*Architecture and Meaning on the Athenian Acropolis* Robin Francis Rhodes,1995-06-30 Examines the several buildings making up the Acropolis as a group or narrative *The Temple of Apollo Bassitas: The architecture* Frederick A. Cooper,1992 This substantial volume aims to provide a comprehensive description of each and every physical attribute of the architecture of the original temple **The Temple of Apollo Bassitas** Frederick A. Cooper,1992 *Greek Art and Aesthetics in the Fourth Century B.C.* William A. P. Childs,2018-04-10 Greek Art and Aesthetics in the Fourth Century B C analyzes the broad character of art produced during this period providing in depth analysis of and commentary on many of its most notable examples of sculpture and painting Taking into consideration developments in style and subject matter and elucidating political religious and intellectual context William A P Childs argues that Greek art in this era was a natural outgrowth of the high classical period and focused on developing the rudiments of individual expression that became the hallmark of the classical in the fifth century As Childs shows in many respects the art of this period corresponds with the philosophical inquiry by Plato and his contemporaries into the nature of art and speaks to the contemporaneous sense of insecurity and renewed religious devotion Delving into formal and iconographic developments in sculpture and painting Childs examines how the sensitive expressive quality of these works seamlessly links the classical and Hellenistic periods with no appreciable rupture in the continuous exploration of the human condition Another overarching theme concerns the nature of style as a concept of expression an issue that becomes more important given the increasingly multiple styles and functions of fourth century Greek art Childs also shows how the color and form of works suggested the unseen and revealed the profound character of individuals and the physical world **The Temple of Athena at Assos** Bonna D. Wescoat,2012-03-22 A fully illustrated study of the Doric Temple of Athena at Assos in modern Turkey Bonna Daix Wescoat presents a complete inventory of the architecture and ornament proposes a new reconstruction of the building and situates the Temple within the formative development of monumental architecture in Archaic Greece Word And Image In Ancient Greece Keith Rutter,2020-03-31 No detailed description available for Word And Image In Ancient Greece **The Frame in Classical Art** Verity Platt,Michael Squire,2017-04-20 This book reveals how marginal aspects of Graeco Roman art play a fundamental role in shaping and interrogating ancient and modern visual culture *Autopsy in Athens* Margaret M. Miles,2015-07-24 This is an exciting time to study in Athens The rescue excavations of recent years conducted during construction of the Metro system and in preparation for the 2004 Olympics Games combined with major restoration projects and a new enthusiasm for fresh examination of old material using new techniques and applications brings new perspectives and answers on many aspects of the ancient city of Athens and life politics and religion in Attica The 15 papers presented here contribute new findings that result from intensive firsthand examinations of the archaeological and epigraphical evidence They illustrate how much may be gained by reexamining material from older excavations and from the

methodological shift from documenting information to closer analysis and larger historical reflection They offer a variety of perspectives on a range of issues the ambiance of the ancient city for passersby filled with roadside shrines techniques of architectural construction and sculpting religious expression in Athens including cults of Asklepios and Serapis the precise procedures for Greek sacrifice how the borders of Attica were defined over time and details of its road system In presenting this volume the contributors are continuing in a long tradition of autopsy in the sense of personal observation in Athens that began even in the Hellenistic period and has continued through the writings of centuries of travelers and academics to the present day Greek Architecture Arnold Walter Lawrence, Richard Allan Tomlinson, 1996-01-01 Professor Lawrence

discusses the evolution of the Hellenic age and the remaining legacy of ruins and artefacts emphasising the continuity of their art This edition has been revised and new illustrations have been added *Greek Nymphs* Jennifer Lynn Larson, 2001 This book is a comprehensive study of the nymph in the ancient Greek world It examines nymphs as both religious and mythopoetic figures tracing their development and significance in Greek culture from Homer through the Hellenistic period

*Cosmography and the Idea of Hyperborea in Ancient Greece* Renaud Gagné, 2021-04-22 Follows the extraordinary record of ancient Greek thought on Hyperborea as a case study of cosmography and anthropological philology **Greeks on Greekness** David Konstan, Suzanne Saïd, 2020-08-30 Karl Marx observed that just when people seem engaged in revolutionizing themselves they anxiously conjure up the spirits of the past to their service While the Greek east under Roman rule was not revolutionary perhaps in the sense that Marx had in mind it was engaged in creating something that had not previously existed in part just through the millennia long involvement with its own tradition which was continually being remodelled and readapted It was an age that was intensely self conscious about its relation to history a consciousness that manifested itself not only in Attic purism and a reverence for antique literary models but also in ethnic identities educational and religious institutions and political interactions with and even among the Romans In this volume seven scholars explore some of the forms that this preoccupation with the Greek past assumed under Roman rule Taken together the chapters offer a kaleidoscopic view of how Greeks under the Roman Empire related to their past indicating the multiple ways in which the classical tradition was problematised adapted transformed and at times rejected They thus provide a vivid image of a lived relation to tradition one that was inventive rather than conservative and self conscious rather than passive The Greeks under Rome played with their heritage as they played at being and not being the Greeks they continually studied and remembered

**The Cosmos in Ancient Greek Religious Experience** Efrosyni Boutsikas, 2020-10-29 Reconstructs ancient rituals in their day night season combining them with relevant mythology and astronomical observations to understand the ritual s cosmological links *The Classical Review* , 1999 *Stymphalos* Gerald P. Schaus, 2014-01-01 The buildings and artefacts uncovered by Canadian excavations at Stymphalos 1994 2001 shed light on the history and cult of a small sanctuary on the acropolis of the ancient city The thirteen detailed studies collected in *Stymphalos The Acropolis Sanctuary* illuminate a

variety of aspects of the site Epigraphical evidence confirms that both Athena and Eileithyia goddess of childbirth were worshipped in the sanctuary between the fourth and second centuries BCE The temple and service buildings are modest in size and materials but the temple floor and pillar shrine suggest that certain stones and bedrock outcrops were held as sacred objects Earrings finger rings and other jewelry along with almost 100 loomweights indicate that women were prominent in cult observances Many iron projectile points arrowheads and catapult bolts suggest that the sanctuary was destroyed in a violent attack around the mid second century possibly by the Romans A modest sanctuary in a modest Arcadian city state the acropolis sanctuary at Stymphalos will be a major point of reference for all archaeologists and historians studying ancient Arcadia and all southern Greece in the future *Etruscan Art in the Metropolitan Museum of Art* Richard Daniel De Puma, Metropolitan Museum of Art (New York, N.Y.), 2013 Prayers in Stone Brunilde S. Ridgway, 1999-08-31 Classical Greek architectural sculpture has never before been fully studied as a single topic **Hesperia**, 1996 *Archaeological Reports*, 1958 **The Archaeology of Ancient Greece** James Whitley, 2001-10-04 A synthesis of research on the material culture of Greece in the Archaic and Classical periods
