The Works of that Eminent Servant of Christ John Bunyan, 1850

Genesis 1 as Ancient Cosmology John H. Walton, 2011-06-30 The ancient Near Eastern mode of thought is not at all intuitive to us moderns but our understanding of ancient perspectives can only approach accuracy when we begin to penetrate ancient texts on their own terms rather than imposing our own world view In this task we are aided by the ever growing corpus of literature that is being recovered and analyzed After an introduction that presents some of the history of comparative studies and how it has been applied to the study of ancient texts in general and cosmology in particular Walton focuses in the first half of this book on the ancient Near Eastern texts that inform our understanding about ancient ways of thinking about cosmology Of primary interest are the texts that can help us discern the parameters of ancient perspectives on cosmic ontology that is how the writers perceived origins Texts from across the ancient Near East are presented including primarily Egyptian Sumerian and Akkadian texts but occasionally also Ugaritic and Hittite as appropriate Walton's intention first of all is to understand the texts but also to demonstrate that a functional ontology pervaded the cognitive environment of the ancient Near East This functional ontology involves more than just the idea that ordering the cosmos was the focus of the cosmological texts He posits that in the ancient world bringing about order and functionality was the very essence of creative activity He also pays close attention to the ancient ideology of temples to show the close connection between temples and the functioning cosmos The second half of the book is devoted to a fresh analysis of Genesis 1 1 2 4 Walton offers studies of significant Hebrew terms and seeks to show that the Israelite texts evidence a functional ontology and a cosmology that is constructed with temple ideology in mind as in the rest of the ancient Near East He contends that Genesis 1 never was an account of material origins but that as in the rest of the ancient world the focus of creation texts was to order the cosmos by initiating functions for the components of the cosmos He further contends that the cosmology of Genesis 1 is founded on the premise that the cosmos should be understood in temple terms All of this is intended to demonstrate that when we read Genesis 1 as the ancient document it is rather than trying to read it in light of our own world view the text comes to life in ways that help recover the energy it had in its original context At the same time it provides a new perspective on Genesis 1 in relation to what have long been controversial issues Far from being a borrowed text Genesis 1 offers a unique theology even while it speaks from the platform of its contemporaneous cognitive environment

1 & 2 Chronicles August H. Konkel, 2016-02-23 Purity worship obedience and hope 1 2 Chronicles called the early Hebrew people to faithful practice of these things and they issue the same call to readers today As August H Konkel writes in the 30th commentary in the

Believers Church Bible Commentary series the Chronicler provided a unifying vision of the community's rich traditions in an era of despondency and apathy. Exile had robbed the people of Israel of their wealth and their return to the land of Judah had created resentment with the surrounding peoples. Struggling to maintain their faith amid intense social pressures, the Hebrew people needed to look to their past for lessons for the present. As two of the most overlooked books in the Christian canon, 1 & 2 Chronicles are exemplary resources for those who seek to be the people of God today. 1 & 2 Chronicles is the thirtieth volume in The Believers Church Bible Commentary Series. Accessible to lay readers, useful in preaching and pastoral care, helpful for Bible study groups and Sunday school teachers, and academically sound, the commentary foregrounds an Anabaptist reading of Scripture. Relying on a unique format that includes sections on The Text in Biblical Context and The Text in the Life of the Church, the commentary series is a cooperative project of Brethren in Christ Church, Brethren Church, Church of the Brethren, Mennonite Brethren Church, Mennonite Church Canada, and Mennonite Church USA. Published for all who seek more fully to understand the original message of Scripture and its meaning for today, the series is based on the conviction that God is still speaking to all who will listen and that the Holy Spirit makes the Word a living and authoritative guide for all who want to know and do God's will.

On the Path to the Place of Rest Christina Di Cerbo, Richard Jasnow, 2021-03-04. In this volume, Christina Di Cerbo and Richard Jasnow publish 92 Demotic graffiti along with several ostraca and mummy bandages from Theban Tombs 11, 12, Tomb 399, and environs, recorded and studied under the aegis of the Spanish Mission at Dra Abu el Naga, directed by Jose Galan. These texts from the mid-second century BCE were inscribed on the tomb walls by workers of the Ibis and Falcon cult, who used the New Kingdom tombs as burial places for mummified birds dedicated to the gods Thoth and Horus. This varied corpus of texts includes not only votive formulae and lists of names but most unusually, labels for chambers and halls to guide the men depositing the mummies through the labyrinthine catacombs. The cult workers also recorded important burials and memorialized events of special significance, as when a massive conflagration broke out that consumed several mummies and damaged the tomb walls. The Mission's conservators recovered many hitherto virtually invisible graffiti. Numerous inscriptions posed daunting epigraphic challenges; the text editors employed computer applications, especially DStretch, in order to enhance the digital images forming the basis for decipherment. In an introductory chapter, Galan discusses the work of the Spanish Mission at Dra Abu Naga and recounts the complicated history of this important area of the Theban Necropolis down to the Roman period. The graffiti illustrate how New Kingdom tombs were reused for the sacred animal cult in the Ptolemaic period. Francisco Bosch Puche and Salima Ikram contribute a detailed chapter analyzing the archaeological context of the graffiti and the material evidence for the animal cult in the site. The volume, a holistic study of this area at the twilight of Pharaonic history, represents a true collaboration between archaeologists and philologists.

Misunderstood Stories Robert Karl Gnuse, 2014-03-20. Narratives in Genesis 1-11 have been misunderstood in many ways, but they especially have been used to oppress women and African Americans, and to

present a God of wrath and judgment This commentary seeks to explain the real message behind those narratives which is one that speaks of human dignity and equality that affirms monotheism that criticizes kings and tyrants that declares our oneness with the animal realm and nature and that proclaims a powerful message of divine grace with a deity personally involved in the human world Humor may also be found in some of these stories These biblical passages can be best explicated by close reading as well as by knowledge of comparable stories from the ancient Near East and from the classical world and finally by knowledge of the concomitant social and political values connected with those other myths and narratives

The Works of that Eminent Servant of Christ, John Bunyan John Bunyan, 1832

The Works of that Eminent Servant of Christ, Mr. John Bunyan: Grace abounding to the chief of sinners. A confession of my faith, and a reason of my practice. Differences in judgment about water-baptism, no bar to communion. Peaceable principles and true. The doctrine of the law and grace unfolded. The pilgrim's progress. The Jerusalem sinner saved. The heavenly footman. Solomon's temple spiritualized. The acceptable sacrifice. Sighs from hell. Come and welcome to Jesus Christ. A discourse upon the Pharisee and the publican. Of justification by an imputed righteousness. Paul's departure and crown. Of the Trinity and a Christian. Of the law and a Christian. Israel's hope encouraged. The life and death of Mr. Badman. The barren fig-tree. An exhortation to peace and unity. One thing is needful John Bunyan, 1767

Reading Genesis 1-2 J Daryl Charles, 2013-10-03 Today's evangelical community faces a multitude of questions about the creation of the cosmos and the beginning of human history and quite naturally we look to the Bible for answers about the origins and meaning of human history But what are we to do with the stories in the first two chapters of Genesis Reading Genesis 1-2 An Evangelical Conversation brings together the voices of five prominent evangelical scholars who take on difficult interpretive questions that arise from reading the Bible's first two chapters Richard Averbeck Todd Beall John Collins Tremper Longman and John Walton offer their perspectives in a point counterpoint style Drawing on a wealth of theological linguistic and historical expertise this collection is characterized by a close attention to the biblical text and a mutual respect that often sorely lacks in the discussion of origins in the modern evangelical world Contributors Richard Averbeck Todd Beall C John Collins Jud Davis Victor P Hamilton Tremper Longman III Kenneth J Turner John Walton
