by

"I love you."

There is a much greater motivation than simply my spoken words. For me to love, is to commit myself, freely and without reservation. I am sincerely interested in your happiness and wellbeing. Whatever your needs are, I will try to fulfill them and will bend in my values depending on the importance of your need. If you are lonely and need me, I will be there. If you need that loneliness you need to talk, I will listen. If you need to listen, I will talk. If you need the strength of human touch, I will touch you. If you need to be held, I will hold you. I will be naked in body with you if that be your need. If you need fulfillment of the flesh, I will give you that also, but only through my love.

I will try to be constant with you so that you will understand the core of my personality and from that understanding you can gain strength and security that I am acting as me. I may waver with my moods. I may project, at times, a strangeness that is alien to you which may bewilder or frighten you. There will be times when you question my motives. But because people are never constant and are as changeable as the seasons, I will try to build up within me a firmness in my fundamental attitude and show you that my inconsistency is only for the day, for each

Barrigar,2017-05-19 *Freedom All The Way Up* proposes four intertwined elements that make up the meaning of life self worth purpose identity and hope Materialism atheism claim the universe has no meaning so there is no larger

purposeful story into which we can place ourselves we are left on our own to construct meaning for our lives Barrigar argues though that the universe possess God s meaning and purpose to provide the space and conditions by which to bring about the existence of agape capable beings in agape loving relationships with God and with others In effect the universe is a great freedom system designed by God with freedom built in all the way up from the Big Bang to the emergence of big brains and free will Barrigar describes the emergence of this system through his novel agape probability account of God s design for the universe which integrates such disciplines as quantum physics statistical mechanics probability theory evolutionary psychology neuroscience and game theory This system sets up the conditions for a fundamental choice between autonomous freedom which focuses principally on self and agapic freedom which focuses principally on God and on others Materialism chooses autonomous freedom but thereby introduces nihilism into each of the elements of meaning In turns out that nihilism is a much greater problem for Materialism than suffering is for Theism In contrast agapic freedom infuses self worth purpose identity and hope with God s agape love dispelling Materialism s inherent nihilism Freedom All The Way Up provides a dramatic new proposal for God and the meaning of life in our scientific and humanist age Christian Healing Charles Fillmore,1920

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
