Juguetes tradicionales gallegos. 100 propuestas de elaboración Rubén Annicchiarico Ramos, 2008 En este libro Rubén Annicchiarico se ha puesto a bucear en el mundo del juguete y ha encontrado como no una marea de objetos propios personales hechos por él o sus alumnos y alumnas que forman parte de su cultura y de la de otros y que aquí nos describe con paciencia y minuciosidad franciscana Desde la experimentación y construcción de la totalidad de juguetes que nos muestra nos abre el camino para una seria reflexión sobre el uso y las implicaciones de estos objetos tan queridos Pese a ello para mí de todos los textos que Rubén ha escrito este es el más arriesgado para prologar o al menos el que exige más afinación La razón de estos dulces celos pasa por la propia defensa y sentido del juego y del juguete y al margen de la configuración específica de las piezas que aquí se exponen por la filosofía general que sustenta la existencia de estos pequeños objetos Reflexionemos en voz alta Existe el juguete como algo propio y definido y lido e igual para todos Los romanos tenían claro el concepto de juguete como elemento mediador no central del acto de jugar y de hecho no existía una palabra específica que significara lo que hoy llamamos juguete El término que usaban compartía otros significados sta ser a una de las razones de mis reticencias pero no razón suficiente Sin embargo sí que me surge una fuerte prevención cuando vemos cómo especialmente en los últimos años el juguete se ha pervertido de tal forma que las grandes fábricas han intentado convertirlo en el elemento central del juego Es más intentan cada vez con más fuerza que el juguete sea el juego y que este responda a unos modelos culturales muy determinados En las últimas décadas el juguete ha sido asumido por el sistema como un producto más de consumo condicionando su valor educativo y olvido a la obtención de unos buenos resultados económicos Los juguetes construidos son elementos compartidos por el que juega y el que observa que da el contrapunto al juego y que también imagina formas y funciones En consecuencia el juguete más allá de la mera propiedad no es del que lo tiene es de todos los que participan de su observación y manejo Así yo agradezco la invitación de Rubén a compartir con todos estos maravillosos objetos con los que algún día disfrutamos como participantes y constructores y hoy más bien lo hacemos como felices observadores Gracias Rubén por promover la construcción de objetos que abren mundos diferentes en cada momento y por recordarnos que la magia del juguete sigue ahí siempre ha estado ahí dormida y que somos nosotros los que hemos de despertarla
