to news media around the world and ultimately to his family back in Australia Early the next morning however an American guide climbing with two clients and a Sherpa was startled to find Hall sitting cross legged on a sharp crest of the summit ridge In this page turning account of survival against all odds Hall chronicles in fascinating detail the days and nights that led up to his fateful night in Mount Everest s death zone His story is all the more miraculous given his climbing history Hall had been part of Australia s first attempt to reach the top of Everest in 1984 but had not done any major climbing for many years having set aside his passion in order to support his family While others in the team achieved their dream during this 1984 expedition Hall was forced to turn back due to illness Thus his triumph in reaching the summit at the age of fifty is a story unto itself So too is Hall s description of his family s experience back in Australia as sudden grief turned to relief and joy in a matter of hours Rarely has there been such a thrilling narrative of one man s encounter with the world s tallest mountain [Children's Book Review Service](#) Children's Book Review Service,1975 **Kiwatu and the Realm of Giants**
