Temples Of Tomorrow The:

False Dawn Lee Penn, 2004 The interfaith movement which began with the 1893 World's Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today's interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI's proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People's Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In *The Reign of Quantity and the Signs of the Times* French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non's time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left *False Dawn* painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In *False Dawn* Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion.org

The Temple of Our Soul Anonymous, 2024-05-16 The Temple of our Soul is one of the most attractive spiritual texts of the late Middle

Ages and early modern period Written by an anonymous woman who was also the author of influential *The Evangelical Pearl* this masterpiece offers insights into the mystical aspects of Christianity that were widespread in Rhineland and the Low Countries For political socio economic and geographical reasons spiritual writings from the Low Countries were highly influential in France England and Spain Language barriers however have made the original texts inaccessible to many scholars and students This bilingual edition offers the first English translation *The Temple of our Soul* together with the original Dutch text This edition includes an introduction that provides insights into the text s key themes and the social context in which it was written In addition to students of medieval mysticism it will also be of interest to scholars of late medieval and early modern vernacular literature and feminist theology

Undress Me in the Temple of Heaven Susan Jane Gilman,2009-03-24 They were young brilliant and bold They set out to conquer the world But the world had other plans for them Bestselling author Susan Jane Gilman s new memoir is a hilarious and harrowing journey a modern heart of darkness filled with Communist operatives backpackers and pancakes In 1986 fresh out of college Gilman and her friend Claire yearned to do something daring and original that did not involve getting a job Inspired by a place mat at the International House of Pancakes they decided to embark on an ambitious trip around the globe starting in the People s Republic of China At that point China had been open to independent travelers for roughly ten minutes Armed only with the collected works of Nietzsche an astrological love guide and an arsenal of bravado the two friends plunged into the dusty streets of Shanghai Unsurprisingly they quickly found themselves in over their heads As they ventured off the map deep into Chinese territory they were stripped of everything familiar and forced to confront their limitations amid culture shock and government surveillance What began as a journey full of humor eroticism and enlightenment grew increasingly sinister becoming a real life international thriller that transformed them forever *Undress Me in the Temple of Heaven* is a flat out page turner an astonishing true story of hubris and redemption told with Gilman s trademark compassion lyricism and wit
