Terence Donovan: One Hundred Faces Alex Anthony, David Hilman, Diana Donovan, Philippe Garner, 2023-05-16

Following on from Terence Donovan 100 Fashion Photos this new compact edition of collected photographs features over 100 of Terence Donovan's best portraits. Terence Donovan 1936-1996 was one of the foremost photographers of his generation with a career spanning almost 40 years. He came to prominence in London as part of a post-war renaissance in art, design and music, representing a new force in fashion and later advertising and portrait photography. He operated at the heart of London's Swinging Sixties both as participant in and observer of the world he so brilliantly and incisively captured with his camera. Gifted with an unerring eye for the iconic as well as the transformative, Donovan was a master of his craft and was an acclaimed portrait photographer. Featuring some of his most striking and memorable portraits from a vast array of people including iconic images of Sofia Loren, Naomi Campbell and Jimi Hendrix as well as Jazzy B, Jarvis Cocker and Charlotte Rampling, this small edition is an affordable yet luxurious introduction to Donovan's work, perfect for lovers of photography.

Terence Donovan Terence Donovan, Diana Donovan, David Hillman, 2000. In the early sixties a triumvirate of young working-class photographers burst onto the scene and turned the fashion world on its head. David Bailey, Brian Duffy and Terence Donovan ushered in the era of the photographer as cultural hero and as the son of an East End truck driver, Donovan in particular personified what the popular imagination believed to be the essence of the swinging sixties in London. Although often pigeon-holed as a fashion photographer, his magazine work actually formed just a fraction of his prolific output. When he died in 1996 after a career spanning forty years, he left an archive of nearly a million exposures which included his portraits, advertising commissions and documentary work. This new stunning retrospective of his best-known images and some previously unpublished has been compiled with the support of Terence's wife and promises to be an important contribution to photographic and social history publishing. *Photographs by Terence Donovan*, 2014. **Terence Donovan: Portraits**

Philippe Garner, 2016. This is the first book dedicated to the portraiture of legendary photographer Terence Donovan 1936-1996. Donovan's interest in portraiture spanned the entirety of his four-decade career when he worked for major British and international magazines including Vogue, Marie Claire, Harper's Bazaar and Elle. Donovan undertook numerous private portrait commissions, photographing public figures from the worlds of arts, politics and business in addition to members of the British Royal family. Some of his many sitters include Yasser Arafat, Naomi Campbell, Sean Connery, Diana, Princess of Wales, Laurence Olivier and Charlotte Rampling among many others. Along with his iconic portraits, this book will feature unseen work from Donovan's archive, never previously published or exhibited. The book will also include magazine spreads, contact sheets and pages from diaries and daybooks, rare ephemera that provide a unique insight into Donovan's working practice.
