Author throughout his career We had to take these perspectives because we must identify the source leadership and strategies in the wars and conflicts between the Religious and Secular worlds Unless we know the leaders in the conflicts and their missions we cannot achieve any progress in resolving these wars and crises and enhance the level of world peace 5 My Background A few words of introduction on my background may enable the Reader understand my perspectives in these Books I started the project of writing the Books because I am convinced that I can contribute to the PCNE by bringing my African background in Nigeria education at the London School of Economics and exposure to global secular governance through my position as a former Economic Adviser with The U K Government and a Senior Economist at The World Bank 6 Is anything wro *American Book Publishing Record Cumulative, 1950-1977* R.R.
