Spectres of 1919 Barbara Foley, 2010-10-01 A look at the violent Red Summer of 1919 and its intersection with the highly politicized New Negro movement and the Harlem Renaissance With the New Negro movement and the Harlem Renaissance the 1920s was a landmark decade in African American political and cultural history characterized by an upsurge in racial awareness and artistic creativity In *Spectres of 1919* Barbara Foley traces the origins of this revolutionary era to the turbulent year 1919 identifying the events and trends in American society that spurred the black community to action and examining the forms that action took as it evolved Unlike prior studies of the Harlem Renaissance which see 1919 as significant mostly because of the geographic migrations of blacks to the North *Spectres of 1919* looks at that year as the political crucible from which the radicalism of the 1920s emerged Foley draws from a wealth of primary sources taking a bold new approach to the origins of African American radicalism and adding nuance and complexity to the understanding of a fascinating and vibrant era

Bandele, 2010-10-01 This book describes how the first African American mass political organization was able to gain support from throughout the African diaspora to finance the Black Star Line a black merchant marine that would form the basis of an enclave economy after World War I Ramla M Bandele explores the concept of diaspora itself and how it has been applied to the study of migr and other ethnic networks In characterizing the historical and political context of the Black Star Line Bandele analyzes the international political economy during 1919-25 and considers the black politics of the era focusing particularly on Marcus Garvey's Universal Negro Improvement Association for its creation of the Black Star Line She offers an in depth case study of the Black Star Line as an instance of the African diaspora attempting to link communities and carry out a transnational political and economic project Arguing that ethnic networks can be legitimate actors in international politics and economics Bandele also suggests however that activists in any given diaspora do not always function as a unit Civil Rights and the Environment in African-American Literature, 1895-1941 John Claborn, 2017-11-02 This book is available as open access through the Bloomsbury Open Access programme

and is available on www.bloomsburycollections.com The beginning of the 20th century marked a new phase of the battle for civil rights in America But many of the era's most important African American writers were also acutely aware of the importance of environmental justice to the struggle Civil Rights and the Environment in African American Literature is the first book to explore the centrality of environmental problems to writing from the civil rights movement in the early decades of the century Bringing ecocritical perspectives to bear on the work of such important writers as Booker T Washington W E B Du Bois the writers of the Harlem Renaissance and Depression era African American writing the book brings to light a vital new perspective on ecocriticism and modern American literary history
