research results transracial and transethnic adoption and the consequences of placing versus parenting for unmarried teenage women who give birth Graduate students social workers adoption professionals members of adoptive families and couples wishing to adopt will find there isn't a rock that Families and Adoption leaves unturned It presents you with vital information on the following topics the developmental stages of reunion between an adoptive child and birth parent notions of adoption parenthood and kinship and how these notions are challenged after a reunion has taken place the institution of adoption as it has existed for decades in American society international adoption respecting the bonds children have and helping them develop critical attachment skills those who accept open adoption and those who embrace it flexible parenting styles and their positive effect on developmentally vulnerable adoptees A skillful blend of personal adoption experiences and research studies Families and Adoption explores the special issues adoption presents and how all parties involved can work together to improve placement decisions ensure that a woman is confident in her decision to relinquish her child and help families select the most appropriate adoption arrangement The book's main strength is that it doesn't just look at the initial considerations of adoption it prepares you for the issues that will arise along the way *Child Welfare Revisited* Joyce Everett, Sandra Stukes Chipungu, Bogart R. Leashore, 2004 Why are there proportionally more African American children in foster care than white children Why are white children often readily adoptable while African American children are difficult to place Are these imbalances an indication of institutional racism or merely a coincidence In this revised and expanded edition of the classic volume Child Welfare twenty one educators call attention to racial disparities in the child welfare system by demonstrating how practices that are successful for white children are often not similarly successful for African American children Moreover contributors insist that policymakers and care providers look at African American family life and child development from a culturally based Africentric perspective Such a perspective the book argues can serve as a catalyst for creativity and innovation in the formulation of policies and practices aimed at improving the welfare of African American children Child Welfare Revisited offers new chapters on the role of institutional racism and economics on child welfare the effects of substance abuse homelessness HIV AIDS and domestic violence and the internal strengths and challenges that are typical of African American families Bringing together timely new developments and information this book will continue to be essential reading for all child welfare policymakers and practitioners *Eastern European Adoption* Josephine A. Ruggiero, 2017-09-08 Between 1990 and 2006 more than 76 000 children born in Eastern Europe were adopted into American families Almost two thirds of these children came from Russia And in contrast to children adopted from Korea China Central America and South America most of the Russian children were not infants but between one and four years old This volume addresses adoption policies and practices as they pertain to adopted children from Eastern Europe children who have histories of pre adoption adversity Drawing on her decade long experience as an adoptive parent of siblings born in Russia and her expertise as an applied sociologist Josephine Ruggiero examines the central issues involved in international

adoptions focusing on older children as well as siblings and suggesting needed changes in policy and practice Regardless of whether children are adopted domestically or internationally age is a significant factor in their ability to adjust to and function well in their new families Only about three in ten Russian adoptees joined their new families as infants Pre adoption experiences are also significant factors in a child s ability to adjust and function well in a new family Countries differ in risk factors that may figure into the likelihood of adoptees adapting to life in a new family Fetal Alcohol Syndrome serious medical conditions emotional problems behavioral problems attachment issues learning disabilities and exposure to family violence must be considered as potential risk factors in adoptions Pre adoption adversity is less likely when children come from birth families that are economically poor but have bonded with them At a time when adoption has finally come out of the closet and the definition of the family is changing dramatically Eastern European Adoption takes a much needed look at current adoption policies and practices and how well they do or do not work Ruggiero draws on the literature on older child and sibling adoption and data from a questionnaire survey she designed and conducted with 121 adoptive parents Ruggiero s examples from real adoptive families give a human face to the issues needs and strategies she discusses
