study seamlessly blends an analysis of top down campaign initiatives with the influence of such mobilizations on the grassroots level For more than thirty years East German leaders doggedly extended such mobilization efforts yet complete success remained elusive Witkowski reveals how local leaders campaign participants and peasants acted in ways both compliant and noncompliant with party goals to create societal change Campaigns became a ubiquitous part of life under communist rule Witkowski shows that such mobilizations were initially an integral part of state planning efforts and only later became ritualized as

party portrayals of goals and accomplishments diverged from East Germans lived experience He argues that incessant campaigns exposed a substantial gap between rhetoric and reality in the German Democratic Republic that undermined the regime's legitimacy This valuable and original study will appeal to scholars and students of German history Communism and state planning *Intersecting Boundaries* Lois More Overbeck,1992 **The Moving Picture World**,1913 *Handbook of Mobile Learning* Zane L. Berge,Lin Muilenburg,2013-06-19 Winner of the AECT Division of Distance Learning DDL Distance Education Book Award This handbook provides a comprehensive compendium of research in all aspects of mobile learning one of the most significant ongoing global developments in the entire field of education Rather than focus on specific technologies expert authors discuss how best to utilize technology in the service of improving teaching and learning For more than a decade researchers and practitioners have been exploring this area of study as the growing popularity of smartphones tablets and other such devices as well as the increasingly sophisticated applications for these devices has allowed educators to accommodate and support an increasingly mobile society This handbook provides the first authoritative account of the theory and research that underlies mobile learning while also exemplifying models of current and future practice *Inside the Film Factory* Ian Christie,Professor Richard Taylor,Richard Taylor,2005-08-19 This is the first collection to be inspired and informed by the new films and archival material that glasnost and perestroika have revealed and the new methodological approaches that are developing in tandem Film critics and historians from Britain America France and the USSR attempt the vital task of scrutinising Soviet film and re-examining the Cold War assumptions of traditional historiography Whereas most books on Soviet giants have glorified the directorial giants of the golden age of the 1920s Inside the Film Factory also recognises the achievements of popular cinema from the pre Revolutionary period through to the 1930s and beyond It also evaluates the impact of Western cinema on the early experimenters of montage Russian science fiction's influence on film making and the long suppressed history of Soviet Yiddish productions Alongside the new perspectives and source material on the much mythologised figures of Kuleshov and Medvedkin the book provides the first extended accounts in English of the important but neglected careers of directors Yakov Protazanov and Boris Barnet
