*Emergency Propaganda* Kumar Ramakrishna, 2013-04-15 Sheds new light on the hitherto neglected years of the Emergency 1955-58 demonstrating how it was British propaganda which decisively ended the shooting war in December 1958. The study argues for a concept of propaganda that embraces not merely words in the form of film, radio and leaflets but also deeds. Templer and the Road to Malayan Independence Leon Comber, 2016-05-13 Dr Comber's account of General Templer's administration in Malaya as High Commissioner and Director of Operations 1952-54 during the Malayan Emergency departs from the usually accepted orthodox assessment of his time in Malaya by focusing on the political and socioeconomic aspects of his governance rather than the military. In doing so, Dr Comber has relied mainly on primary and other first-hand sources including the confidential reports sent from Malaya by the Australian Commission to the Australian government in Canberra and the private papers of some of the leading Malayan politicians of the time with whom Templer had dealings which have been deposited in the ISEAS Library, Singapore, many of which have not been used before. The evidence and facts that Dr Comber marshals in this study reflect well the reservations that were often felt about General Templer's authoritarian form of government. While he was a good general and had an impressive military record, his administration in Malaya was marred by a lack of understanding of the background to Malaya's history and the subtleties that are inherent in its culture and way of life which would have enabled him to come to terms more easily with the aspirations of the Malayan people for self-government and independence. Sunset of the Empire in Malaya T.K. Taylor, 2006-02-24 In this rich and rewarding memoir, T.K. Taylor describes his experiences in schools from Kuala Lumpur to Johore Bahru. Full of vivid anecdote and sharply observed historical detail, his writing takes us from his first days spent adapting the Western curriculum to local schools' needs to his time as Chief Education Officer for Selangor state, showing the role of education in the transition to independence. Taylor's career began in 1946 when he was appointed as Senior Master in English at King Edward VII High School in Taiping, a city of over 50,000 in the North near the Thai border. He rose through the ranks, becoming Head Master at English High Schools in Klang, the port for Kuala Lumpur and Johore, before he took over as Chief Education Officer for Selangor. Taylor outlines the development of education and the adaptation of English-medium teaching to students from different ethnic backgrounds and describes the role of non-English schools, particularly Malay, Chinese and Indian. His account is rich with descriptions and insight into the politics, social conditions and cultural life of Malaya at the time, gained from his experiences living in different towns, working with people from a wide range of backgrounds and inspecting schools in remote areas. As a New Zealander, Taylor also brings a rare Commonwealth perspective to his time in the Colonial Service. *Sunset of Empire in Malaya* brings new insight into the workings of the Colonial Service in a period of enormous change as its officers helped to rebuild the country in the aftermath of World War II and Japanese occupation, Communist struggles and the dawn of independence. **The Malayan Emergency** Karl

Hack,2021-12-16 The first in depth and multi perspective study of anti colonial resistance and counterinsurgency in the Malayan Emergency and its impact on Malaysia      *Policing and decolonisation* David Anderson,David Killingray,2021-06-15 As imperial political authority was increasingly challenged sometimes with violence locally recruited police forces became the front line guardians of alien law and order This book presents a study that looks at the problems facing the imperial police forces during the acute political dislocations following decolonization in the British Empire It examines the role and functions of the colonial police forces during the process of British decolonisation and the transfer of powers in eight colonial territories The book emphasises that the British adopted a colonial solution to their problems in policing insurgency in Ireland The book illustrates how the recruitment of Turkish Cypriot policemen to maintain public order against Greek Cypriot insurgents worsened the political situation confronting the British and ultimately compromised the constitutional settlement for the transfer powers In Cyprus and Malaya the origins and ethnic backgrounds of serving policemen determined the effectiveness which enabled them to carry out their duties In 1914 the Royal Irish Constabulary RIC of Ireland was the instrument of a government committed to Home Rule or national autonomy for Ireland As an agency of state coercion and intelligence gathering the police were vital to Britain s attempts to hold on to power in India especially against the Indian National Congress during the agitational movements of the 1920s and 1930s In April 1926 the Palestine police force was formally established The shape of a rapidly rising rate of urban crime laid the major challenge confronting the Kenya Police

*Army, Empire, and Cold War* David French,2012-01-26 The veterans of the Fourteenth Army who fought in Burma between 1942 and 1945 called themselves the forgotten army But that appellation could equally well be applied to the whole of the British army after 1945 Histories of Britain s post war defence policy have usually focused on how and why Britain acquired a nuclear deterrent David French takes a new look at these policies by placing the army centre stage Drawing on archival sources that have hardly been used by historians he shows how British governments tried to create an army that would enable them to maintain their position as a major world power at a time when their economy struggled to foot the bill The result was a growing mismatch between the military resources that the government thought it could afford on the one hand and a long list of overseas commitments in Europe Africa the Middle East and the Far East that it was reluctant to surrender The result was that the British created a Potemkin army a force that had an outwardly impressive facade but that in reality had only very limited war fighting capabilities *Army Empire and Cold War* will interest not only historians of the British army but also those who are trying to understand Britain s role in the Cold War and how and why the British came to surrender formal rule over their empire      **A Bibliography of British History, 1914-1989** Keith Robbins,American Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index      *The to Z of*

*Malaysia* Ooi Keat Gin, 2010-06-07 The A to Z of Malaysia encapsulates the development of Malaysia from prehistory to the early years of the 21st century. It covers not only Malaysia's history but also its politics, economy, multiethnic society, multiculturalism, scientific and technological developments, and the state of its environment. A host of contemporary issues and challenges are featured, including ethnic polarization, economic equity, and polygamy. Concepts like Ketuanan Melayu, Malay Dominance, Malaysian Malaysia, Malay and Islam, Hadhari, Civilizational Islam, and terms like Ali Baba, business kiasi, bejalai, and Twenty Points. Over 500 cross-referenced dictionary entries are contained in this reference, covering everything from ethno-historical entries to those on culinary favorites and personalities. A chronology, an introductory essay, appendixes, and a bibliography complement the dictionary entries, enhancing the authoritative and up-to-date information provided.

Counterinsurgency in Modern Warfare Daniel Marston, Carter Malkasian, 2011-03-15 A fascinating discussion of the development of counterinsurgency by experts in the field. Throughout history, armies of occupation and civil power have been faced with the challenges of insurgency. British and American involvement in Iraq and Afghanistan has highlighted this form of conflict in the modern world. Armies have had to adopt new doctrines and tactics to deal with the problems of insurgency, and diverse counterinsurgency strategies have been developed. Here, fourteen authors examine the development of counterinsurgency from the early 20th century to the present. Including information on the Arab-Israeli conflict, Afghanistan, and Iraq, this book is a timely and accessible survey of a critical facet of modern warfare. This new paperback edition features a revised introduction, updated chapters on Iraq and Afghanistan, and a completely new chapter on Columbia by expert Thomas Marks.

**The Malayan Emergency in Film, Literature and Art** Jonathan Driskell, Marek W. Rutkowski, Andrew Hock Soon Ng, 2025-01-09 Examining film, literature, and art produced during and after the Malayan Emergency, the guerrilla war fought between the Malayan National Liberation Army and the military forces of the British Commonwealth, this collection demonstrates how art functions as a record of cultural memory that both reinforces and challenges official histories. Beyond that, it also brings new understandings of the Malayan Emergency itself and Malaysia's subsequent development as a postcolonial nation. The first section of the book focuses on films and writings produced during the period of the Emergency to capture the socio-political circumstances of the time and understand its effect on the people. The second section goes on to explore representations of the Emergency generated after the event, highlighting how it was reimagined or reevaluated by later artists and what ideological ends they served. Offering a comparative methodological approach, it investigates works that account for a range of perspectives, including British, Communist, and Malayan/Malaysian. Bringing together the personal and political within individual and collective histories, this collection offers a new understanding of how the Emergency contributed to the formation of postcolonial Malaysia and demonstrates the central role that film, literature, and art play in the creation of cultural memory.

**Malaya's Secret Police 1945-60** Leon Comber, 2008 The Malayan Emergency lasted from 1948 to 1960. During these tumultuous years, following so soon after the Japanese surrender at the

end of the Second World War the whole country was once more turned upside down and the lives of the people changed The war against the Communist Party of Malaya s determined efforts to overthrow the Malayan government involved the whole population in one form or another Dr Comber analyses the pivotal role of the Malayan Police s Special Branch the government s supreme intelligence agency in defeating the communist uprising and safeguarding the security of the country He shows for the first time how the Special Branch was organised and how it worked in providing the security forces with political and operational intelligence His book represents a major contribution to our understanding of the Emergency and will be of great interest to all students of Malay si a s recent history as well as counter guerrilla operations It can profitably be mined too to see what lessons can be learned for counterinsurgency operations in other parts of the world *Defending the realm?* Aaron Edwards,2018-02-28 Britain is often revered for its extensive experience of waging small wars Its long imperial history is littered with high profile counter insurgency campaigns thus marking it out as the world s most seasoned practitioner of this type of warfare This is the first book to detail the tactical and operational dynamics of Britain s small wars arguing that the military s use of force was more heavily constrained by wider strategic and political considerations than previously admitted Outlining the civil military strategy followed by the British in Palestine Malaya Kenya Cyprus Aden Northern Ireland Iraq and Afghanistan *Defending the realm* argues that Britain s small wars since 1945 were fought against the backdrop of an irrevocable decline in British power Written from a theoretically informed perspective grounded in rich archival sources oral testimonies and a revisionist reading of the literature on counter insurgency and counter terrorism this is the definitive account of the politics of Britain s small wars **Small Wars, Faraway Places** Michael Burleigh,2014-11-25 A sweeping history of the Cold War s many hot wars born in the last gasps of empire The Cold War reigns in popular imagination as a period of tension between the two post World War II superpowers the United States and the Soviet Union without direct conflict Drawing from new archival research prize winning historian Michael Burleigh gives new meaning to the seminal decades of 1945 to 1965 by examining the many largely forgotten hot wars fought around the world As once great Western colonial empires collapsed counter insurgencies campaigns raged in the Philippines the Congo Iran and other faraway places Dozens of new nations struggled into existence the legacies of which are still felt today Placing these vicious struggles alongside the period defining United States and Soviet standoffs in Korea Vietnam and Cuba Burleigh swerves from Algeria to Kenya to Vietnam and Kashmir interspersing top level diplomatic negotiations with portraits of the charismatic local leaders The result is a dazzling work of history a searing analysis of the legacy of imperialism and a reminder of just how the United States became the world s great enforcer *The Future of Counterinsurgency* Lawrence E. Cline,Paul Shemella,2015-08-11 This thought provoking work analyzes the major debates surrounding counterinsurgency campaigns and uncovers the internal security problems derailing effective strategies for restoring stability As countries across the globe continue to adjust their security operations to counter an increasingly volatile political landscape the issue

of how to identify and derail a host of violent groups remains of considerable interest This comprehensive volume offers an examination of the effectiveness of contemporary counterinsurgency efforts revealing which approaches offer the greatest chances of success internally regionally and internationally Featuring perspectives from experts and analysts in the field of irregular warfare and international security this is an unparalleled exploration of all types of insurgency from warlordism to piracy to guerilla movements The book looks beyond the popular focus on Iraq and Afghanistan delving into the internal security operations of regions not normally studied Chapters cover goal setting and measurements for restoring security information operations and strategic communications between insurgent groups and governments and the different approaches of governments in combating political unrest Case studies include movements in Sierra Leone Sri Lanka Egypt and South Africa

**Ruling Minds** Erik Linstrum, 2016-01-04 The British Empire used intelligence tests laboratory studies and psychoanalysis to measure and manage the minds of subjects in distant cultures Challenging assumptions about the role of scientific knowledge in the exercise of power Erik Linstrum shows that psychology did more to reveal the limits of imperial authority than to strengthen it

Perilous Memories Takashi Fujitani, Geoffrey M. White, Lisa Yoneyama, 2001-06-21 A rethinking of the differing national memories of the Second World War in the Pacific in light of recent theories of nationalism imperialism and colonialism

**The Strategic Use of Force in Counterinsurgency** Miles Kitts, 2020-01-13 The Strategic Use of Force in Counterinsurgency Find Fix Fight focuses on how to understand the relationship between the use of force and the outcomes of such use Specifically there is debate as to how to evaluate counterinsurgency conflicts and what prescriptions flow from that evaluation The Neo Classicist school emphasises prescriptions which are either directly from or inspired by Cold War counterinsurgency efforts undertaken by anti communist states The Revisionist school focuses on how best to evaluate the political dimensions of such conflicts This book finds that a third approach Reflective Action is best as it combines Neo Classicism s strength of issuing practical prescriptions with Revisionism s strength for conceptually evaluating counterinsurgency conflicts This conceptual debate is explicated in three cases They are the British counterinsurgency during the Malayan Emergency of the 1940s and 1950s American counterinsurgency in South Vietnam during the 1960s and 1970s and the Coalition counterinsurgency in Iraq during the 2000s

*A Question of Command* Mark Moyar, 2009-10-20 Moyar presents a wide ranging history of counterinsurgency which draws on the historical record and interviews with hundreds of counterinsurgency veterans He identifies the ten critical attributes of counterinsurgency leadership and reveals why these attributes have been more prevalent in some organizations than others

The Politically Incorrect Guide to the British Empire H. W. Crocker, III, 2011-10-24 Presents an irreverent and humorous look at the four hundred year history of the British empire

**Black resistance to British policing** Adam Elliott-Cooper, 2021-05-01 As police racism unsettles Britain s tolerant self image Black resistance to British policing details the activism that made movements like Black Lives Matter possible Elliott Cooper analyses racism beyond prejudice and the interpersonal arguing that black resistance confronts a

global system of racial classification exploitation and violence Imperial cultures and policies as well as colonial war and policing highlight connections between these histories and contemporary racisms But this is a book about resistance considering black liberation movements in the 20th century while utilising a decade of activist research covering spontaneous rebellion campaigns and protest in the 21st century Drawing connections between histories of resistance and different kinds of black struggle against policing is vital it is argued if we are to challenge the cutting edge of police and prison power which harnesses new and dangerous forms of surveillance violence and criminalisation
