REMEX Amy Sara Carroll, 2017-12-15 REMEX presents the first comprehensive examination of artistic responses and contributions to an era defined by the North American Free Trade Agreement 1994 2008 Marshaling over a decade's worth of archival research interviews and participant observation in Mexico City and the Mexico US borderlands Amy Sara Carroll considers individual and collective art practices recasting NAFTA as the most fantastical inter American allegory of the turn of the millennium Carroll organizes her interpretations of performance installation documentary film built environment and body conceptual and Internet art around three key coordinates City Woman and Border She links the rise of 1990s Mexico

City art in the global market to the period's consolidation of Mexico-US border art as a genre. She then interrupts this transnational art history with a sustained analysis of chilanga and Chicana artists remapping of the figure of Mexico as Woman. A tour de force that depicts a feedback loop of art and public policy, what Carroll terms the allegorical performative REMEX adds context to the long-term effects of the post-1968 intersection of D/F performance and conceptualism, centralizes women artists embodied critiques of national and global master narratives, and tracks post-1984 border art's undocumented racialized and sexualized reconfigurations of North American labor pools. The book's featured artwork becomes the lens through which Carroll rereads a range of events and phenomenon from California's Proposition 187 to Zapatismo, US immigration policy, 9/11, 1973, 2001 femicide in Ciudad Juárez, and Mexico's war on drugs.

In and Out of View Catha Paquette, Karen Kleinfelder, Christopher Miles, 2021-09-09. In and Out of View models an expansion in how censorship is discursively framed. Contributors from diverse backgrounds including artists, art historians, museum specialists, and students address controversial instances of art production and reception from the mid-20th century to the present in the Americas, Africa, Asia, Europe, and the Middle East. Their essays, interviews, and statements invite consideration of the shifting contexts, values, and needs through which artwork moves in and out of view. At issue are governmental restrictions and discursive effects including erasure and distortion resulting from institutional policies, canonical processes, and interpretive methods. Crucial considerations concerning death, violence, authoritarianism, neo-colonialism, global capitalism, labor, immigration, race, religion, sexuality, activism, social justice, disability, campus speech, and cultural destruction are highlighted. The anthology, a thought-provoking resource for students and scholars in art history, museum, and cultural studies, and creative practices, represents a timely and significant contribution to the literature on censorship.

Women, Art, and Society (Sixth) (World of Art) Whitney Chadwick, 2020-09-08. A new edition of the groundbreaking book by Whitney Chadwick maps the complete history of women artists from the Middle Ages and the Renaissance to today. Art historian Whitney Chadwick's acclaimed bestselling study challenges the assumption that great women artists are exceptions to the rule who transcended their gender to produce major works of art. While introducing some of the many women since the Middle Ages whose contributions to visual culture have often been neglected, Chadwick's survey reexamines the works themselves and the ways in which they have been perceived as marginal, often in direct reference to gender. In her discussion of feminism and its influence on such a reappraisal, she also addresses the closely related issues of ethnicity, class, and sexuality. This revised edition features a completely redesigned interior and full-color illustrations. With a new preface and epilogue from this emerging authority on the history of women artists, curator and professor Flavia Frigeri, this revised edition continues the project of charting the evolution of feminist art history and pedagogy, revealing how artists have responded to new strategies of feminism for the current moment.
