Studies on China's Special Economic Zones 4 Yiming Yuan, 2021-11-30 This book collects articles on the achievements and experience of special economic zones during the China's Reform and Opening up in the past 40 years The

topics ranges from a historical summary of the development in special economic zones to its future prospect Most of the articles analyze the policies applied for special economic zones and how they contributed to the economic growth which provides the readers with an overview about how public policies helped cities develop Some of the articles shift their focus to the role of special economic zones in larger area i e Asia These works exemplify the impact of China s economic policies in long term Moreover the book includes the contribution of special economic zones to the economic development world wide such as places in Africa and areas of One Belt One road Reader can benefit a thorough understanding of China s special economic zones past and future through reading the book

Pioneering Economic Reform in China's Special Economic Zones Weiping Wu,2018-08-17 First published in 1999 this volume assessed the economic situation of Shenzhen in Guangdong Province China including its trade connections with Hong Kong and foreign investments in the area

Designated as one of four Special Economic Zones SEZ as part of China s domestic economic reform in 1979 Weiping Wu examines Shenzhen s economic situation in the context of Hong Kong s transition just two years prior to publication in 1997 Wu explores the developments in Shenzhen in local policy labor costs export performance domestic linkages and complementarity with Hong Kong as a result of Hong Kong s closer connection with the Shenzhen trade area Shenzhen s suitability can then be assessed in its role as an SEZ to experiment with and digest western technology and management techniques for inland China and as a buffer between China and the wider world

China's Policy of Opening Up to the Outside World - The Economic and Technological Development Zones Elisabeth Herrle,2005-07-21 Research Paper undergraduate from the year 2005 in the subject Economics Case Scenarios grade 2 0 University of Applied Sciences Hof course International Trade language English abstract A Survey of China 1 1 Geography Zhonghua Renmin Gongheguo the People s Republic of China PRC is the world s fourth largest country after Russia Canada and the United States covering an area of about 9 6 million square kilometers and stretching from the temperate to subtropical zones In size and climate one can compare China with the United States but its topography is quite different with more mountains and hills and a shorter coastline These topographic features result in higher transportation costs and in a greater requirement for physical infrastructure construction Hence the economic development in China is more challenging than for instance in the United States However the natural resources China is endowed with are favorable to its development One cannot only exploit coal iron ore or natural gas but China is also blessed with the world s largest hydropower potential 1 1 2 Population About 1 3 billion people July 2004 est live in the PRC with a population growth rate of 0 57% 2004 est The life expectancy at birth of the total population comes to 71 96 years male 70 4 years female 73 72 years 2004 est Moreover 90 0% of the Chinese population is literate meaning that only 9 1% of the population of age 15 and over cannot read and write 2 1 cp D murger et al 2002 p 8 CIA 2005 and Table 1 2 cp CIA 2005 and Table 1

Annual Report on the Development of China's Special Economic Zones(2018) Yitao Tao,Yiming Yuan,2019-11-22 The Annual Report objectively reflects the whole year s progress

of politics economy society culture system environment innovation and reform as well as the problems challenges and countermeasures in traditional special economic zones and new special economic zones It analyses China s Special Economic Zones including overall review on the whole year s development state of the reform experimental zone and part of new special economic zones which focuses on analyzing the transformation of special economic zones use of resources the sustainable development economic and social development social security and technical innovation from the aspects of present situation of development the comparative analysis and policy suggestions and puts forward development suggestions for each specific issue Experimental Legislation in China between Efficiency and Legality Madeleine

Martinek,2018-05-21 This book analyzes the benefits of and legal concerns in connection with the delegated legislation of the Shenzhen Special Economic Zone as a prime example of experimental legislation in Chinese law It offers solutions for improving the legal design of experimental regulations in Special Economic Zones by striking a balance between the pursuit of rapid socio economic progress on the one hand and the increasing need and will to govern by the rule of law on the other The book offers a valuable guide for the academic community and legal practitioners as well as students eager to gain insights into Chinese constitutional law and the conflict between legality and achieving reforms Evolution of Power

Xiaobing Li,Xiansheng Tian,2013-11-21 Evolution of Power China s Struggle Survival and Success edited by Xiaobing Li and Xiansheng Tian brings together scholars from multiple disciplines to provide a comprehensive look at China s rapid socio economic transformation and the dramatic changes in its political institution and culture Investigating subjects such as party history leadership style personality political movements civil military relations intersection of politics and law and democratization this volume situates current legitimacy and constitutional debates in the context of both the country s ideology and traditions and the wider global community The contributors to this volume clarify key Chinese conceptual frameworks to explain previous subjects that have been confusing or neglected offering case studies and policy analyses connected with power struggles and political crises in China A general pattern is introduced and developed to illuminate contemporary problems with government accountability public opposition and political transparency Evolution of Power provides essential scholarship on China s political development and growth China's Economic Zones Lu Zhiguo Tao

Yitao,2012-03-01 A thorough examination of the establishment and development of China s Special Economic Zones SEZ These eight SEZs marked a major milestone in China s gradual market oriented reform process and the developmental fluctuations of these zones offers an in depth understanding of the complexities and difficulties of reform They also provide critical insight into China s thirty years of economic and social transformation This book is a valuable and practical resource for governments academics and policy advisors looking for an insight into and analysis of how the Special Economic Zone strategy played a key role in the transformation of China s economy **China's Industrial Reform and Open-door Policy**

1980-1997: A Case Study from Xiamen Qi Luo,2017-09-08 This title was first published in 2001 The 1980s and 1990s

were not only a period in which many developing countries adopted a series of major economic policy reforms but also an era in which all socialist countries undertook varying degrees of radical reforms in their Soviet style central planning economic management systems This volume examines the performance of China's industrial reform and open door policy during the period of 1980-1997 through conducting a case study on one of its Special Economic Zones SEZs Xiamen It adopts an analytical approach examining Xiamen's performance from the perspective of three important interactions between the country's general economic reform policies and the Special Policy implemented in the SEZs between the Xiamen SEZ and the vast Chinese hinterland and between foreign especially Taiwanese direct investment and local industrial transformation

Contemporary Developments and Issues in China's Economic Transition C. Harvie, 2000-04-18 As a prospective economic giant in the next century developments in the Chinese economy are of significance to the global economy This book consists of contributions concerned with analysing contemporary developments and issues facing the country after two decades of economic reform and key policies which will exert a profound influence upon the country's prospective growth and development momentum into the next millennium This well researched book although comprehensive in its coverage is succinct and very readable and will be of interest to scholars and students of developing and transitional economies business practitioners and policy makers

Handbook of Research on Special Economic Zones as Regional Development Enablers Figueiredo, Paulo Guilherme, Leandro, Francisco José, Li, Yichao, 2021-10-15 Special economic zones SEZs are important doorways for countries to attract foreign investment and promote trade A strong correlation between the creation of SEZs and economic development indicators has also been identified in previous studies at the municipal level in China Thus the fundamental question that needs to be explored is to what extent SEZs can play the role of development enablers in different regions development states and institutional settings The Handbook of Research on Special Economic Zones as Regional Development Enablers discusses the diverse and international track records in the implementation of SEZs the interplay of SEZ models and local institutional infrastructure and stakeholders and the SEZ models that can best fit certain development states and or settings Covering topics such as the Belt and Road Initiative local and national economies and regional integration this book is essential for government officials development officers scholars students researchers entrepreneurs public decision makers aid agencies company executives investors and academicians

Special Economic Zones Gift Mugano, 2021-11-05 This book provides a guide to the challenges of special economic zones Focusing on Africa while also discussing China Taiwan Dominican Republic Malaysia and South Korea the impact on economic development of special economic zones is analysed to highlight the successes and failures of these zones New emerging issues such as the sustainable development goals and the fourth industrial revolution are presented as factors that need to be addressed in order for special economic zones to be productive in Africa The role of foreign direct investments job creation industrialization and regulation is also discussed Special Economic Zones Economic Development in Africa aims to set out an

empirical framework on how to create effective special economic zones It will be relevant to researchers and policymakers interested in African and development economics Provincial Strategies of Economic Reform in Post-Mao China Peter T.Y. Cheung,Jae Ho Chung,Zhimin Lin,2016-12-05 Focusing on the role of provincial leadership in the initiation and implementation of economic reform this text studies economic decentralization in eight Chinese provinces In each area resource allocation and acquisition of foreign capital and investment are investigated **China in Transition** George T. Yu,1993-07-02 An all inclusive guide to the political and social development of modern China Economic Management and Transition Towards a Market Economy Anthony T.H. Chin,1996 Much attention has been focused in recent years on the transformation of the economies of Eastern and Central Europe and the former Soviet Union However a growing demand for policy advice technical assistance and expertise is also coming from Asian reforming countries such as China Mongolia Vietnam Laos and Cambodia In addition business communities abroad are increasingly interested in exploring investment and marketing opportunities in these reforming countries Such developments are too important to overlook or ignore The transformation of socialist economies towards market based systems entails an unusually wide range of problems Studies of related topics are complicated by the speed of the changes and the lack of clear historical precedents Although the structural features of Asian reforming economies are in important ways different from those of the Eastern European economies all socialist economies share similar fundamental conditions on the eve of economic reform which raise a similar set of reform issues This volume brings together a rich collection of expertise and information in an attempt to shed some light on the transitional process in Asia The contributions are by no means exhaustive However they provide the reader and analyst with an excellent starting point to the problems and prospects which are specific to Asian transforming economies **Annual Report on The Development of China's Special Economic Zones (2017)** Yitao Tao,Yiming Yuan,2019-08-21 This Report objectively reflects the whole year s progress of politics economy society culture system environment innovation and reform as well as the problems challenges and countermeasures in traditional special economic zones and new special economic zones It makes analysis of China s Special Economic Zones including overall review on the whole year s development state of the reform experimental zone and part of new special economic zones which focuses on analyzing the transformation of special economic zones use of resources the sustainable development economic and social development social security and technical innovation from the aspects of present situation of development the comparative analysis and policy suggestions and puts forward development suggestions for each specific issue
