**The Arapaho** Alfred Louis Kroeber, 1902      **The Ditches of Nevada City** Dom Lindars, 2023-04-07 This book tells the history of Nevada City California through the eyes of the men that built it For its first 100 years everything in Nevada City revolved around gold But this is not another book about finding gold To get gold you needed water to pan for it to wash it in a sluice to blast away a hillside with an immense water cannon or to turn the water wheel of a quartz ore stamp mill This book instead asks How did they get the water It reveals the engineering marvels that brought water to Nevada City s dry hills from tens of miles away But what if all the water in every ravine creek and valley around Nevada City was controlled by just three men Well for three decades every miner farmer or business could only buy water from the powerful South Yuba Canal Company What would happen if you got into an argument with them Or couldn t afford to pay their water bill Or even dared to compete with them The book traces the ingenuity and hard work of the town s miners and ditch builders highlighting in detail the history and origins of various local neighborhoods including Nevada City itself Hirschman s Pond Sugar Loaf Mountain Deer Creek Scotts Flat Manzanita Diggings Gold Flat and various mining camps along Washington Ridge This vivid portrayal follows the area s evolution from the chaos of thousands of miners scratching out a living in clusters of muddy tents to a genteel town with hotels stores banks theaters and libraries What began as a search to uncover a sprawling network of old ditches turned into a collection of never before told stories of the gold miners the ruthless and greedy ditch company and the rivals that it crushed The domineering ditch company later enabled the next generation of monopoly to provide electrical power The story of PG E also started in Nevada City This in turn led to the now more forward looking stewardship of the Nevada Irrigation District The unique format of this book blends beautiful archival images with more than 35 in depth biographies of key figures in Nevada City This 884 page hardcover book includes over 600 photos and illustrations including 200 historic photographs and 75 hand crafted maps based on modern lidar technology that reveal the locations of the old mining ditches flumes mines and tunnels      **Blue** Malkit Shoshan, 2022-09-19 The book is part of FAST s ongoing activism research design and advocacy work It builds on earlier presentations including the exhibition BLUE Architecture of UN Peacekeeping Missions for the Dutch Pavilion of the 15th Venice Architecture Biennale At the intersection of architecture urban planning international relations and activism BLUE Architecture of UN Peacekeeping Missions seeks not only to change UN missions but also to open up and expand the operative realm of architecture It combines research and projects involving policymakers military engineers and officers anthropologists local inhabitants activists rebels diplomats and ministers architects and planners BLUE offers examples of how entrenched institutional bureaucracies can be confronted by using more inclusive models of engagement and it shows how designs rooted in local cultures and empowerment can address a history of violence      **MacRae's Blue Book and Hendricks' Commercial Register** ,1927      **The Bee Hive** ,1928

Seventeen year old Blue Faust is no stranger to starting over Her family tends to uproot her quite often This time Blue vows to make the move count vying to make friends and change her life as she knows it But when an earthquake hits Blue s life is shaken up more than she could ever imagine Accidentally traveling through time and space ordinary Blue and her new friends find themselves in an extraordinary world full of adventure surprises and danger they never realized existed Suddenly Blue doesn t know who she can trust After all earthlings are being killed by an enemy with an unknown agenda And little by little as emotions heighten she realizes some of her friends are not who she thought they were As her heart gets pulled in different directions can Blue battle her way home or is she fated to stay in this new world whether she wants to or not
